The fastest way to Corvette parts and accessories!

Who we are...

Corvette Central has been a leading manufacturer and distributor of Corvette parts and accessories since 1975. In 2001, we moved into our current facility which included the implementation of an automated order picking system. This allows us to better control inventory and to pull orders efficiently. In 2004, we added on a new manufacturing facility where we produce 4,000 of the over 60,000 parts we sell.

Corvette Central is proud to offer the most comprehensive and detailed parts catalogs on the market today and produces a different catalog for each Corvette generation. All catalogs are also online with full search and order features. From Blue Flame 6 to Z06, only Corvette Central has it all.

WAYS TO ORDER

ORDERING IS EASY

Online

Secure order form with current pricing at www.corvettecentral.com

By Credit Card or PayPal

MasterCard VISA DISCOVER NOVUS PayPal

Mastercard, Visa or Discover cards are the most efficient way to pay for your order.

By Phone

800-345-4122
269-426-3342
FOREIGN 269-426-8833

By Fax

Order seven days a week, 24 hours a day.

By Mail

Simply complete the order form found at the back of this catalog. Refer to shipping charges on the back of the order form.

DEALER WHOLESALE PROGRAMS

We offer a wholesale program that is second to none. Based on the simple theory . . . the more you buy, the larger the discount.

To qualify for our wholesale program, you must be an auto related business with a current sales tax license from the state in which you do business. Call or fax for an application. As you review our catalogs you will see why professional restorers worldwide choose Corvette Central as their supplier of Corvette parts.

Private individuals doing complete restorations should ask about our "Start To Finish" plan.

RETAIL CUSTOMER DISCOUNTS

If your order is over $750.00* — Save 5%

Based on current list prices, if your order meets the above listed requirement, you will automatically receive discount pricing on that order.

* = Except (ND) Items

Price Match

Corvette Central will match any Corvette competitor's current advertised price on an identical product. Simply send us a copy of the competitor's catalog or ad showing the current advertised price. Product must be from same source or vendor. Note: This does not include sale prices or web specials. Cannot be combined with any other discount or special offer.

SHIPPING INFORMATION

Small packages are sent by U.S. Postal Service Priority or First Class Mail. This service is the fastest and most economical for this size of package. The U.S.P.S. delivers to the continental United States, as well as Alaska, Hawaii, Puerto Rico, U.S. Virgin Islands, and military addresses (APO/FPO) Monday through Saturday. Larger packages will be shipped regular ground service by UPS. Ground service delivers to a large section of the U.S. within 3 days from our location.

Corvette Central offers Next Day, 2 Day, and 3 Day air delivery services. Saturday delivery service is only available with Next Day air charges plus an additional $15.00.

Note: Air shipping charges are determined by dimensional weight.

There is an additional delivery fee on shipments to residential areas.

INTERNATIONAL ORDERS

We have shipped Corvette parts to every corner of the globe — from one small part, to large wholesale orders.

Since arrangements vary depending on size of order, location and timing, please contact us for the most efficient and economical means of shipping your order.

International orders phone 269-426-8833.

Please allow 7-10 business days to receive your order.

BACK ORDERS

Due to the wide variety of parts we distribute, back orders are unavoidable in some cases. Normally back orders are shipped in 7 to 10 business days. We automatically ship back orders or, if you wish to cancel your back order, please call for a cancellation number.

RUSH SERVICE

If you need your order processed and shipped the same day, we offer "RUSH" service. For an additional $3.95, any order received before 3:00 PM ET will be processed and shipped that same day. Orders received after 3:00 will ship the following business day using the "RUSH" service.

See our WEBSITE for current prices and a complete list of Policies and Procedures.

TRUCK FREIGHT

Parts in this catalog noted with "†" for Truck Ship and any other item exceeding carrier size or weight limits will be shipped by truck. All items being Truck Shipped must be prepaid or charged to a credit card.

Canada

Corvette Central ships to Canada via UPS exclusively. We have entered into an arrangement to act as an agent of the Canadian government in order to collect all duties, taxes and brokerage when your order is processed. We will then remit all collected monies to the appropriate government entities. This allows you to know the total cost of your order to be delivered to your door, at the time your order is placed. There are no hidden charges! The exception to this program is Prince Edward Island. Orders shipping to this province will be processed through a Canadian brokerage house as in past. Excludes Truck Ship items.

HANDLING AND INSURANCE

A $2.95 Handling Charge is included in the Shipping Charge on all orders. We feel this is the fairest way to cover a variety of increasing costs. For protection against loss or damage of your purchase, all shipments are insured. Insurance costs are included in shipping charges.

IMPORTANT

INSPECT ALL PACKAGES IMMEDIATELY!!!
All damages, shortages, or errors must be reported within 7 days of receipt of package. Please have invoice ready when you call.

DAMAGED GOODS — SHIPPING RELATED

- If there appears to be any external damage, i.e. crushed or dented side or corner, any tears or holes in package, immediately inspect contents of package for parts damage. If damage is found, **DO NOT CONTACT THE CARRIER. IMMEDIATELY CALL CORVETTE CENTRAL AT** (800) 345-4122 to report any damages.
- Do not destroy the package or box that the item shipped in. Please save it for inspection by the carrier.
- Have the package and invoice with you when you call.
- If a claim is filed, arrangements will be made for pickup of package with entire contents.

DAMAGED GOODS — NON SHIPPING RELATED

- Call us at **800-345-4122** immediately with description of damage and we will process a replacement and make arrangements for pickup of damaged item.

SHORTAGES AND MISTAKES

- Call us at **800-345-4122** immediately and we will process an exchange or replacement as required.

RETURNS

- **There is no need to call for authorization.** Fill out the return slip enclosed with your shipment, and send the package back to us. It is recommended that you insure the package and retain your receipt of shipment. **Items must be returned in the original packaging for credit.**
- All returns must be made within 30 days of invoice date. After 30 days a restock fee will be charged.
- No returns on electrical products or tools.
- Items that have been installed, altered, damaged or are otherwise not in a condition to be resold will be returned to the customer at their expense.

REFUSED SHIPMENTS

- Shipping and handling charges on refused shipments are the responsibility of the customer.

CURRENT PRICES

- See our WEBSITE for Current Prices.

OVERSIZED SHIPPING CHARGE

- Some products have additional shipping charges due to the heavy weight or oversize dimensions.

See our WEBSITE for a full list of Policies.

Shipping & Packaging Charges

Pertaining to orders shipped within the continental USA:
Ground service freight charges for your entire order will be charged at the time of the first shipment. Any backorders shipped after the initial shipment will not incur any additional shipping charges. For phone and FAX orders, the shipping fee is based on the calculated weight of the parts ordered and the destination zip code according to current UPS and USPS shipping rates. For mailed in and internet orders, the shipping fee is based on the shipping chart located on the order form.

CUSTOMER INFORMATION IS CONFIDENTIAL

Please be assured that we do not sell our customer list or provide access to our customer information.

Fast, accurately packed orders, combined with our central location, will get your order to you promptly.

Central location makes for fast delivery!

"THE BIBLE OF CORVETTE RESTORATION AND REPAIR"

Perfect Bound Assembly Instruction Manuals

Designed for conscientious owners and restorers, these manuals enable you to know what is stock, what is original, what is right! Reprinted through the courtesy of Chevrolet Motor Division, manuals are accurate reprints of the manuals used on the Corvette assembly lines! Actual "on-line" notations remain so that the information is factory original and correct. All parts, part numbers, and available options are included with original diagrams. Page numbers and indexes have been added to provide quick reference. All manuals are original size and loose-leaf three-ring binder style.

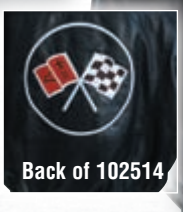
Genuine Lambskin Jacket With Embroidered Emblem



Small front logo
Large back logo

Nothing says "you've arrived" better than our buttery-soft lambskin bomber. Among the softest of leathers, lambskin is soft and lightweight yet supple and durable. Attention to detail makes this jacket a must have: generous bomber cut flatters any body shape, antique silver zippers and snaps, adjustable lambskin cuffs, double welt front pockets for extra strength and a comfy-fit covered elastic waistband. A full color emblem is brought to life through smooth embroidery on left chest and back. Fully lined in satin. Black. Imported.

Specify size: S (38-40), M (42-44), L (46-48), XL (50-52), XXL (54-56), XXXL.

Black Center Console Creation Cushion

- **Dual Cup Holders**
- **Ruggedized Storage**
- **Replaces Stock Center Cushion**
- **OEM Appearance**

All consoles are designed with dual retractable cup holders, padded leather armrest, and storage space for the items that tend to clutter your car during road trips.

Design has been proven to withstand the test of time, as well as the rigors of everyday use (and they look great doing it.)

102879 63-66 Black Center Console Creation Cushion 299.95

Bullet Console

The "C-2 Bullet" Console was specifically designed to fit the 1963 through 1966 Corvette.

These hand crafted armrest consoles come complete with a king size drink holder and a much needed storage compartment. These consoles are upholstered using high quality automotive grade vinyl to match the original upholstery.

The combination upholstered armrest/drink holder opens to reveal a 3" deep x 4 1/2" wide x 14" long storage compartment-all under a comfortable armrest.

Installation is fast and simple! Just remove your stock armrest and place the new Bullet Console between the seats and you're ready to cruise! NO permanent change is needed to your interior.

NOTE: For a shorter console that will clear the seat belt mount on your console use P#102828.

Car Protection & Storage

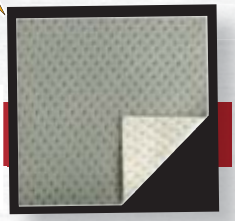
Custom Fit

WARNING
Do not use harsh detergents when washing car covers.

INCLUDES FRONT AND REAR EMBROIDERED LOGOS

Mosom Plus Best for Outdoor Use

Mosom Plus



Mosom Plus™ is a four layer material. The outer two layers are Spunbond Polypropylene, the middle layer is a special micro-porus film and the inside layer is super-soft fabric. The middle layer is an excellent rain barrier, while allowing for vapors to pass through. The special cotton flock inner layer pampers the most delicate paint finish. It is a great choice for all-around car cover use, suggested for most conditions except extreme sun, snow or ice. Mosom Plus™ is a non-woven material, so in the unlikely event a rip occurs in the material, it will not run.

102598 63-67

ONLY $149.95 EACH

Best for Indoor Use

Gray Flannel Lined

- Softest Indoor Protection
- Brushed Lining Guards Your Corvette's Precious Paint
- Treated to Resist Rot and Mildew Damage
- Custom Fit with Front and Rear Elastic Hems

Traditional Flannel Car Covers are a top choice for 1953-2010 Corvette owners who store their car indoors. Heavy Gray Flannel keeps finish clean and protects from minor bumps and scrapes. Features no-scratch tie down grommets.

103005 63-67

ONLY $129.95 EACH

SILVER GUARD Best for Outdoor Use

Silverguard Plus™ Car Cover

- Silver-Tech polyester material.
- Fleece Lining
- 150 Denier woven polyester, coated with aluminized polyurethane and acrylic.
- Soft and non-abrasive to clear coat finishes.
- Protects from UV rays.
- Will not absorb water like some perforated covers.
- Nearly waterproof, yet breathable.
- Extremely lightweight and yet extremely protective.
- Grommets for cable lock.
- Snug fit all the way around.

102616 63-67

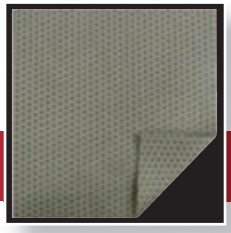
ONLY $149.95 EACH

All covers have a scratch-proof grommet built in for the optional safety lock.

NOTE: Antenna holes will have to be cut into covers.

The Lower Cost Alternative

Trigard



Coverking has comprised Triguard out of three layers and each layer is treated with UV retardant to ensure your Corvette is protected against the sun's rays. The middle layer of polypropylene goes through a melt-blown procedure, which means that it is heated and rolled so that it is water-resistant. The middle layer is then inserted between two layers of Spunbound fabric, which means it is compressed in a way to allow breathability in return preventing mildew and rot build up. Triguard's material is easy to clean, store and even though it is light weight, it will not make your wallet light.

Keep it Clean

Hardtop Storage Cover

This hardtop cover fits like a glove and is custom tailored to protect the inside and outside of your hardtop when removed. Made of a dense poly-cotton "tan flannel" fabric which is napped on the underside to prevent scratching of your paint

102006 ..... 109.95

One-piece design fender cover. Made of heavy foam/vinyl fender cover material.

102003 63-67 Fender Apron 239.95

102296 Plastic Car Cover with Elastic Band 19.95

This clear, 3 mil plastic car cover with elastic band is a temporary cover that will not scratch the surface of your car. It has a patented elastic band on the bottom and will fit to cover any car 12'x 22'.

Front End Protection

All nose masks are made of leather grained vinyl with a super soft flannel napped cotton backing to protect against scratches. The mask is easily installed with bendable padded ears and stretch bands. The "Full Front" mask gives full front end protection with separate openings for headlights.

102015 63-67 Full Front Nose Mask 109.95

Cockpit Cover

Keep your convertible's interior cool, dry and dust free. Good protection from water. Installs in seconds; requires no modification. Made of heavy-duty, khaki soft-top type vinyl.

102008 ..... 169.95

Convertible Top Hat

Protect your soft top while it is up.

The right way to protect your convertible top and rear window from the sun's UV damage and nature's stains. It also blocks the sun from car's interior and reduces interior temperatures. This vinyl cover sits on top of the original top and attaches to existing body hardware. Conveniently folds for compact storage. Made of heavy duty, khaki soft top type material.

102123 63-67 ..... 189.95

Air Cleaner Covers

- **Heavy Duty Cotton Material with Elastic**
- **Embroidered Emblem**

If you are one of the many Corvette owners who like to show off that pride and joy at car shows and outside exhibits, then you know the dangers that sun damage can do to the hood of your precious mid-year. Most owners have been using an old towel to cover the breather cover for years. Protect your hood from getting burned by the reflection of the sun off your bright air cleaner cover.

Multi-Function Car Jump Starter/ Power Station

- **250 Cranking Amps**
- **500 Peak Amps**
- **Cycle Life - 1,000 Times**

This Charger makes jump starting most 12-volt gas or diesel powered vehicles easy to do. The secret is in a very compact power supply module that is basically the size of a smart phone. It measures 6-1/2" x 3" x 1" thick and weighs a mere 9 ounces. It packs enough power to start most 12-volt gas or diesel powered vehicles, can charge a variety of digital devices, and also has built-in LED lighting. Includes carrying case.

171012.....119.95

TVP Corvette Central — *Dust your car before you put the car cover on. This will help prevent scratches from dust or dirt!*

The Glosser®

The Glosser is the easy waterless way to give your Corvette a last minute quick detail. It contains cleaners and waxes in each 18" x 25" wipe, giving you a clean high gloss finish. Each re-sealable package contains 5 wipes. Keep a pack in your car for anytime, anywhere detailing.

101713..... 11.95

The Absorber®

The Absorber® will dry your Corvette faster and easier than chamois or towels. Gentle on all automotive finishes, the Absorber absorbs 3 times faster and holds 50% more water by surface area than a hide chamois. Unharmed by grease or oil it can be machine washed and it resists tearing or shredding. Comes in a plastic storage tube for damp storage. Generous 27" x 17" size.

Cham Easy

A Totally Flexible, Bendable Chamois / Squeegee

Cham Easy "The World's Fastest Chamois", is a revolutionary product to dry your car after rain, dew, or washing that leaves NO SPOTS and NO STREAKS. For people who swear by their chamois cloths, terry towels, or water blades, this amazing flexible squeegee could replace every one of these devices and do the job better.

The closed cell foam material is totally flexible allowing the Cham Easy to conform to any contour. Get in the grooves, hug the curves, and bend over rises. Soft all over there are no sharp or hard parts to scratch or dent your vehicle. Wonderful for even the most delicate paint jobs.

102836 ..... 18.95

California Jelly Ultra Water Blade

- Patented T-Bar edge whisks water away
- Ultra-Soft Silicone conforms to curved surfaces
- New flexible handle helps mold to shapes
- Virtually eliminate chamois and towels
- Dries cars, trucks, boats, SUVs in 1/3 the time
- Outperforms all other drying devices
- Eliminates water spotting, fast and efficient. Clean before each use.

Invisible Under Carriage Spray

Adam's developed this special product to make your wheel wells and under carriage completely invisible. Spray after a wash and before detailing for best results. You'll love the low-gloss, dark finish that this Invisible Under Carriage Spray leaves behind. Guaranteed to please.

104845 16 oz.....12.95

Brilliant Glaze

Adam's Brilliant Glaze takes personal reflection to a new level. This liquid glaze adds depth and clarity to chrome, glass, and paintwork. Brilliant Glaze is a top seller for its extreme ease of use and for its ultra-high gloss results. Product can be used in direct sun and has no dust. Shake well before and during use. Product separates by design. Not for use on oxidized finishes.

102768 Bottle 24.95

V.R.T. (Vinyl, Rubber, Tire)

Enhance and protect the appearance of plastic, rubber, tires, moldings, dashboards, and door panels. Adam's V.R.T. contains no harmful silicone or alcohol. The thick moisturizing cream applies easily with a sponge and will not leave a greasy film, attract dirt, or harm paint and glass. Added U.V. protection keeps vehicle interiors and exteriors looking and feeling like new.

In & Out Spray

Watch your faded and dull trim go from boring to brilliant with a single treatment of one of our all time best products.

An aerosol spray dry to the touch within moments and still capable of restoring your faded and dull plastic, rubber, and vinyl trim to like new condition with just a single spray. Use this amazing product on all the hardest to reach areas, like air conditioning vents, wiper cowls, grilles, and even under the hood to dress your engine compartment.

In & Out Spray wipes easily and cleanly away from surfaces like glass and paint so there's no need to stress about over-spray getting into areas you don't want. One swipe of a plush microfiber towel and the over-spray residue is gone!! There's never been an easier way to dress your trim than In & Out Spray guaranteed to impress you every time you use it.

102606 Aerosol.....14.95

Detail Spray

This "Best of Show" winner is a favorite at car shows. Use as a waterless wash, a clay bar lubricant, or to enhance the depth and clarity of paint, chrome, plastic, aluminum, and glass. Specially formulated lubricants gently remove dirt, smudges, and grime, leaving surfaces with a smooth, ultra-high gloss finish. Use in the sun or shade, and in hot or cool temperatures.

102284 16 oz.....12.95
106802 Gallon 39.95

Buttery Wax

Leading the charge in technological advances, Adam's Butter Wax is formulated with a special blend of polymers, resins, and natural Carnauba. Butter Wax contains no cleaners or abrasives, and will not stain plastic or rubber. Always treat an imperfect finish with Clay Bar and Polish before applying Butter Wax.

Metal Rescue Rust Remover

Metal Rescue is an acid-free, non-hazardous and safe rust-removing liquid. It is water-based, biodegradable, non-toxic and environmentally friendly. No messy acids or creams needed, with Metal Rescue simply soak, check and rinse/dry. Metal Rescue is a clean, safe and easy option for any home improvement enthusiast looking to remove rust from metals.

102894 Gallon 24.95

Rust Preventative Paint

POR-15® is a high-tech, high performance rust-preventive coating designed for application directly on rust or seasoned metal surfaces. It dries to an incredible rock-hard, non-porous finish that won't chip, crack, or peel, and it prevents rust from recurring by protecting metal from further exposure to moisture. Use it to coat rusty frames, floor pans, farm equipment, or even a heavily corroded battery tray. POR-15® is sensitive to UV light (sun) and must be topcoated for prolonged exposure to sunlight. Topcoating is not required for areas not exposed to sunlight.

101537 POR-15® Quart (Gloss Black) 50.95

POR-15® Starter Kit

Includes POR-15®, Metal Ready™, Marine Clean™ Paint Brushes, Latex Gloves. Enough to cover 12 square feet.

101566..... 22.00

POR-15® Tie Coat Primer

A special interlocking primer for painting over the top of POR-15® with any type or color of paint you choose.

101574 Quart..... 31.00

Marine Clean

MARINE-CLEAN™ cleans and degreases in one application without leaving residues, noxious fumes or flammable solvents. No other cleaner works as fast or as well. It makes petroleum-based cleaners almost obsolete MARINE-CLEAN™ removes grease, oil, mildew, alge, musty oders, soap films, wax. Use it to clean canvas, vinyl, nylon, holding tanks, grease traps, auto parts and more.

101849 Marine Clean-Gallon, ea. 23.95

POR-15® Metal Ready-Neutralizer

Provides the best adhesion on any surface, including aluminum and shiny polished metal surfaces. The simple one-step process gently etches metal, creating an ideal anchor pattern for coating such as POR-15, while simultaneously leaving a zinc phosphate film to promote chemical bonding of paint and steel. Metal-Ready is not caustic, corrosive, toxic or flammable.

101842 Por-15 Metal Ready-Neutralizer - Quart, ea. 17.95

Rust Encapsulator Black Paint

- Epoxy-fortified for better adhesion and topcoat compatibility.
- Penetrates deeper to prevent rust from spreading or forming, even in hard-to-reach areas.

102866 15 oz. Aerosol 19.95

POR-15® Gloss Black Top Coat Paint

- **Direct to Metal Rust Preventative Paint**
- **No Need for Primer or Undercoat**

Blackcote is non-porous and will not crack, chip, or peel when properly applied according to directions. It has amazing scratch and abrasion resistance and is similar in strength to regular POR-15 Rust Preventive Coatings. Blackcote is not sensitive to ultra-violet light and may be exposed to sunlight without damaging consequences. Blackcote has excellent adhesion characteristics and may be applied over POR-15 Rust Preventive Paint months or years later with proper preparation.

102712 14 Ounce Aerosol, ea..... 23.95

Exterior Touch Up Paint

Heal the nicks and seal the scratches. Our Exterior Touch Up Paint matches original colors. Includes a brush for precise application. 1 oz. bottle.

Specify Color

331312..... 19.95

Paint Chip Repair Kit

Finally! A solution for repairing paint chips and scratches. Just apply your color matching touch up paint. Let dry for 2 hours up to 4 days (or longer), and then remove the Blob in 15-30 seconds with the Blob Eliminator leaving the paint inside the chip or scratch without affecting your original paint.

101857.....39.95

Metal And Plastic Buffing Kit

Kit Contains:

- **1 Bar-#82 Black Emery Cake**
- **1 Bar-#22 Brown Tripoli**
- **1 Bar-#42 White Rouge**
- **1 Bar-#62 Red Rouge**
- **1-6" Dia.x 1"x 1"x 1/2" Circle Sewed 80 Ply Muslin Buff**
- **1-6" Dia.x 1"x 1" Loose Sewed 80 Ply Muslin Buff**
- **1-6" Dia.x 1"x 1/2" Circled Sowed Interplied Sisal/Cloth Combination Buff**
- **3-3 Piece-Telescoping Bushings**

This kit is packaged especially for the industrial/commercial and workshop trade that requires a handy ready-to-use buffing wheel and polishing compound kit, for immediate or occasional use. Shelf life storage is indefinite.

101843 Metal & Plastic Buffing Kit 69.95

Plastex Plastic Repair Kit

Plastex has created a plastic-repair kit that not only allows you to fix cracked and damaged parts, but also re-create parts with missing pieces. The Plastex kit is available in three different colors of plastic powder material (white, black, and clear), the trigger material, applicators, quick release pads, and even fiberglass fabric for repairs requiring structural support. For cracked areas, repairs can be made in a matter of minutes, with plastic hardening taking two to three minutes. Best of all, the new Plastex material is tougher than the surrounding plastic.

102713 Black (High strength and heat resistant)
103854 White (Best adhesion for general repair)
104948 Clear (Transparent for general repair)

ONLY $29.95 KIT

Interior Vinyl Dye — See Page 123

Corvette Central has tested and used a variety of detailing and restoration paints. As a result, we have chosen paints that we believe work the best and produce the most accurate finish.

All paints are 12 oz. aerosol.
Hazardous and aerosol materials such as paint cannot be shipped by air or overseas.

Cast Blast Paint

An ideal choice if you want to restore that cast iron gray appearance. Protects cast iron parts and maintains their sandblast factory appearance. Use on drive train yokes, spindles, pittman arm, tie rods, idler arm, etc. Cast Blast (not for exhaust) is fast drying and provides excellent adhesion and protection.

101020 ..... 11.95

Cast Blast Hi-Temp Paint

A 1200˚ heat resistant SS coating ideal for exhaust manifolds. This spray will not burn off or discolor.

101021 ..... 11.95

Alumi-Blast Paint

Restores a new aluminum look to alternators, intake manifolds, transmission housings, etc. Non-smudge formula protects and will not rub off.

101019 ..... 9.95

Engine Paints

Fast dries to an extremely rugged, high heat-resistant finish. Repeated exposure to engine heat up to 500˚ F. will fuse the enamel to the surface. Resistant to oil and gasoline, will not crack, lift or peel and it can be recoated at any time. Colors are exact matches to original engine manufacturer standards.

101210 53-55 6 Cyl. Blue Engine Paint - 7.5 oz. Aerosol 29.95
111631 53-55 6 Cyl. Blue Engine Paint - Pint 52.95
101209 55-56 Red Engine Paint - 16 oz. 21.95
111534 55-56 Red Engine Paint - POR-15 - Pint 26.95
111644 57-74 Orange Engine Paint - POR-15 - Pint 26.95
101024 Chevrolet Engine Hi-Temp Orange Paint - 12 oz. (Used from 57-62) 9.95

Synthetic Zinc Chromate Primer

This paint duplicates the olive green zinc chromate primer that the factory used, but performs much better. Prevents rust and provides a smooth tough surface for top coatings. Use on body "birdcage" metal components and more.

101139 ..... 11.95

Stainless Steel Paint

Works great for the look of raw steel, especially on drive shafts and 1/2 shafts. 100% 316L stainless steel pigment. Rust proof. 13 oz. aerosol.

101795 ..... 10.95

Bonding Adhesive & Filler — See Page 92
Exhaust Paints and Coatings — See Page 82
Frame Paints — See Page 32

Low Gloss Black Paint

For the factory look on various underhood and chassis components. Uses include:

- **Wheel Wells**
- **T-Top Frames**
- **Under Car Blackout**
- **Interior Blackout**
- **Contrasting Glosses**

103536 12 oz. 8.95

Medium Gloss Black Paint

For the factory look on various underhood and chassis components. Uses include:

- **Engine Pulleys**
- **Underhood Blackout**
- **Radiator Support**
- **Starter and Generator**
- **Bumper, Engine and Frame Brackets**
- **Clutch and Brake Pedals**
- **Power Steering Pump and Pulley**
- **Oil Filter Canister**
- **Battery Tray**

102012 12 oz. 9.95

101540 Rubberized Coating-16 oz. Aerosol 6.95

Hot Spot Hi-Heat Resistant Spray Paint

A special formulation designed to withstand temperatures up to 1200°F (648°C) on a continuous basis. Must be heat cured at a minimum temperature of 400°F for two hours. More than one coat may be required for full hide. **DO NOT** use a primer.

301187 Black Hi-Temp Paint -12 oz. Aerosol 11.95

Engine Gloss Black Paint

Works great for repainting your air cleaner or any other gloss black items on engine or exhaust where a hi-temp paint is required. 300˚ heat resistant. Gas and oil resistant.

102053 ..... 9.95

Diamond Clear™ Gloss Finish For Bare Metal

Protect metal parts with a crystal clear, tough, flexible coating that will keep brass, aluminum, steel, die-cast, even cast iron looking great. This special self-leveling formulation when properly applied will not chip, crack, fade, or yellow. Resistant to fuels and temperatures up to 300˚F, this product is ideal for underhood applications (except exhaust manifolds). Great for polished mag wheels, aluminum valve covers.

102019 ..... 13.95

Radiator And Air Conditioning Condensor Black Paint

This product will actually help radiator cooling efficiency and give the right factory look to radiators.

102018 ..... 15.95

The Look of Cad Plating In An Aerosol

This easy-to-apply, single-step aerosol system has been specially formulated to recreate the look of actual silver cadmium plating. Not merely silver paint, Silver Cad faithfully recreates the bluish-silver tint of the original. Perfect for alternator pulleys, carburetor and transmission linkage rods, and much, much more! Acrylic lacquer withstands up to 250˚ F.

101512 ..... 15.95

Brake Gray Paint

• Brake Fluid Resistant • Heat Resistant to 400F
• Unmatched Corrosion Protection
• Contains Pure 316L Stainless Steel • Color Matches Cast Metal

102692 13 oz 19.95

102648	Auto Dolly Storage Rack-Dolly Dock	39.95

Race Ramps

These race ramps are unique in their design. They are made for low ground clearance performance vehicles with a gross weight handling of 1200 pounds per ramp or 2400 pounds per set. They are specially designed for the Corvette enthusiast, allowing you to get under your car quickly, safely and without any frustrating hassles. Constructed in one solid piece, Race Ramps will not slide across your garage floor, dig into your asphalt driveway, or scratch or otherwise damage your cement or painted floors. They can be used to raise your car up eight inches. You get all of this in an unbelievable lightweight of 20 pounds a pair. Most ramps can only accommodate a tire width of six to eight inches. Race Ramps are not hollow in the center or made with questionable reinforcements. They are 100% solid on all sides and constructed in one solid piece - giving you the non-skid support that you need. The ramps come complete with straps for easy carrying, and you can also use them to hang the ramps on the wall when you're done.

Improve performance – Go Green! As in Green Filter USA. The flow difference between paper and oiled cotton may not be much when both filters are brand new, but a few hundred miles later it can be significant (as paper loses efficiency once dirty). Green filter's precision pleat geometry traps 20% more contaminants while optimizing airflow into the engine.

Chassis Detailing Kits

These kits include everything you need to detail the chassis of your 63-67 Corvette, including:

- A custom-made frame stencil.
- White frame stencil fast-drying spray ink.
- Special colored permanent paint crayon for shim marks, option codes, and engine marks.
- Six to eight color-matched inspection paints.
- Original thickness and width shim hold-down tape.
- A set of Technical Bulletins for your specific year car.

Specify Car Serial Number When Ordering.

These kits make it easy to accurately reproduce your factory frame and chassis marks. They've been used by many professional restorers.

Front Crossmember Lower Dent Repair Tool

This tool is designed to slide up inside the crossmember and pull the crossmember-dented section out to its original shape. No cutting, no welding or heating required. Tool includes full instructions.

182100.....149.95

Asphalt-Based Frame & Chassis Paint

This asphalt-based paint is from the original supplier and was specified by OEMs for frame painting and blackout operations, particularly prior to the 1970s. Asphalt-based paint was often used by frame manufacturers such as A.O. Smith, Inc. to coat and protect the frames. This product is supplied for restorers who demand authenticity in their restorations and won't settle for less. Because it is asphalt-based, it is susceptible to gasoline spills.

181011 Quart..... 19.95

Note: 2 quarts is usually enough to do one frame. Cannot be shipped by air or overseas.

102012 Frame and Suspension Paint 12oz. Aerosol 9.95

Rust Preventative Paint

POR-15® is a high-tech, high performance rust-preventive coating designed for application directly on rust or seasoned metal surfaces. It dries to an incredible rock-hard, non-porous finish that won't chip, crack, or peel, and it prevents rust from recurring by protecting metal from further exposure to moisture. Use it to coat rusty frames, floor pans, farm equipment, or even a heavily corroded battery tray. POR-15® is sensitive to UV light (sun) and must be topcoated for prolonged exposure to sunlight. Topcoating is not required for areas not exposed to sunlight.

101537 POR-15® Quart (Gloss Black) 50.95

POR-15® Starter Kit

Includes POR-15®, Metal Ready™, Marine Clean™ Paint Brushes, Latex Gloves. Enough to cover 12 square feet.

101566 ..... 22.00

POR-15® Tie Coat Primer

A special interlocking primer for painting over the top of POR-15® with any type or color of paint you choose.

101574 Quart 31.00

Marine Clean

MARINE-CLEAN™ cleans and degreases in one application without leaving residues, noxious fumes or flammable solvents. No other cleaner works as fast or as well. It makes petroleum-based cleaners almost obsolete MARINE-CLEAN™ removes grease, oil, mildew, alge, musty oders, soap films, wax. Use it to clean canvas, vinyl, nylon, holding tanks, grease traps, auto parts and more.

101849 Marine Clean-Gallon, ea. 23.95

POR-15® Metal Ready-Neutralizer

Provides the best adhesion on any surface, including aluminum and shiny polished metal surfaces. The simple one-step process gently etches metal, creating an ideal anchor pattern for coating such as POR-15, while simultaneously leaving a zinc phosphate film to promote chemical bonding of paint and steel. Metal-Ready is not caustic, corrosive, toxic or flammable.

101842 Por-15 Metal Ready-Neutralizer - Quart, ea. 17.95

POR-15® Gloss Black Coating

Blackcote is non-porous and will not crack, chip, or peel when properly applied according to directions. It has amazing scratch and abrasion resistance and is similar in strength to regular POR-15 Rust Preventive Coatings. Blackcote is not sensitive to ultra-violet light and may be exposed to sunlight without damaging consequences. Blackcote has excellent adhesion characteristics and may be applied over POR-15 Rust Preventive Paint months or years later with proper preparation.

102712 14 Ounce Aerosol, ea. 17.95

POR-15® Gloss Black Top Coat Paint

- **Direct to Metal Rust Preventative Paint**
- **No Need for Primer or Undercoat**

Blackcote is non-porous and will not crack, chip, or peel when properly applied according to directions. It has amazing scratch and abrasion resistance and is similar in strength to regular POR-15 Rust Preventive Coatings. Blackcote is not sensitive to ultra-violet light and may be exposed to sunlight without damaging consequences. Blackcote has excellent adhesion characteristics and may be applied over POR-15 Rust Preventive Paint months or years later with proper preparation.

O-Ring Stainless Steel Brake Calipers

Why go with O-Rings?

Lip seal design seals are used on 65-82 Corvette calipers. Lip seals have inherent problems. When they sit for a period of time they leak brake fluid. When they are used on a Corvette with out of spec roters, spindles, loose bearings or a Corvette that is driven hard; they can actually suck air into the caliper fluid area causing a loss of pedal. This problem is called (by GM engineers) reverse air oscillation. Because of these problems, GM quit using lip seals in 1982. O-Ring seals virtually eliminate all of these lip seal problems. If GM doesn't use lip seals anymore, why are you?

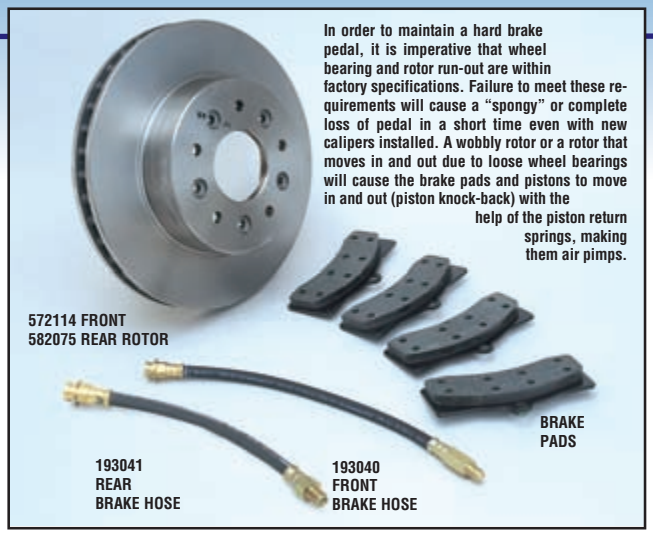
192308 65-67 Parking Brake Upgrade Kit 319.95
Use on 63-64's when upgrading to 65-82 Parking Brakes.



In order to maintain a hard brake pedal, it is imperative that wheel bearing and rotor run-out are within factory specifications. Failure to meet these requirements will cause a "spongy" or complete loss of pedal in a short time even with new calipers installed. A wobbly rotor or a rotor that moves in and out due to loose wheel bearings will cause the brake pads and pistons to move in and out (piston knock-back) with the help of the piston return springs, making them air pimps.

Wilwood Hi-Temp 570 Racing Brake Fluid

Wilwood's specially formulated High-Temp° 570 Racing Brake Fluid has a minimum 570° F dry boiling point to withstand the severe heat requirements of automotive racing. Wilwood Hi-Temp 570 Racing Brake Fluid is recommended for ABS, Hydraulic drum, disc brake systems, and hydraulic clutches requiring Dot 3 Motor Vehicle Brake Fluid.

191069 12 oz. 7.95

GM/Delco Supreme II Brake Fluid

GM Delco Supreme II Brake Fluid is recommended for all vehicles that require DOT 3 brake fluid. It contains enhanced corrosion inhibitors to prevent premature wear, and retains its boiling point properties longer than conventional DOT 3 brake fluids. It is also compatible with disc and drum brake systems. Cannot be shipped by air or overseas.

191064 16 oz. 12.95

Brake and Clutch Fluid - GM Dot 4

• Lubricates Seals • Extends Seal Life • Resists Air Entrapment • Minimizes Friction

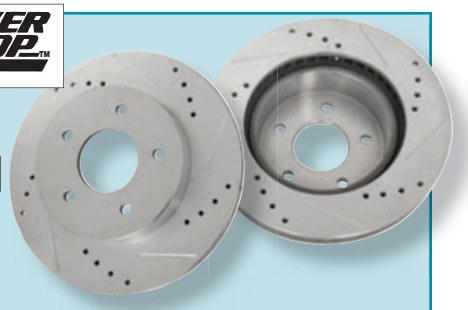
POWER STOP™



65-67 Cross Drilled And Slotted Rotors

Power Stop™ cross-drilled and slotted rotors offer many advantages over your stock brake components:

- Each rotor is analyzed for its specific application, vane structure and construction to determine the optimum cross drill pattern.
- Drill patterns are designed on a CAD system to insure all design criteria are met.
- Each hole is radiused with Power Stop's own designed tooling. Radiusing, unlike chamfering, produces a smooth transition at the edge of the hole diameter, which reduces stress risers and reduces the occurrence of fractures.
- The parts are designed with a directional pattern. A pair must consist of a left and right rotor.
- Rotors are silver zinc plated to military quality specifications. Power Stop was the first to provide this high performance look, which also protects the rotor from the elements.
- Power Stop cross-drilled rotors will help eliminate brake fade and rotor warping, as well as enhancing wet weather braking. After several stops, during spirited street driving and under emergency braking, they will out perform your original brake components.

192325 **Front Cross-Drilled Rotors, Pair 199.95**
192339 **Rear Cross-Drilled Rotors, Pair 149.95**

SPECIAL Corvette Central PRICE

Cross Drilled Rotor & Semi Metallic Brake Pad Kit

Includes four (4) Cross Drilled Rotors and eight (8) Semi Metallic Brake Pads.

192327 **★CC Special★ 359.00**

Semi Metallic Brake Pads

Asbestos-free semi-metallic materials provide superior stopping, high fade resistance, and long pad life. When used in conjunction with cross drilled rotors, you're installing the best combination of stopping power available.

192201 **Set of 4 ..... 19.95**

Power Slot Rotors

Premium Replacement Rotors
Excessive heat can cause resins in your brake pad to vaporize or "outgas." As the brake pad wears, the used friction material turns into a fine dust. This boundary layer of heat, gas and dust builds up between the pad and rotor surfaces and inhibitis performance. Here's where Power Slot's slotted brake rotors make a difference.

Power Slot's exclusive Vac-U-Slots are machined into the rotor and help evacuate gasses and dust, shed heat, and keep the brake pad surface clean. And in wet, raining conditions, our Vac-U-Slot helps push water off the braking surface for better stopping power.

A combination of high performance brake pads and Power Slot slotted rotors will deliver superior, reliable braking for virtually all automotive applications, even under hard driving and severe duty conditions.

192167 65-82 Power Slot Front Rotor, pr. 279.95
192224 65-82 Power Slot Rear Rotor, pr. 279.95

Hawk Brake Pads

Hawk Performance HPS material provides advanced braking characteristics to enhance your driving experience. This unique Ferro-Carbon compound combines the safety and quality of aerospace design partnered with the braking technology of motorsports. Performance, safety, and quality are the trademarks of this material.
Features: Extremely low dust • High friction/torque hot or cold • Gentle on rotors • Virtually noise-free • Much improved braking over OE • Long pad life
192243 65-82 HP Street Hawk Brake Pads (Set of 4)... 69.95

Hawk Performance HP Plus material can take the heat at the track and get you home safely without having to change your brake pads in and out. This compound was designed for the serious street and autocross enthusiast. Warning! Due to the dramatic friction levels produced by this product to achieve race level braking; rotor wear, noise, dust and pad life may be affected.
192226 65-82 HP Plus Hawk Brake Pads (Set of 4).... 79.95

Speed Bleeder® Brake Bleeder Valves

Simplify brake bleeding with Speed Bleeders®. Brake bleeding becomes a one person task when you permanently replace your original bleeders with Speed Bleeders®. A corrosion resistant stainless steel check ball and a patented thread sealing system prevent air from being pulled back into the system during bleeding. Dust protection caps are included with each bleeder zinc plated steel screw.

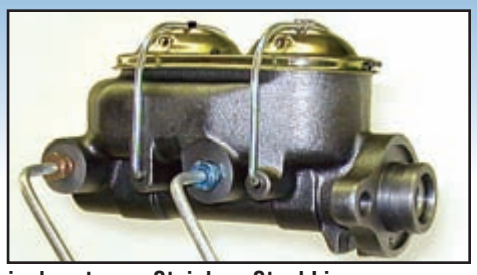
192172 65-67 Pair..... 15.95

63-66 Dual Master Cylinder Upgrade



- **Direct bolt on**
- **Looks great**
- **Safer than the original system • Stainless Steel Lines**
- **Includes Clips • Can be replaced with body on**

A no-hassle way to install a dual-reservoir master cylinder on your 63-66 Corvette. Two-piece stainless steel line kit that uses no adapters. Convert your power on non-power brake Corvette to a "safe" dual circuit brake system. When you are finished, your car will look as close to stock as possible without the gaudy look of adapters and rigged brake line.
192244 63-64 Dual Master Cylinder Upgrade- Except Power Brakes 309.95
You may have interference between hood reinforcement webbing and new longer master cylinder.
192321 65-66 Dual Master Cylinder Upgrade- With Power Brakes 279.95
192329 65-66 Dual Master Cylinder Upgrade- Except Power Brakes 279.95

63-66 Power Brake Conversion Kit

- **Converts 63-66 Cars to 67 Style Brakes with Dual Master Cylinder for Greater Safety**
- **Adds Power Brakes to Non-Power Brake Cars**
- **Includes Dual Cylinder Master Cylinder**
- **The booster in this kit may not clear the stock 63-64 hood. The 65-67 stock hood has a notch in the hood frame to clear power brake boosters.**

192304 ..... 459.95

67 Power Brake Conversion Kit

- **Convert Your Standard Brake Car to Power Brakes**

Wilwood Direct Fit Aluminum Brake Caliper

- Easy Bolt-On Installation inside Factory Wheels on all 65-82 Models
- Set Includes Pads and Hoses
- All Forged Aluminum Bodies
- Great Increated Rigidity Improves Braking
- Significantly Reduced Weight at only 5.80 pounds
- 56% reduction in Un-Sprung Caliper Weight (Original Caliper 13lbs, these are 5.8 lbs)
- Sealed Stainless Steel Pistons
- Uses any OE Type D8 Brake pads over any Stock Dimension Rotor

Extreme 4 Piston With Big Bite Rotor Brake Kit

• Fits Stock 6" or Larger 65-82 Wheels

Enhance your Corvette braking with SSBC! For over 35 years SSBC has delivered you top quality Made in the USA brake performance! This SSBC Extreme 4 piston kit will give you four USA made 4 piston calipers. These 4 piston calipers include 43mm stainless steel pistons up front and 38mm stainless steel pistons in the rear. A unique internal dust seal and piston bore coating that makes this caliper the most maintenance free and leak free caliper on the market. Hawk brake pads with Twin pin pad design for increased pad stability, noise suppression and control. Big Bite cross drilled rotors are included to help dissipate the heat and eliminate the gas build up between the pad and the rotor for maximum bite. The unique design of the cross drilling and slotting in the Big Bite rotors allows your rotor to run up to 200 degrees cooler! This will increase your braking ability and extend the life of your braking system. To finish off the system we have added all the necessary hardware and braided s.s. flex hoses. USA Made Performance you need with the looks you want!

Front Wheel Hub w/Bearings-New

American Made From 4130 Chromoly. These hubs come complete with Timken USA bearing and races. The races will be installed in the unit along with new stock size wheel studs. Also included are new castle nut, cotter pin, washer, and grease cap.

572147.....239.95

Adjustable Brake Proportioning Valve

Fine tune your braking system with the ultimate front to rear brake pressure control valve. Features:

- Competition proven
- Billet aluminum construction
- Anti-corrosive brass internals
- Highest pressure reduction available
- 60% reduction over the full pressure range
- Sure grip knob for fine tuned adjustment
- 3/16" tube adapters included

67 Correct Parking Brake Handle

Replace your deteriorated, worn out parking brake handle with our new reproduction, available in two styles. Includes assembly tools with easy to follow instructions, which can also be viewed on our website.

192223 67E **99.95**
192341 67L **99.95**

67 Parking Brake Handle Assembly

Corvette Central now offers complete parking brake handle assemblies or the handles can also be purchased separately.

Completely assembled and when mounted in your car are ready for use. Available in both 67E and 67L handle designs.

NOTE: In early production, through approximately VIN #6000, the parking brake handle is solid black. A production change from the solid black handle to one with a chrome cap and chrome side bands begins to appear later in production.

Correct Reproduction Aluminum Radiators

- Correct
- Dated, Painted and Detailed
- Specify Date When Ordering
- 5 Year Manufacturers Warranty

Protect Your Original Engine — Don't Risk Overheating

Our correct aluminum radiators are manufactured by Dewitts and licensed by GM Restoration Parts. They are a 100% correct reproduction radiator with the GM part number and are available with the date. You will notice that we don't list a brass radiator for 63-67 small block Corvettes. Aluminum radiators work best in the Corvette because you gain almost 25% more heat transfer over inadequate brass replacements. This must be why GM used aluminum radiators in Corvettes!

When ordering dated parts please specify car serial number or the code you require.

242121	**63-64**	**Aluminum Radiator, Exact Reproduction (Dated and Detailed as Original) 879.00**
242000	**65-67**	**327 Aluminum Radiator, Exact Reproduction (Dated and Detailed as Original) 879.00**

242137	**65+67**	**396 Late and L88 All Aluminum Radiator - Correct (Dated and Detailed as Original) 889.00 396 Late after Serial #16000**

Direct Fit Replacement Aluminum Radiators

- Cools Better Than Stock Copper/Brass Radiator
- Direct Fit/No Modifications Required to Install

242002 Shown

These "Direct Fit" aluminum radiators feature two rows of 1" tubes and press formed end tanks. This doubles the cooling capacity of the original single row units. This design eliminates failures due to cracked plastic end tanks and/or gasket leaks.

242002	**63-67**	**327**	**525.00**
242241	**65**	**396 (Also fits 67-69 L88)**	**539.00**
242133	**66-67**	**427 Manual Trans.**	**499.00**

Looks original if painted black.

242145	**66-67**	**427 Automatic Trans.**	**525.00**

Direct Fit Radiators are shipped unpainted aluminum. If you would like the radiator black painted, specify-BLK to part number and add 60.00.

Example: 242002-BLK 585.00

Replacement Aluminum Radiator

Manufactured by DeWitts Radiator in the USA. The radiator features a flat upper and lower channel instead of the GM hat channel used on the Direct Fit line. See our WEBSITE for photos.

Schwitzer Style Fan Clutch

• Correct Reproduction • 2 Year Warranty • Functionally correct in every way

• Flat rectangular Bi-Metalic thermostatic element

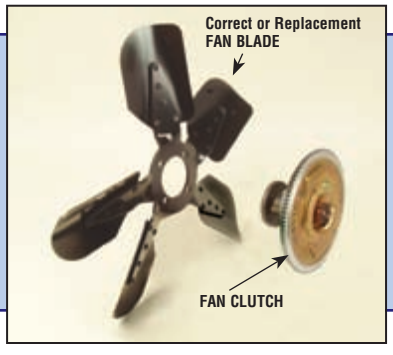
241068 327 "CJ" 149.95

242140 396/427 "CK" 149.95

Fan Clutch Eliminator

For those who want more cooling than even a new fan clutch can offer, we have available a spacer that positions the fan properly and eliminates the fan clutch. Be aware that because fan blades will be turning faster, you will experience more fan noise.

241141.....64.95



Correct Fan Blades

Correct fan blades are the correct diameter and pitch. They are also stamped "H", "W" and "Front" as original. 63-64E have round head rivets, 64L-67 have flat head rivets. See our website for photos and details. 64-65 AC is the only 63-67 car that used a 7 blade fan (The others use a 5 blade.) This fan blade can be used on any 327 for more cooling.

Hi-Performance Aluminum Water Pump

High performance pumps produce maximum flow and equal distribution to both sides of the block. Features include heavy duty 3/4" integral ball/roller bearings, billet steel nuts and a unique O-ring that provides a superior seal over a conventional gasket. Large cast iron impeller is CNC machined for accuracy and durability that far exceeds stamped steel impellers.

241049	**63-67**	**327 (ND) 229.00**
242109	**65-67**	**396/427 (ND) 269.00**

Factory Dated Expansion Tanks are now available. Dates Available:

A = January
C = March
E = May
G = July
J = September
L = November

Ordering Example: 242104-66C = March 1966

Expansion Tanks

Expansion Tanks Were Used On All 63-67 Small Blocks.

242105	63-67	Expansion Tank (No Date-Repl.) ★CC Special★ 149.95
242103	63-64E	Expansion Tank (Pressed-in Tubes) w/Correct Date (Before 64 Date) 179.95
242104	64L-67	Expansion Tank (Welded Tubes) w/Correct Date 179.95

When ordering dated parts please specify car S/N or the code you require.Original expansion tanks with 63 dates have pressed-in tubes. Tanks with 64 or later dates have welded tubes.

The radiator surge tanks produced from 1963 through 1964 used tubes that were pressed in and lightly welded from the inside only. These fittings are very fragile and will break off with only a small amount of side force when installing or removing a hose. To address this problem, GM improved the tanks in 1965 and later by adding a fillet weld around the tube on the outside. Special care must be taken when working with these parts. Any fittings that are broken off during installation or service are not considered a defect or covered under warranty.

Decals and Lables

Most of the decals are "peel and stick" — peel off backing and stick in place. Valve cover horsepower decals are water soluble — soak lightly in pan of water and decal will slide off paper backing.

Air Cleaner Decals

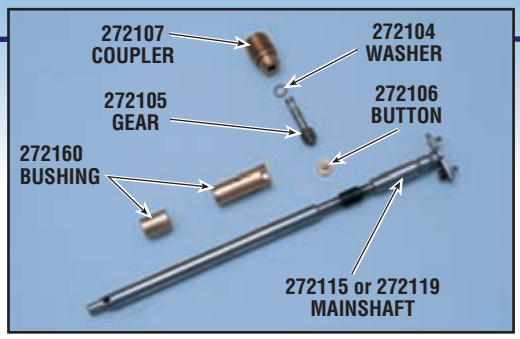
271023	63-67	Distributor Felt Washer..... 1.95
272014	63-67	Distributor Housing Top Bushing Seal..... 4.95 This is the correct seal that keeps oil from leaking onto the points plate that every distributor needs.

Electrical components such as Distributors & Related, etc. are
NON-RETURNABLE PARTS
Always refer to a factory service manual when diagnosing engine service problems.
You can damage electrical components if the proper procedures are not followed.
Be sure you are replacing the correct part.



272100	63-67	**Tach Drive Cross Gear & Coupler Kit (4 pc. set) (Includes cross gear, coupler, thrust washer and brass button)..... 46.95**

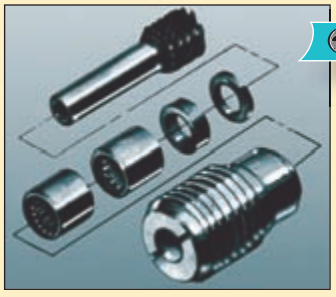
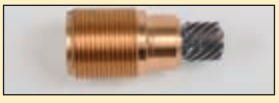
Complete new distributor assemblies - including vacuum advance, cap and rotor.



UPGRADE High Tech Cross Gear Assembly



These needle bearing cross gears will eliminate all the problems associated with the cross gear design. The problem is metal to metal contact between the cross gear and brass coupling. Cross gears have no undercuts and run through bronze and needle bearings. This eliminates coupling wear and provides a cross gear which will virtually last forever.

271001 High Tech Cross Gear Assembly (Bronze Coupler).. 79.95

CORRECT IGNITION COILS

H.E.I. Tach Drive Distributor

Special

Will Not Work on the Following Intake Manifold or Stock Ignition Shielding:
63-340 HP Intake #3794129
64-65 350/365 HP Intake #3844461
66-67 350 HP Intake #3890490

- **Built-in Performance Curve Kit**
- **Adjustable Vacuum Advance Kit**
- **4 Weight and Spring Sets to Tune Advance Curves**
- **64,000-Volt Coil**
- **High-Performance Ignition Module**

Keep your 62-74 Corvette's original factory mechanical tachometer and move up to a high-energy ignition system. This New Mechanical Tach-Drive H.E.I. Distributor has a high-performance module and 64,000-Volt Internal Coil. Direct replacement for the OE unit, however the stock distributor shielding must be removed. Features built-in performance advance curve. Comes with high-performance cap and rotor with solid terminals for maximum conductivity. Requires 75-81 H.E.I. type spark plug wires.

272136..... 149.95

Pertronix H.E.I. Distributor

Will Not Work on the Following Stock Ignition Shielding:
63-340 HP Intake #3794129
64-65 350/365 HP Intake #3844461
66-67 350 HP Intake #3890490

Produces 67% more energy in the coil with a 45% faster spark time. Flame-Thrower Distributors have a hi-performance coil and module that work together to operate without misfires up to 7500 RPM, while delivering twice the spark energy of a stock H.E.I. The distributors include: brass terminated cap and rotor, nylon rotor screws, two extra sets of advanced hardened distributor gear, center less ground shaft with bronze bushings and an A384 alloy housing. "No tach cable hookup" - H.E.I. with Tach Cable Hookup use Part #272020.

271079..... 229.95

High Energy Coil

• These are slightly larger in diameter than stock (2-3/16" vs 2-1/8"). Some adjustment of the coil bracket may be necessary

Flame Thrower high energy coil delivers an average of 15% more spark energy and voltage. More volts enables larger plug gaps for greater fuel efficiency and more power. Coils fit existing stock brackets.

301189	**Black**	**40,000 Volt Output- 1.5 ohm..... 34.95**
301147	**Black**	**Flame Thrower II Coil 45,000 volt-.6 ohms 39.95**

•=Rebuilt Original with NOS Magnet & Pole. Does not include cap / pick-up coil.

Transistor Ignition Wire Harness — See Page 187

"Ignitor" Breakerless Ignition

- Use With Flamethrower Coil

The Ignitor solid-state electronic ignition system uses rotating cobalt magnets mounted on the distributor shaft to trigger an electric switching module for higher output up to 35,000 volts. Ignitor eliminates the points and condensor and promotes increased plug life, better fuel economy and stable timing. And, for a stock look, it fits entirely inside your stock distributor. This system eliminates the need for an after market distributor and you can use a stock distributor cap. Ignitor systems are backed by a 30 month warranty.

Ignitor II takes it a step further by adding a powerful new microcontroller, that controls the dwell period, for the best possible spark over th entire RPM range and enhanced performance levels only found in more expensive "box type" ignition sytems.

Ignitor III

- 20% more spark energy than Ignitor II...Increased Burn Time
- Multi-spark thru the entire RPM range...Improved Combustion, more HP
- Rev limit set by user...Accurate to +/- 50 RPM

271057	**Ignitor**	**79.95**
271090	**Ignitor "II"**	**109.95**
271059	**Ignitor "III"**	**129.95**

Spark Plug Wires – See Page 70

Also see Cable Group — Page 45

Dielectric Grease

- Use at Every Spark Plug Change
- Eliminates Spark Plug Leaks
- Prevents Plug Boot Sticking
- Resists Moisture

For distributor caps, battery cables, battery posts and terminals, light bulb sockets, and all other types of electrical connections. Prevents corrosion and related problems.

396/427 Valve Covers

302384 65-67 396/427 Orange Valve Covers - Replacement Has P/B Dent, pr. 69.95
302037 65-67 396/427 Chrome Valve Covers - Replacement Has P/B Dent, pr. 69.95
302129 65-66 • 396/427 Valve Cover, pr. (65 All, 66 Late) ... 379.00
302140 66E • 427 Valve Cover, pr. (w/AC Dent) 415.00
#302140 66E 427 Valve Cover with AC dent was used from approximately November 65 to January 66, even if the car did not have AC.
302136 67 • 427 Valve Covers, pr. (Painted Type) 379.00
302137 67 427/L89 Valve Covers, pr. (Chrome) 529.00
• = Painting required.

All 65-67 396/427 Valve Covers have Power Brake Dent with drippers, regardless of P.B. option (some early 65's may be without drippers).

302145 65-67 396/427 Valve Cover Gaskets (Correct w/Silver Sealant - Cork, pr. 19.95
302120 65-67 396/427 Oil Fill Cap (Twist-In) Correct Black Finish w/S &SM Logos 35.00
302212 65-74 396/427 Black Oil Fill Cap (Twist-In) 15.95
302120 has the correct S & SM logos, 302212 does not have the logos
303072 65-67 396/427 Oil Fill Cap (Chrome - Replacement) 15.95

Sand-Cast Aluminum Valve Covers

• Strong sand-cast aluminum construction • .160" thick wall
• Precision-machined gasket flange to provide uniform clamping force on the gasket – much less prone to leak than stock covers which are typically made of .035" stamped steel
• Available in several finishes: as-cast aluminum, orange powder coated, or high gloss polish. These are sand cast parts and there will be some porosity.

301144 63-67 Cast Ribbed Valve Cover, pr. 259.00
301119 63-67 Cast Ribbed Valve Cover w/PCV and Breather Holes, pr. 369.00
301239 63-67 Polished Ribbed Valve Cover, pr. 429.00
301228 63-67 Polished Ribbed Valve Cover w/PCV and Breather Holes, pr. 519.00
301626 63-67 Cast Smooth Valve Cover, pr 259.00
301138 63-67 Polished Smooth Valve Cover, pr. 489.00
302265 65-67 • Big Block Cast Valve Covers, pr. 319.00
302284 65-67 • Big Block Cast – Orange Valve Covers, pr. (Orange Powder Coated) 449.00
302291 65-67 •Big Block Cast – Polished Valve Covers, pr. (ND) 499.95

• = Raised CORVETTE script and fins. Stock height, perimeter mount, PCV & breather holes. Cast-in internal oil drips. Left side brake booster relief. There may not be clearance for the Power Brake Booster. Does not use an oil fill cap. You will have to fill oil thru the PCV hole. See our website for photos of 302284, 301239 and 302291.

K&N High Performance Oil Filter

K & N Performance Gold Oil Filters meet or exceed all high performance automotive engine builder's standards. The K & N filter will flow up to 12 gallons per minute and is unaffected by racing fuels. Filters also feature a 1" wrench nut for easy removal, an anti-drainback valve to eliminate "dry starts," and a ribbed core constructed of a resin impregnated filter media to provide maximum filtering surface.

303322 Long 5" Tall.....13.50
303046 Short 4 1/4" Tall.....13.50
Spin On Oil Filter Conversion Kit #301220 Required

Dielectric Grease

Prevents fusing of spark wires to spark plugs, boot tears, corrosion and arcing.

271015 .33 oz 3.95

High Performance Spark Plug Wires

- **Low 500 ohm per foot resistance**
- **Silicone jackets to resist high temperatures, moisture, oil and chemicals**
- **Fiberglass reinforcing braid for added strength and flexibility**
- **Lifetime warranty**
- **Made in U.S.A.**

Stock appearing 7.0 mm black wire sets are custom built for a perfect fit - no cutting, crimping or splicing. Each low resistance wire has an outer silicone jacket to resist high temperatures, moisture and oil. EPDM inner insulation provides superior heat resistance and prevents arcing and voltage leaks. Fiberglass reinforcing braid adds strength and flexibility. Wire sets carry a lifetime warranty.

• = For Horn Wire, Park Lamp Wire, Under Dash and Rear Harness.

RPO Codes

Regular Production Options for engines used in 63-67 Corvettes are as follows:

L75-300 HP	**L78-396/425 HP**	**L72-425 HP**
L76-340/365 HP	**L36-390 HP**	**L88-430 HP**
L84-Fuel Injection	**L68-400 HP**	**L89-Aluminum Heads for L-71**
L84-350 HP	**L71-435 HP**	

Ignition Coils — See Page 60

Remanufactured and rebuilt starters include new solenoids.

Starters & Related

Hi-Torque Starter–See Page 76

302227	63	#242	Starter w/Date (ND) 299.00
302228	64-67	#320	Starter w/Date (ND) 229.00
302283	65-67	#352	396 & L88 Starter w/Date (ND) 429.00
302294	66-67	#365	427 Starter w/Date (ND) 379.00

• = These are original rebuilt starters with correct part number and date code. We will need to know the cars VIN number and the motor assembly date (on front right pad of the engine block) to make sure you get the correct dated part. Rebuilt original starters are drop shipped direct from our supplier, and orders must be prepaid.

Dated items are a special order. Please allow an extra 4-6 weeks delivery when ordering dated items.

301074	**63-67**	**• 327 Remanufactured Starter 99.95**
302154	**65-67**	**• 396/427/L88 Remanufactured Starter - Aluminum Nose 89.00**
303029	**66-67**	**• 427 Remanufactured Starter - Cast Iron Nose Exc. L88 ..... 99.00**

• = These starters are remanufactured replacement from Delphi and are sold outright — No core required.

When ordering "rebuilt" or "reconditioned" original parts such as STARTERS & ALTERNATORS, don't forget you are buying original parts, not brand new. They are professionally rebuilt and inspected, and fall under Corvette Central's satisfaction guarantee.

662058 63-67 ..... 21.00

Simple plug-in conversion kit allows use of 69-86 SI series internally regulated alternators in place of original externally regulated alternator.

IMPORTANT

Electrical components such as Starters & Alternators are

NON-RETURNABLE PARTS

Always refer to a factory service manual when diagnosing engine service problems. You can damage electrical components if the proper procedures are not followed. Be sure you are replacing the correct part.

Chevy Orange Engine Paint

Extra pigment Engine Enamels have been formulated by RestoMotive Laboratories to be the best and most beautiful engine enamels you can buy. Enamels are available in incredibly rich colors that flow easily, cover better than any other paint, and last longer. Our enamels are non-flammable and conform to even the strictest California environmental standards. Typically, a pint is enough for an entire engine. NOTE: This is a hazardous item and cannot be shipped by air or outside the Continental U.S.

High Torque Starter

- **Use with 14" - 168 tooth flywheel**
- **Starter has both staggered and straight bolt patterns**

Dyno tested high efficiency Powermaster starters produce 200 ft. lbs. of torque, weigh only 8 lbs., and eliminate heat soak problems. Starters will clear all headers and all oil pans that accommodated stock starters. Gear reduction ratio is 4.4:1. Mounting bolts included.

Brad Penn 10W-30 High Performance Oil

- Increased levels of "zinc" (zonc dial kyldithiophosphate) provide outstanding anti-wear protection for engines with either "flat tappet" or roller type cams.
- Penn Grade base oils provide excellent film strength while synthetic stocks enhance performance over a wide range of operation temperatures and conditions.
- Oxidation and foam inhibitors offer protection against thermal degradation and air entrainment.

A truly versatile oil suitable for engines used both on the street and/or the track. The multi-viscosity grade and synthetic components facilitate cold starting and quicker engine warm-up while insuring adequate engine protection during competition.

301236 Quart 10W-30 ..... 7.95

Engine Oil Additive ZDD Plus (Zinc)

- Excellent For Preventing Cam & Lifter Wear On Non-Roller Cam Engines
- Ideal Substitute For GM's E.O.S. (Engine Oil Supplement)
- ZDDP (Zinc Dialkyl Dithiophosphate)
- Brings Current SM Oil Category Back To SF Specifications FoEP (Extreme Pressure)
- Required For All Engines Prior To OBD Vehicles With Flat Tappet Cams
- 4 Oz. Bottle

301157..... 9.95

Cool/Insulating Tape

- Withstands direct heat up to 400°F
- Use to secure panels, seal air boxes, wrap wiring and more
- Strong self-adhesive backing • 1 1/2" x 15' Roll

Cool Tape is an ultra light weight heat reflective solution for wrapping wires, cables, hoses, fuel lines, covering seams, and many other uses.

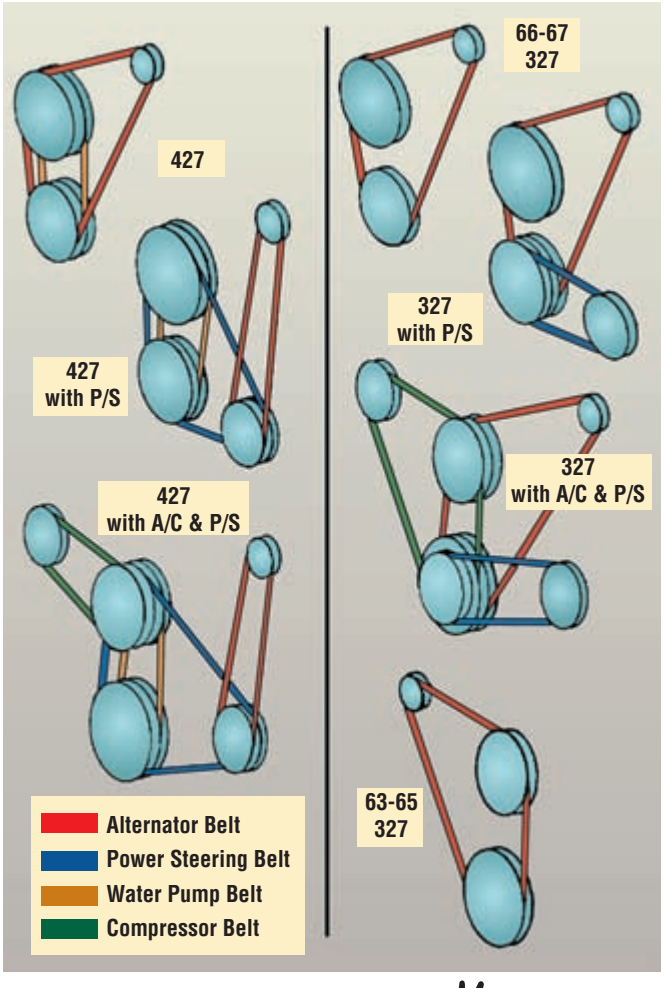
Engine Belts

Having trouble figuring out which belt you need? Call our Product Assistance Line. We can even cross the original GM part number to our part numbers!



Made in America

GM 383781O 380X3440 3T MV884O25

Z06 PRODUCTS, INC.

HELPER BEFORE YOU ORDER...

Remember to carefully check all pulleys for correct O.D. when ordering fan belts. Our belt lengths are per G.M. specs, and will not fit properly if any of your existing pulleys are incorrect. We can assist you on our tech lines if you are in doubt. Please be sure before ordering a specific belt.

CORRECT BELTS
Cloth wrapped to give the belt more durability and a more original appearance. All belts have GM logo, part number and vendor I.D. hot stamp embossed just like the original.

Think Aluminized

You will notice that our exhaust section does not list any stainless steel (SS) pipes. Our previous catalogs listed SS systems, but we have always promoted aluminized systems for the following reasons:

- SS retains heat which makes the pipes run hotter. This heat is radiated through the floor of the car.
- Customers that purchase SS for its appearance will be soon disappointed because the SS pipes turn blue near the manifold and yellow back to the mufflers.
- The heat retained by the SS will cause your exhaust system to grow in length as the car warms up. Customers have measured this growth at as much as 1 1/2". This change is enough to make even properly fitting pipes rattle.
- The stiffness of the SS causes inconsistencies in bending and also clamping difficulties.

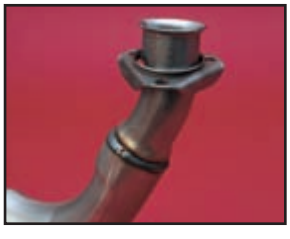
At half of the cost, we feel that aluminized exhaust systems are the way to go. The aluminized coating on the I.D. and O.D. of the pipe allows for proper cooling. SS has many good applications for restoration parts on your car, but we do not feel quality exhaust systems are one of them.

Correct Factory Sound!

Reproduction ALUMINIZED Mufflers Manufactured by

- Manufactured to OEM specifications
- No sleeves or adapters required
- Correct fit and look
- Factory type brackets

Correct Factory Exhaust Pipes!



Starting in 1966, all small block exhaust manifolds were 2" and therefore, all manifold to muffler exhaust pipes were 2" where they bolted to the manifold. Hi-performance engines used exhaust pipes that went from 2" to 2-1/2" as shown above. See exhaust application chart on page 67. This is how GM pipes were originally manufactured. Lower horsepower engines used 2" pipe throughout the exhaust system.

Exhaust Guarantee

If you are the original purchaser of any exhaust component and it fails due to rust, corrosion or workmanship, return it to Corvette Central for a replacement.

SPECIAL PRICES ON COMPLETE ALUMINIZED EXHAUST SYSTEMS

• Original factory exhaust systems came on the car with the secondary pipe welded to the muffler. The chart above lists systems both with the welded mufflers and with the muffler pipe separate. NOTE: This system is not to be confused with the O.E. M. high performance "off road" exhaust system which also came as a welded secondary pipe and muffler assembly. Note: Cars with automatic transmission used a 2" exhaust system.

•• These systems are available with our Magnaflow Hi Flow Mufflers. To order add $60.00 and specify - Mag Example: 322635 - Mag=64-65 2 1/2 Exhaust System 365.00

See Our Website for System Photos and Installation Diagrams

Attention 63-67 Owners!

Corvette Central now offers a DELUXE Exhaust System. This is our complete system as listed above, but also includes a heat riser with gasket, center and muffler hangers and SS exhaust extensions.
To order, add "DLX" to the system number from above.

Example:
322636 DLX = 64-65 2 1/2 OEM Style Deluxe Exhaust Kit - $443.95

63	2" System	Add - $314.00

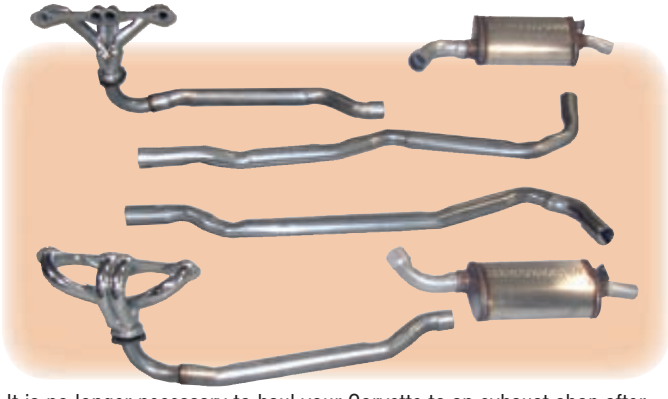
Exhaust Sounds on your Smart Phone

By adding '-CS' to the part number, you will receive carbon steel pipes that are re formed and welded as close to original as possible. The conventional part numbers are for our regular aluminized pipes. Please Note: all tubing is 14 gauge single wall pipe unless otherwise noted.

322020 "Off Road Muffler" Rubber Stamp Kit.....22.00

Dual Exhaust Systems With Headers And MagnaFlow Mufflers



It is no longer necessary to haul your Corvette to an exhaust shop after installing headers. Corvette Central offers a winning trio with a bonus:

- **Patriot aluminized headers, which fit stock 327's and 350's as well as GM Performance Parts ZZ Series motors.**
- **Corvette Central's 14 gauge aluminized pipes manufactured to our high quality standards from the best materials available.**
- **MagnaFlow performance mufflers-widely known for their wide-open performance and great sound.**
- **System does not include hangers. Exhaust hangers must be purchased separately.**

63-67 Side Exhaust Header Systems

Side mount systems are complete with headers and side tubes. Slip-in mufflers can be ordered separately. Applications are for any combination of air conditioning, power steering or brakes, and manual or automatic transmissions. Header sets include header gaskets, header bolts, and instructions. Some systems may not be legal for street use in some states — check state laws before installing.

Header components available separately...INQUIRE

Slip in Muffler and Flanged reducers are sold separately

HELPER

Original Fiberglass Colors

63-65 Fiberglass is White, 66 Fiberglass is Gray, 67 Fiberglass is Black

Important Note:

All fiberglass replacement parts are considered collision parts and should be fit to the car before final finishing.

It is normal for these parts to have chips, scratches, and even minor cracks when received. This is considered to be normal and is not a reason for part replacement.

Bonding Adhesive & Filler

Fiberglue is formulated for all types of fiberglass including GM's new sheet molded compound (SMC) fiberglass panels. All Adhesives come with hardener.

143201 Fiberglue - gallon **109.00**
143202 Fiberglue - quart **34.95**
Cannot be shipped by air.

Hard Setting Epoxy Repair

A two part high strength epoxy adhesive, filler, and surface designed for bonding or repairing SMC, rigid plastics, fiberglass, steel, aluminum, glass, and other rigid type materials.

HELPER Fiberglass Terms

HL = Hand Layup parts are manufactured by hand laminating pattern cut fiberglass mat and fiberglass resin into a precision mold. This method produces high strength panels with uniform thickness and smooth surface only on 1 side.

IFP = To answer the need for original looking fiberglass body panels there is now a process to fully finish the insides of traditional hand laid products. These are significantly less expensive and stronger than Press Molded panels. When assembled with the appropriate bonding strips they are identical in appearance from the original GM O.E.M. panels.

PM = Press molded parts are formed under pressure in matched moulds as original. This assures a high strength part with a smooth surface on both sides.

+ = Truck Ship Items are shipped freight collect direct from our supplier, and orders must be prepaid.

Performer AFB Replacement Carburetor

• Includes Fuel Feed Inlet Gas Line

Edelbrock's Performer Carburetors feature two-piece, all-aluminum construction for cooler operating temperatures and less warping. There are no gaskets below the fuel bowl level for fewer leaks, and no plastic parts or power valves to blow out. The carbs use easily changed metering rods for precise tuning, and the primary venturi booster is a bottom-feed design for smoother acceleration and better drivability.

351052 (ND)..... 399.95
352143 Edelbrock Performer Intake Manifold 199.95

See Page 77 for Photo and Information.

Lucas Octane Booster

- **Safe for turbos, oxygen sensors, and catalytic converters.**
- **Suitable for use in fuel injected and carbureted engines.**
- **Provides more boost than most other brands.**
- **Promotes clean fuel burn for fewer emissions.**

A real Octane Booster! Tested and proven to deliver three times more boost than most other brands. Lucas Octane Booster is a genuine performance enhancer! It's safe for turbos, oxygen sensors, and catalytic converters. Stops knocks, and raises MPG in high compression engines. One 15 oz. bottle treats up to 25 gallons of fuel. Not street legal. Safe for any gasoline engine.

351136 15 oz.....8.95

NOTE: This is a hazardous item and cannot be shipped by air or outside the Continental U.S.

Red Line Lead Substitute

Prevent valve seat recession in vehicles designed to use leaded fuels. Red Line Lead Substitute prolongs the useful life of these engines and cleans carburetor deposits. 1 oz. treats 10 gallons.

351094 12 oz. 9.95

362034 63-67 Gas Tank Overflow Kit - Includes Gas Neck Seal w/Nipple, Hose, Spring, and Tie Strap 36.95

Gas Tank Helpers

Tank Tone Paint
Not to be mistaken for ordinary silver paint, this coating actually contains zinc to protect your gas tank from rust. Many gas tanks came from the factory with a similar coating. Works well over minor surface rust and helps stop its spread. Two cans required for the average tank.
361023 13 oz.....15.95

POR-15 Fuel Tank Repair Kit
Kit includes:
- Marine Clean: to remove gum, sludge, and varnish from tank
- Prep and Ready: to remove rust and prepare tank for sealer
- U.S. Standard Fuel Tank Sealer: to permanently seal tank
- Fuel Preservative and Stabilizer: to keep your fuel and fuel system trouble free

Classic Instruments Gauge Package

This direct fit package is the perfect way to upgrade the interior of your classic mid-year! This package features a 4 5/8" Speedometer and Tachometer and 2 1/8" Fuel (0-90 ohms), Oil Temperature, and Volt gauges in your choice of sixteen different series. Stainless low step bezels and flat glass are standard. The package is designed to operate with any original equipment or modern engine and transmission combination ot ECU. The gauges come pre-wired and mounted in a precision machined adapter panel that bolts directly to the original dash bezel for easy installation. The panel is designed to use the original warning and indicator light locations and includes an additional warning light in place of the trip odometer. All necessary sending units are included.

Flitz Plastic Window Restoration Kit

Restores clarity to yellow, hazy, or cloudy eisenglass, plexiglass, gelcoat, and fiberglass. Fast and easy. Buff Ball is washable and reusable. Results are guaranteed.

102595 ..... 40.95

Hardtop Rear Window Restoration Kit

• For use on Plexiglass/ Hardtop Windows

Restore clarity and luster to the rear window of your hardtop. The Micro-Mesh Kit contains detailed instructions and all the materials necessary to restore the surface finish and remove minor imperfections in acrylic surfaces. Improve rear vision and the overall appearance of your Corvette when you restore your hard top rear window.

101519..... 39.95

Electric Hardtop Hoist/Garage Organizer

A four-point hoist system is now available that will take all of the physical labor out of lifting those irregular size hardtops. This motorized system works with the touch of a button and mounts into any ceiling with ease. It works by wireless remote that looks like a keyless entry to your car. It can be plugged in, but also has a battery; the hoist is equipped with a 1.1 HP motor and is rated at 500 pounds.

431031 ..... 799.00

Hardtop Storage Cover — See Page 17

Hardtop Carrier

Padded carrier protects your top or roof panel during storage. Made of heavy duty white powder coated frame with easy roll casters. Assembly required. Includes storage cover. Shown black for photographic purpose.

101207..... 139.95

Hard Top Hoist

2 pulley system attaches to rafters of your garage, to get your hardtop out of the way. Includes nylon sling, nylon rope, hardware and instructions. Not for storing hardtop.

Headlight Assemblies

Includes everything needed to completely build a headlight Assembly. Assembled as shown. Everything shown in our catalog except motors and wires. Includes bulbs and limit switches— all new!

442048 (L or R) 629.95

Electric Headlight Door Conversion Kit

This Electric Headlight Door Kit replaces the stock electric actuated system. When installed, this kit operates the headlight doors more reliably, smoother and in synch than stock.

Electric Headlight Kit uses current sensing technology to provide a system that needs no adjustment and is extremely safe. Installation with no permanent modification to your classic Corvette. This allows owners the option to return their vehicle back to its original configuration if desired, leaving no holes or spliced wires behind. Once installed, you will no longer need to operate the headlamp doors separately with the problematic factory momentary switch, the control module will automatically actuate them when the headlamps are turned on/off. The doors can also be manually opened and closed for headlight maintenance/cleaning by simply rotating them by hand. The kit comes complete with everything you need for installation including two electric actuators, a control module, harness, mounting brackets, and hardware.

Complete Factory Style Heating and A/C Kit

Gen IV SureFit System

Complete Kit includes: Evaporator, condenser, drier, compressor, compressor bracket, hose kit and binary safety switch.

- **Fully electronic operation - No cables or vacuum controls**
- **Kit includes individual Rotary Electronic Controls for electronic operation**
- **Micro-processor controlled coil temperature monitor. No capillary tube to install!**
- **Separate high capacity heat and cool coils**
- **Aluminum plate/fin A/C coil (most efficient evaporator design available)**
- **Copper/brass parallel flow heater coil**
- **Blend air door for instant temperature adjustment**
- **Infinite dash/floor air blend (in most applications)**
- **Infinite defrost / floor air blend with dedicated defrost option**
- **Steel firewall cover plate**
- **All Gen IV systems allow for optional smooth fire configuration (must use modified hose kit)**
- **Positive shut off solenoid operated heater control valve in max A/C**

The Gen IV is Vintage Air's most powerful and intelligent climate control system. Gen IV systems utilize our exclusive fully electronic microprocessor control servomotor drives to eliminate cables or vacuum connections. Separate high capacity copper parallel-flow heat coil and aluminum plate and fin cooling coils provide outstanding performance and instant temperature adjustments. Our new Corvette SureFit System includes a three individual rotary control and factory style knobs that install in the stock dash location. Additional features include variable blower speed and dash/floor/defrost blend. SureFit Systems are engineered specifically for each vehicle application and require minimal alteration to the vehicle for installation.

A/C Compressor

- **Light Weight and Efficient**

- **52% Lighter**
- **Ultra Quite**
- **Super Efficient**
- **Works with Factory Hose Assemblies**

The Pro 6 Ten compressor is a 10 Cylinder "bolt-in" direct replacement for the GM Frigidare/Harrison A-6 Compressor. This new design is specifically engineered to fit original A-6 mounting brackets and A/C hose assemblies. This highly efficient compressor offers a smoother, quieter operation, creating less vibration and engine drag, increased fuel mileage, improved engine and cooling system performance. Note: Compressor's are set for R-134 refrigerant, to use old R-12 compressor, oil would have to be drained and replaced with R-12 compatible oil.

452124 (ND) 359.00

R-134a Conversion Kit

This kit allows you to convert your A/C system from R-12 to R-134a usage in a cost effective manner. Compared to a typical R-12 service procedure, only three additional steps are needed to convert to R-134a. Includes new D-rings, Ester oil and instructions.

452116..... 39.95

- **Prevents Oil from Spraying on Hood**
- **Protects from Touching Air Conditioner Belt**
- **Dresses-Up Compressor**
- **Easy Slip On Installation**

Interior Color Codes

Color Codes are added to part numbers of interior parts requiring a color.

Many parts in the Interior Section require a color code specification when order-ing. Below is a chart showing code numbers for each year

Example:	part number	color code
1963 Red Vinyl Seat Covers	- 132005 -	13

COLOR CODE CHART
- Go down left hand column to Year
- Go across to center column finding Color
- To the right of the color is the Code

YEAR	COLOR	CODE
1963	Red	13
	Black	14
	Dark Blue	17
	Saddle Tan	18
1964	Red	13
	Black	14
	Dark Blue	17
	Saddle Tan	18
	Silver	19
	•Silver/Black	19A
	Silver/Dark Blue	19B
	White/Red	20A
	•White/Black	20B
	White/Tan	20C
	White/Blue	20D

• = Black Carpet on Door Panels

YEAR	COLOR	CODE
1965	Black	14
	White	20
	Maroon	21
	Silver	22
	Saddle Tan	23
	Bright Blue	24
	Green	25
	Red	26
	White/Red	20A
	White/Black	20B
	White/Blue	20D

YEAR	COLOR	CODE
1966	Black	14
	White	20
	Silver	22
	Saddle Tan	23
	Bright Blue	24
	Green	25
	Red	26
	Dark Blue	27
	White/Dark Blue	20D
1967	Black	14
	White	20
	Bright Blue	24
	Green	25
	Red	26
	Teal Blue	28
	Dark Saddle	29
	White/Black	20B
	White/Blue	20D

Note: Colors shown are approximations to assist you in determining your interior color. Actual material samples may be requested.

63-67 Seat Cover Installation Service

Let us take the hassle out of recovering your worn and dirty seats! All you need to do is send your seats in to us and we'll do the rest. Our installation experts can ensure that your new seat covers are installed correctly and for much less than a traditional upholstery shop would charge. The entire process takes about 4-6 weeks, and the workmanship is guaranteed for a full year! Seat covers, foam, and any necessary hardware and parts must be purchased separately from Corvette Central. Price shown includes labor only.

131018 (ND) 569.00

Seat frames can be cleaned and refinished for an additional $199.00 — use part #132403.

Sport Latch & Link System Racing Seat Belt Harness

• 5 Point Race Belts, SFI Tagged and Certified

Sport Latch & Link belt system uses drop-forged alloy steel latch and link mechanism Latch and Link and includes high-quality adjusters and pulls. The Sport harnesses have polyester webbing, which still offers maximum protection with minimum elongation and passes SFI 16.1 certification. Polyester straps allow for a lower cost for the budget-minded racer while maintaining the quality. This Sport racing harness belt system is affordable and adaptable to many race cars. Belts are pull-down with wraparound belt mounts but interchangeable bolt-in brackets are included.

L.E.D. Tail Lamps

A Bright Idea for Your C2

If you're looking for a way to set your C2 apart from the rest, we have a new set of L.E.D. taillights that will brighten things up. Tail lights feature L.E.D. bulbs that are much brighter than the factory units and have multiple light sources around the housing as well as in the center of the lens. These taillights fit C2 models and easily plug into the factory wiring harness and bolt in place. It's an easy way to upgrade your Corvette's appearance while adding a measure of increased safety.

55-82 RediRad

Radio Adapter

- **Designed for Simple Out-of-Sight Installation**

At last, you can listen to music from your CD player, iPod®, satellite radio or cassette player without modifying the car's original AM radio.

Offering a real solution to an ongoing dilemma, the all-new RediRad™ allows you to retain your Corvette's factory radio and enjoy music from any portable music player!

Music is seamlessly routed from your CD, cassette, MP3 player or even a satellite radio unit into your AM or AM/FM radio without any vehicle modifications or the need for cumbersome, theft-prone aftermarket equipment!

101968 63 AM Radio (ND) 99.95
102771 FM Radio (ND) 99.95
See our WEBSITE for more information

"Secretaudio" Radio Hideaway Solution

With Hand Held Remote!

Hideaway 200 watt AM/FM CD controller features 'RF' (radio frequency) remote control. Especially ideal for Corvettes or any vehicle. You can leave your original radio intact, mount the LCD display sensor almost anywhere, and control it with a wireless remote from up to 40 feet away. The tuner/amplifier unit can be hidden out of sight (under dash or in storage compartments).

Features: AM/FM Stereo • 200 Watts (4x50) • CD Changer Control • Separate Bass & Treble • 4-Way Fader • Dual RCA Pre-Outs (front & rear) • 30 Pre-sets (12 AM/18 FM) • Wireless Remote & LCD Control. Unit dimensions: LCD Display: 4.5" (w) x 1.5" (h) x .75" (d); Tuner/Amp: 6.5" (w) x 1.375" (h) x 5.75" (d). Combine this unit with Corvette Central's upgrade speakers and 104313 6 Disc CD Player for a great sound system.

101744.....289.95

RetroSound

CORVETTES NEVER SOUNDED SO GOOD

KHE High Power Radio for 63-67

MP3/I-Pod Input in Face and a 5' USB Cord in back of Radio

• Works Great with FM Modulated CD Player

If you want great sound at an affordable price, then this is the radio for you! A quick review of the features and you'll realize why it's our best seller. • Electronically Tuned PLL Synthesized
• Frequency/Digital Display and Clock
• 5 AM & 15 FM Stations Memory • Preset Scan/Auto Store Button • Automatic Mono/Stereo Function • Power On/Off Volume Control • Front/Rear Fader Control • Separate Treble/Bass Controls • Green Light Lumination • Indicators AM FM1/FM2/FM3/Stereo/Tape Direction/Preset Channel Number • Auto-Antenna Drive Power Lead

Manual Tuning

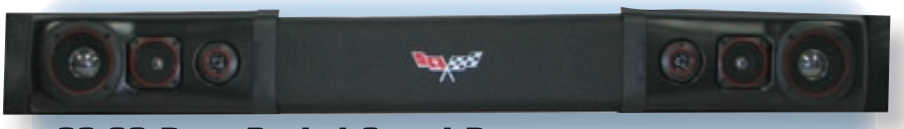
Year	KHE-100 100 Watts	KHE-300 200 Watts
63-67	102782	102397
	ONLY $239.95 EACH	ONLY $269.95 EACH

High quality custom AM/FM Cassette Radios and Speakers are made to "fit and fill" your Corvette dash without any modifications. Radios and speakers carry a 1 year parts/labor standard warranty.

Kickpanel Speakers

You can now enhance sound quality with Custom Autosound's new kickpanel speaker assemblies! These new "kicks" sound great, enhance interior appearance and affords a "no modification" fit. Features 4" round coaxial speakers with 120 watts peak power capacity.

102421 63-67 Kick Panel Speakers, pr. 149.95



63-82 Bass Ported Sound Bar

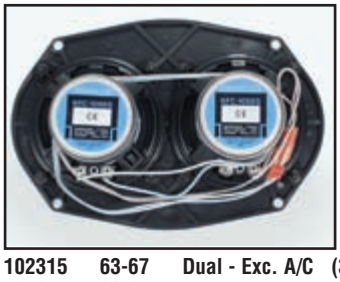
A great solution for locating rear speakers for your Corvette's sound system. Custom mounting against rear horizontal panel of all Corvette storage areas looks like factory installation with very little reduction of storage space. May also be used on 78-80 Corvettes without optional dual rear speakers. Only 3" deep with 2 - 4" speakers and 2 mid range speakers (6 speakers total!). 200 watt power handling.

103416 63-82 .....99.95

Radio Alternator Noise Suppression Kit

If you experience unwanted motor whine or engine noise, check all grounds on radio, amp, antenna, etc. If you still have noise our filter may help! This noise suppression kit attaches to your alternator to suppress whining and other irritating interference. This kit is for alternator equipped Corvettes. Just connect two wires and mount in a "hidden" location.

102312 .....19.95



Upgrade Speakers

Custom dual 4" speakers, pre-wired and designed to install in original speaker area.

102315	63-67	Dual - Exc. A/C (30 Watts)	39.95
101314	63-67	Kenwood Dual Upgrade - Exc. A/C (120 Watts)	89.95
102316	63-67	Dual with A/C (30 Watts)	39.95
102319	63-67	Kenwood Dual Upgrade with A/C (80 Watts)	79.95

Corvette Central suggests you purchase an upgrade speaker to go with your radio. Original speakers do not have watts for these high power radios.

Hideaway Antenna	161128	31.95
	See Our WEBSITE for Photos and Details	

63-67 Dual Voice Coil Speaker

Dual voice coil speakers produce the best quality sound possible from your original speaker location. Speakers have up to 70% more cone area than conventional dual front speakers resulting in improved bass response and 140 watt power handling. Both stereo channels connect directly to this one speaker. 15 oz. magnet.

101717 .....44.95

Will Not Fit Cars With Air Conditioning

AM/FM Slidebar Stereo Radio

• Fits your dash without any modifications • Uses original antenna • Chrome plated die cast nose piece; Slidebar and pushbuttons look original • Correct knobs • Slidebar duplicates action of original (slide the bar UP and the AM dial is displayed. Slide the bar DOWN and the FM dial is displayed) • 10 presets (5 AM, 5 FM) • 4 x 45 watts RMS output allows up to 180 watts of audio power • Analog controls look and feel like original radio • All controls easily accessible. Volume, Bass, Treble, Balance, Fader and Tuning from original-looking controls • CD or XM (satellite) inputs included • LED dial lights will never need replacing • Digitally tuned AM/FM/Stereo front end provides stable, high quality reception • 1/2" shafts on controls for mounting (same size and thread as original shafts) • Memory retention for pushbuttons.

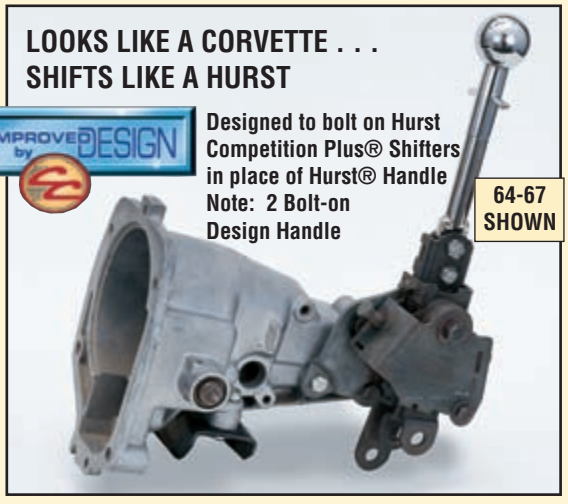
LOOKS LIKE A CORVETTE . . .
SHIFTS LIKE A HURST

IMPROVED BY DESIGN

Designed to bolt on Hurst Competition Plus® Shifters in place of Hurst® Handle
Note: 2 Bolt-on Design Handle



Stock Style Hurst Shifter Handle

Our Hurst Shift Handles are designed to fit Hurst Competition Plus shifters with 2 bolt handle design. 63-67 Shifter Handle includes T-Handle and Knob. Mounts on Hurst Shifter but gives you a stock look. Hurst Shift Handles use stock shift boot. You can have a stock Corvette look, but the crisp, positive shifts of your Hurst Competition Plus Shifter! These stock style handles are dead ringers for the original T-handle shifters, but are custom crafted to attach to your Hurst Shifter. Shifter will function as normal. Includes T-handle and knob. Fits stock shift boot.

532044	**63**	**Shifter Handle Assembly-Fits Hurst Shifter**	**105.00**
532045	**64-67**	**Hurst Shifter Handle w/Knob**	**89.95**

4 Speed Hurst Shifter Kits
Hurst Shifter Assemblies include shifter, linkage and CC's Hurst reproduction shifter handle.

532040	63	Hurst Shifter Assembly for 63-68 Muncie Trans	529.00
532041	63	Hurst Shifter Assembly for 69-82 Muncie Trans	529.00
532042	64-67	Hurst Shifter Assembly for 63-68 Muncie Trans	519.00
532043	64-67	Hurst Shifter Assembly for 69-82 Muncie Trans	529.00
531103	63-67	Hurst Shifter Bushing Set (6 pcs.)	8.75

63-68 uses a stud with nut, 69-82 uses a bolt to attach the shifter levers to the transmission.

Hurst Shift Handles use Stock Shift Boot.

3925661	-	**1969 to 1974**

Automatic Shifter Conversion Kit

The purpose of this kit is to allow the use of the factory installed automatic shifter when the transmission is replaced with a newer 3-speed (TH350 or TH400) or 4-speed overdrive (TH700-R4, 4L60, or TH200-4R) transmission. The kit retains the rod linkage.

How do you tell a T-10 from a Muncie? One way is to look at the side cover shape.

Complete Transmission Rebuild Kits

If your transmission is making noise or shifts hard, now is the time to rebuild it before serious damage occurs. These kits are assembled by one of the country's top transmission rebuilders and contain the following: front and rear main bearings, synchro rings, gaskets, seals, strut rods, springs, needle bearings, snap rings, thrust washers, main drive nut, and a new countershaft. Many of these parts are hard to find, especially when you need them! Order a kit today and get your transmission back in top condition.

GM Syncromesh Transmission Fluid

• Excellent as a lubricant • Withstands high temperature
• Specifically for use in GM manual transmissions
• Excellent as a lubricant

Dexron III is being phased out as a product name. It is being renamed Manual Transmission Fluid. DO NOT use Dexron VI in place of manual transmission fluid in any manual transmissions or transfer cases that specify Dexron III, as a failure may result.
Note: This is a hazardous item and cannot be shipped by air or outside the Continental U.S.A.

531196 Quart 9.95

101649 Suction Gun Tool 16.95
Use for removal of transmission or rear end lubricants.

RPO Codes

Regular Production Options for 63-67 Transmissions are as follows:

M20 — 4 Speed
M21 — Close Ratio 4 Speed
M22 — Close Ratio 4 Speed HD
M35 — Powerglide Automatic

5 SPEED TRANSMISSION KITS

SILVER SPORT Transmissions

PerfectFit™ is an SST exclusive and here's why...

- 30-50% pe rcent increases fuel economy are common
- Gre atly reduced driver fatigue-road trips are fun again!
- Long e ngine life
- Re duced NVH (noise-vibration-harshness)
- You w ill want to drive your Corvette much more than ever before!
- Shi fter comes up to the proper factory location in console
- Shi fter stub duplicates factory appearance with correct angle
- Compa ct shift tower for best fit
- Cri sp shift with short throw
- Re production parts for factory look

Low RPM Cruising Gear Overdriven 5th gear provides comfortable highway driving, improved fuel economy, reduced wear and tear on engine and accessories. Several ratio choices are available.

Convertible Top Weatherstrips – See Page 177

Stafast Cloth Soft Top Kit

Stayfast canvas is used in the C4 and C5 Corvettes. A three layer composite made of 100% acrylic square weave outer fabric, a rubber inner layer, and a 100% drill lining fabric.

Available in black-67 or tan-68. Includes top, pads and straps.
132035 ..... 439.00

Feature PRODUCT

63-67 Original Type Convertible Top Kit

SPECIFY COLOR

63-67 original equipment tops match the original factory convertible tops in every detail, and they are a must for the Corvette owner wanting exacting quality and originality right down to the washing instructions tag. All of our tops are crafted from the finest quality 40 oz. heavyweight vinyl material with black mildew-resistant fabric backing. The crystal-clear, heavy-gauge rear window is heat sealed as original. **Kit includes top, pads, straps, cord, finish strip with tips, warning tag, and instructions.**

132230 63-67 Original Type Soft Top Kit 269.00

Note: Date on top 1166 = August 1966. This date should be within at least 3 months prior of car's assembly date.

With Correct Logo and Date Stamped Rear Window As Original
Same top as above, but correct date and manufacturer's logo are heat stamped into the back window — just like the factory.

132237 63-67 Original Type Soft Top Kit (Dated)..... 389.00

When ordering dated parts, please specify car serial number and year or the code you require. Please allow at least 2-3 weeks when ordering dated items. Dated tops are S/O - Not Returnable.

63-67 Deck Lid Protectors

For use when top is up!

Before it happens, prevent your soft top or hard top from leaving scratches and unsightly marks on your Corvette's rear deck. Deck Lid Protectors are static cling film (no adhesives needed!), die-cut for your model year! They cover the area where your top comes in contact with your rear deck — keeping it in like new condition. Available in clear or black. For use when your top is up.

Note: This is a reproduction of the 63-67 Corvette jack. We do not recommend it to be used to lift the car as the design is over 25 years old. We recommend buying a heavier duty jack to use to lift the car. Never work on a car or get under a car while being lifted or supported by any jack! Use jack stands!

BORGESON
Steering You Forward

Power Steering Gear Box

Borgeson offers an integral power steering conversion for your 1963-1982 Classic Corvette. The Borgeson Conversion Box is a remanufactured GM Delphi 600 integral power steering gear box. The Delphi 600 represents the last generation of integral power steering gear box technology with true modern power steering fee, feedback, and a sporty 12.7:1 ration. Borgeson has remanufactured this box to bolt directly to the factory mounting location and to fit the stock pitman arm. A new rag joint is included for connection to the stock column. The factory column will need to be collapsed or shortened 1-2" for clearance of conversion box. Eliminate your leaky control valve and feel the road with a new integral power steering conversion from Borgeson.

ALL NEW...
Steering Boxes for 63-82 Corvettes

These NEW steering boxes are manufactured using the highest quality all new components. Even the castings and cap are new! (This also means no core charge is required!) These are new steering boxes manufactured by the original supplier. They are preset to factory spec and *Do not Need Adjustment*.

562148 63-68 .....399.95
563244 69-82 .....399.95

63-69 Steering Boxes have cast iron top covers, 70-82 are aluminum.

Steering Box Rebuild Service

Steering boxes are completely disassembled, cleaned and inspected. Re-assembly includes all new pre-greased bearings, races, seals and adjustment to factory specs. Rebuilt boxes are in stock, ready for shipment. Additional costs may be added if worm gear or pittman shaft gear is damaged. A $125.00 core charge is additional if old, rebuildable steering box does not accompany order. **Approx. 2 week rebuild time.**

562550 63-67 Rebuild Service..... 199.00

The above product will have a $125.00 core charge added to it if your core is not received before the time of order. Please remove steering couplers and arms when sending in core, these parts will not be returned.

Corvette Central buys rebuildable 63-82 steering boxes for 45.00 each.

Steering Gear Box Lube

Redline Synthetic Light Weight Shock Proof Gear Oil High-Performance Gear Lubricant

- **Greatest extreme-pressure protection**
- **Lowest coefficient of friction available**
- **Reduces temperatures dramatically**
- **Provides thicker oil films between gear teeth**
- **Completely resists throw-off**

561170 Quart..... 17.95

Power Steering Fluid

Redline Power steering fluid provides much improved wear protection and resists thermal breakdown. Provides continued high pump output at high temperatures and resist evaporation and foaming at high temperatures. Suitable in most power steering units.

Steeroids™

63-67 Bolt On Rack and Pinion Steering Kit

The following components are included:

- Remanufactured GM Saginaw rack and pinion
- Adapter brackets and miscellaneous fasteners (Grade 8)
- Self cleaning and lubricating teflon lined tie rod ends
- U-Joint assembly
- Power steering hoses

Get improved steering feel with greater control and responsiveness from this lighter than stock rack and pinion steering system. Additional improvement comes from a quicker steering ratio that gives you approximately 2.75 turns lock to lock.

Kit includes everything you need to complete a well engineered conversion with the exception of a power steering pump. Re-use your existing pump or a stock pump and brackets for your application. This system will clear after-market tubular headers. Bolt on installation requires absolutely no welding, cutting or drilling and installs with basic hand tools in about 3 hours.

ADDCO Performance Anti-Sway Bar Systems

You can feel it and you can see it, and now you can correct it with ADDCO anti-sway bars. Body roll, that uncomfortable leaning of your Corvette as you turn corners, can now be corrected with adjustable anti-sway bars. Easily bolted on to your chassis, the sway bars start out in the base line position and can be adjusted to suit your specifications. You decide just how fast or how much reaction you want out of the bars. The sway bars are adjusted by simply tightening or loosening the links on the bars. All necessary hardware and instructions are included.

572041 Front, 1" Kit 159.95
572112 Front 1 1/8" Kit 189.95

Correct Ball Joints

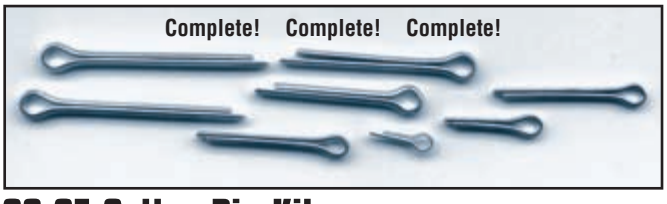
Includes:
Correct rivets, correct dog point threads, correct boot.

572137 **Correct Upper Ball Joint, ea.** **29.95**
572143 **Correct Lower Ball Joint, ea.** **29.95**

Correct Shape Tie Rod Ends

Note: These new design tie rod ends come pre-greased with (EP2 GREASE) and are now a sealed unit that does not require any additional grease, "Zerk fittings are for cosmetic purposes only."

572303 **Left Hand Thread - Correct Shape.** **19.95**
572304 **Right Hand Thread - Correct Shape.** **19.95**
572107 **Set of 4** **74.95**



63-67 Cotter Pin Kit

Many hours of research by NCRS Judge Terry McManmon was involved in putting this kit together. Includes 38 zinc plated correct cotter pins for your suspension, shifter, transmission, clutch and brake. Includes instructions for usage. Note: Does not include Long Trailing Arm Cotter Pins.
572349..... **9.95**

572120 **Upper Ball Joint Rivet Set - Threaded** **14.95**

Correct A-Arm Sets

Why mess around restoring worn out or rusted A-Arms. With this complete A-Arm Set, you get new NCRS Correct Arms including, correct riveted ball joints, washers and bolts, bumpers, cross shafts, and bushings.

1963E (first 1/2 year) lower A-Arms did not have the welded support on the underside below the sway bar link boss. All late 63-82 lower A-Arms are the same. The upper A-Amrs are the same from 63-66E (first 1/2 year). They have rectangular shaped cross shafts with the GM part number. 66L-82 upper A-Arms are all the same with a rounded cross shaft.

572101 **63E** **1399.00**
572123 **63L-66E** **1399.00**
572145 **66L-67** **1399.00**

Rebuilt Upper & Lower Control Arms

Completely disassembled, inspected and powder coated.
Reassembled with new ball joints, bumpers and rubber bushings.

572171 Upper (L or R) (ND) 199.00
572229 Lower (L or R) (ND) 249.00

The above products will have a $75.00 core charge added to it if your core is not received before the time of order.

Correct Adler Arm

Correct forging without zerk fitting. Correct shaped as original.
572099..... **49.95**

Front & Rear Suspension DVD

- **Over 1 Hour of Step-By-Step Tips**
- **Includes Both Front & Rear Suspension**
- **Reveals Tricks-of-The Trade**

If you're going to do any work on your front and rear suspension, you owe it to yourself to learn the tricks that make mechanical work as easy and professional as possible. This video covers rear suspension disassembly, bearing assembly removal, strut rod disassembly, front suspension disassembly, rear suspension overview, rear differential installation, trailing arm assembly, quickie rear end alignment and front suspension overview and installation.
582154..... **29.95**

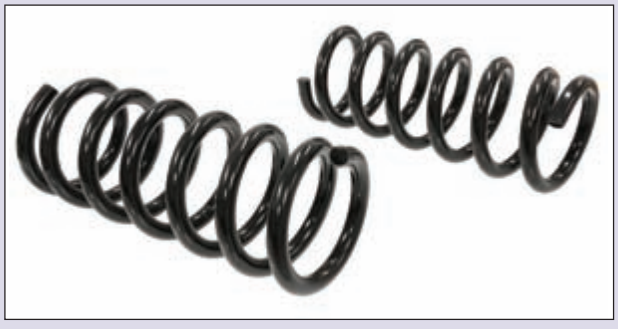
Front Semi Coil Over Shock/ Spring Kit

Untouchable Performance For Your Corvette Front End

- Easy Bolt-In Installation
- Specially Designed Conical Springs
- Ride Height Adjustable

Our semi coil over front spring and shock packages allow for easy ride height changes without the need to disassemble the suspension. They also allow you to adjust the individual loads on each corner of the car for better, more balanced handling. Kits feature progressive rate springs, a huge step up over stock Corvette springs. Progressive rate springs give a soft ride, however as cornering forces increase the springs exert more force to keep the car flat and stable. Shocks are cutting edge race designs with velocity sensitive valving. Whether you have a full time race car or a street car, these shocks will provide the best performance and ride quality available. Single adjustable shocks are adjustable in rebound while double adjustable shocks allow for both rebound and compression adjustments individually (unlike many other adjustable shocks). All shocks have 4 inches of total ride height adjustment and are constructed out of Aluminum for lighter weight and better heat transfer. Shocks are completely rebuildable, making them lifetime components.

572416	400 lb Springs - Single Adjustable (ND)	639.95
572223	450 lb Springs - Single Adjustable (ND)	639.95
572427	550 lb Springs - Single Adjustable (ND)	639.95
572394	400 lb Springs - Double Adjustable (ND)	899.95
572439	450 lb Springs - Double Adjustable (ND)	899.95
572256	550 lb Springs - Double Adjustable (ND)	899.95



Ground Touring Springs

460 lb. Grand Touring Front Coil Springs

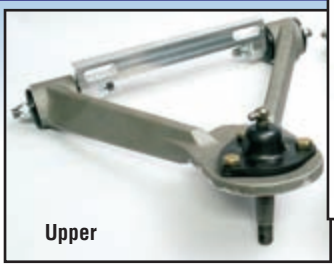
The best all-around coil spring available. These coils are rated heavier than stock (293 lb/in) and lighter than F-41 (550 lb/in) factory optional performance springs. Stock coils are rated far too light for performance handling, and F-41 coils too stiff for everyday driving comfort. The Grand Touring coil springs will outhandle stock coils and yet offer improved ride over F-41 optional springs.

572053 Pair.....79.95

550 lb. Street & Slalom Front Coil Springs

Want even greater handling capacity? These poly-vinyl coated springs will upgrade your car to F-41 or Gymkhana specifications at a fraction of the cost for original equipment, and lowers the car approx 1".

572054 Pair.....79.95



Aluminum Upper Control Arms

- Improves Suspension Geometry
- Improved Handling and Cornering
- Increased Positive Casters and Bumpsteer
- 8 lbs Pair Less Weight Than Stock
- A True Bolt-On

572095	Natural Finish - No Ball Joints, pr. (ND)	679.00
572133	Natural Finish - Includes Stock Ball Joints, pr. (ND)	799.00
572148	Natural Finish - Includes Hi-Performance Ball Joints, pr. (ND)	839.00
572152	Polished Finish - No Ball Joints, pr. (ND)	899.00
572210	Polished Finish - Includes Stock Ball Joints, pr. (ND)	1019.00
572277	Polished Finish - Includes Hi-Performance Ball Joints, pr. (ND)	1069.00

See Our Website for Photos of Polished Finish Control Arms.

Aluminum Lower Control Arms

- Significant reduction in un-sprung weight over factory A-Arms
- Precision no maintenance PTFE-lined ball joint bearings for accurate repeatable suspension tracking
- Welded/machined aerospace alloy construction
- Heavy duty steel cross shaft
- Compatible with coil over shock and spring packages
- Precision U.S. made ball joints
- Complete bolt on Kit including Grade 8 fasteners

572088	Lower A-Arm/Control Arm-Natural Aluminum Finish (ND)	1449.00
572102	Lower A-Arm/Control Arm-Polished Finish (ND)	1699.00

Adjustable Upper Control Arm

Adjustable Upper Control Arms, adjust camber, caster or length for maximum handling and performance. These arms provide quick and easy adjustment for standard or lowered heights and will accommodate most air ride systems. Fine tune your handling and alignment while minimizing tire wear. Includes Steel Cross Shaft with Custom Pivots and OE Clevite Bushings to minimize road shock. Adjust UCA from 8-1/2" to 10-1/2"

572146 Pair 459.00

Price Match

Corvette Central will match any Corvette competitor's current advertised price on an identical product. Simply send us a copy of the competitor's catalog or ad showing the current advertised price. Product must be from same source or vendor. Note: This does not include sale prices or web specials. Cannot be combined with any other discount or special offer.

Front Coil Over Kits

- **Light Weight, Superior Strong Tubular Chromoly Steel Construction**
- **Delrin Bushings • Gloss Black, Long Lasting Powder Coat Finish**
- **Pre-Assembled • Powder-Coated Black • Limited Life Time Warranty**

Light weight control arms. Designed for the Corvette owner who wants the "Race Car" convenience of adjustability and "Race Car" looks.

UPGRADE

Tubular A-Arms For Stock Suspension

- **Light Weight, Superior Strong Tubular Chromoly Steel Construction**
- **Delrin Bushings • Gloss Black, Long Lasting Powder Coat Finish**
- **Pre-Assembled • Powder-Coated Black • Limited Life Time Warranty**

Light weight control arms for the 63-82 Corvette. Designed for the Corvette owner who wants the "Race Car" convenience of adjustability and "Race Car" looks. Made in the U.S. with 4130 chromoly steel, these ultra strong arms reduce weight by 8.50 pounds. They arrive to you assembled with long lasting Delrin bushings, and HD ball joints and a durable gloss black powder coat finish.

572318	Tubular A-Arm - Upper Stock Spring and Shocks, Pr	669.95
572272	Tubular A-Arm - Lower Stock Spring and Shocks, Pr.	859.00

Rear Coil Over Kits

- **Aluminum, threaded body, adjustable mono-tube QA1 shocks**
- **Hyperco high silicone wire coil spring**
- **Offset Trailing Arms with Coil Over Bracket**
- **Upper shock mount reinforcement kit**
- **Hardware included**

There are a lot of benefits to coil overs apart from the obvious ease of spring swapping and ride height adjustment, but there are important benefits as spring and shock tuning allows you to set up the suspension to suit your car much better than with any other system.

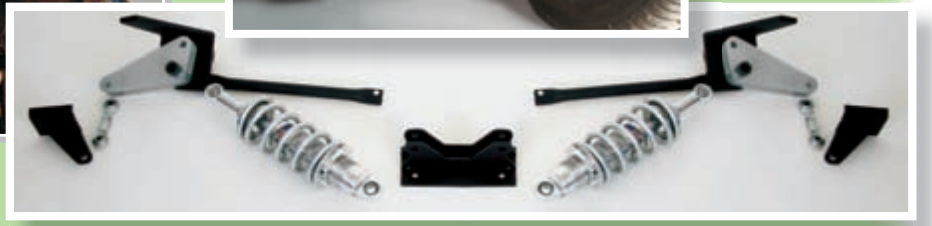
582158	327/350 Single Adjustable (ND)	1399.95
582220	427/454 Single Adjustable (ND)	1399.95
583021	327/350 Double Adjustable	1699.95
583100	427/454 Double Adjustable	1699.95
582179	327/350 Single Adjustable w/New Bearing Assemblies and Rotors	2609.95
583049	327/350 Double Adjustable w/New Bearing Assemblies and Rotors	2879.95
582233	427/454 Single Adjustable w/New Bearing Assemblies and Rotors	2609.95
583128	427/454 Double Adjustable w/New Bearing Assemblies and Rotors	2879.95

Offset Rear Control Arms

- **Will not work with rear sway bars if the car has wider than 8" wheel**
- **Improved Design and Ease of Installation**
- **Increases Wheel Backspace Clearance Over Stock T-Arms**
- **Accepts OEM Size Nose Bushings**
- **Durable Gloss Black Powder Coating Finish**
- **Limited Lifetime Warranty**

T-Arm is offset 2 inches. By running an offset trailing arm, it will allow you to run a wider tire on a stock rim or run a wider aftermarket rim and tire. T-Arms come powder coated gloss black and with poly bushings. All arms are made in America. They are 1/4" thick, c-channel, laser cut and jig welded.

582183	**Offset, pr.**(ND)	**489.95**
582144	**Rear Offset Stabilizer/Sway Bar (ND)**	**174.95**
	Use with P#582183; Off Set Trailing Arms Only	



SHARK BITE
CORVETTE SUSPENSION

- Shark Bite Rear Coil Over Suspension offers truly independent suspension – no more bouncy communication from left to right from the monoleaf spring
- Shark Bite kits offer adjustable ride height in minutes while on the vehicle
- With Shark Bite kits you can change your springs in less than 20 minutes – easy access and quick release pins allow for instant spring changes for on the road or on the track.
- Lighter weight – Shark Bite kits weigh less than the factory spring
- Shark Bite kits load the same location on the vehicle as the factory spring loads
- The rocker arm design is inspired and proven by the racing industry
- Shark Bite kits are Bolt-On installation – absolutely no welding, cutting or drilling. Installs with basic hand tools in approximately 3 hours
- Shark Bite kits offer adjustable shock valving so you can tune the ride to exactly the way you like it

Coil Over Suspension Kit

- Works with factory exhaust and with factory spare tire
- Highly visible – great presentation!
- Shark Bite kits are complete packaged: They provide performance and they just look awesome!

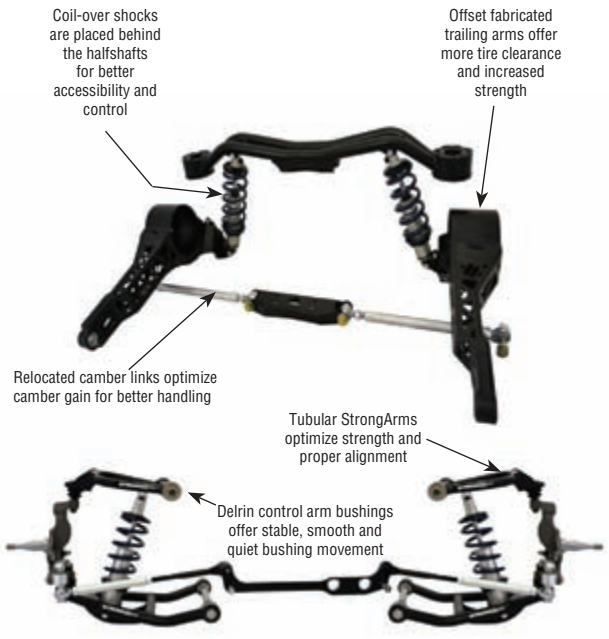
Bolt-on Installation: Complete Transformation!

Coil-over Level 2 COMPLETE System



Includes: Front and Rear **HQ Series CoilOvers** With rebound-adjustable shocks, Front **TruTurn**, Rear **StrongArms**.

572359 ..... 5859.00

Coil-over Level 3 COMPLETE System

Rear Strong Arms System uses fabricated trailing arms and new crossmember to both strengthen the rear suspension and provide mounts for the Coil-Overs and MuscleBar. The design provides maximum tire clearance without modification to the chassis or body.

Includes: Front and Rear **TQ Series CoilOvers** With triple-adjustable shocks, Front **TruTurn**, Rear **StrongArms**, front and rear **splined swaybars**.

582422 ..... 9459.00

Grand Touring Suspension Kit

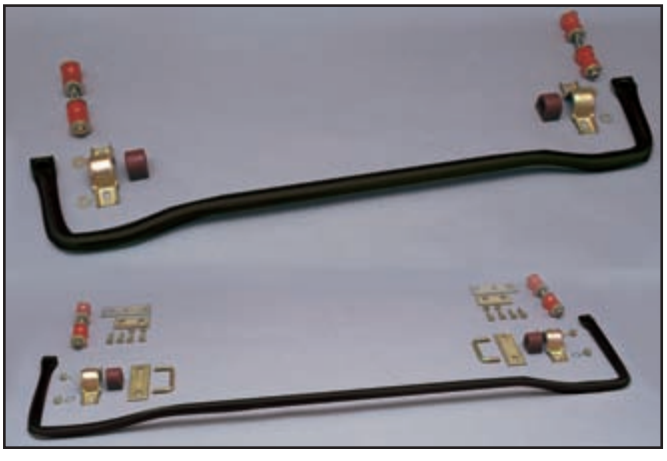
Order the following:
- Fiberglass Rear Spring w/Delco Gas Shock Kit
- Performance Front & Rear Sway Bar Kit
- 460 lb. Grand Touring Front Springs

Fiberglass Rear Spring w/ Delco Gas Shock Kit

Many Corvette suspension mechanics recommend using gas charged shock absorbers with a fiberglass rear spring. The characteristics of a fiberglass spring are more closely matched with a gas shock than a standard shock. Now Corvette Central offers a fiberglass rear spring with a set of 4 gas shock absorbers in a convenient package of components that work well together. The combination of a smooth riding, lighter weight fiberglass spring along with a pair of Delco Performer gas shocks that provide optimum ride control will make a marked improvement in the ride and handling of your Corvette. Includes adjustable spring mount bolts with poly cushions. **Cannot be shipped by air.**

ONLY $459.00 KIT

582189 330 lb. (ND)
582194 355 lb. (ND)



Performance Front & Rear Sway Bar System

You can feel it and you can see it, and now you can correct it with ADDCO anti-sway bars. Body roll, that uncomfortable leaning of your Corvette as you turn corners, can now be corrected with anti-sway bars. Easily bolted on to your chassis, the sway bars start out in the base line position and can be adjusted to suit your specifications. You decide just how fast or how much reaction you want out of the bars. The sway bars are adjusted by simply tightening or loosening the links on the bars. All necessary hardware and instructions are included.

572192 ..... **275.00**

SMART STRUTS®

Smart Struts eliminate unwanted change in rear wheel camber. At 2-1/2 inches of wheel travel the Corvette rear camber setting changes over 2º. The same car equipped with Smart Struts has a measured camber change of less then one tenth of a degree at over 5-1/2 inches of wheel travel! Smart Struts are guaranteed to improve handling and reduce uneven tire wear. They also reduce hub bearing wear by reducing side loading. All PolyAdjustable Smart Struts have a limited lifetime warranty.

- Custom Strut Rod Mounting Bracket
- Camber Adjustment Cams
- Polyurethane, Rod Ends
- All Hardware and Instructions

582237 **63-67** **269.95**

Anti-Bump Steer Kit

This kit brings tie rod ends back to tangent of circle and corrects steering angles for large offset wheels and tires. Kit includes 4 bolts, 2 blocks, 2 heavy duty tie rod sleeves and nuts.

562246 **Kit (ND)** **119.95**

582108 SHOWN

Poly-Adjustable Strut Rods

These Strut Rod Kits with Urethane Bushings eliminate the stock adjustment cam bolt system that often allows the rear tires to "lean in" at the top and casue premature tire wear.

582108 ..... **109.95**

The ultimate in rear strut rods, our tubular steel, racing quality units are manufactured with nylong fiberglass composite sphreical bearing ends. These strut rods are far stronger than stock and stop handling irregularities due to strut rod flex and bushing compression. Not recommended for street use because of harsh ride.

582181 **Heavy Duty Strut Rods** **199.95**

63-67 Polyurethane Bushing Kit

The Hyper-Flex master polyurethane bushing kit replaces all the major suspension components without the search for part numbers and kits, but more importantly, without the high cost of purchasing the items separately. These bushings are constructed from a unique new chemical formulation producing a super tough material which holds up through the most demanding conditions. Race proven, performance tested, Hyper-Flex is the new generation of polyurethane that is superior to all others. Kit includes:

- Front Control Arm Bushings
- Power Steering Cylinder
- Rear Spring Cushions
- Differential Mount Cushions
- Front Stabilizer Link Kit
- Rear Stabilizer Bar & End Link
- Rear Control Arm Bushings
- Transmission Mount
- Rear Strut Rod Bushings
- Tie Rod and Ball Joint Boots

572073.....**239.95**

Upgrade Your 63-67 with Urethane Bushings — Improves handling while retaining stock appearance! All Poly Bushings are black — for that original look.

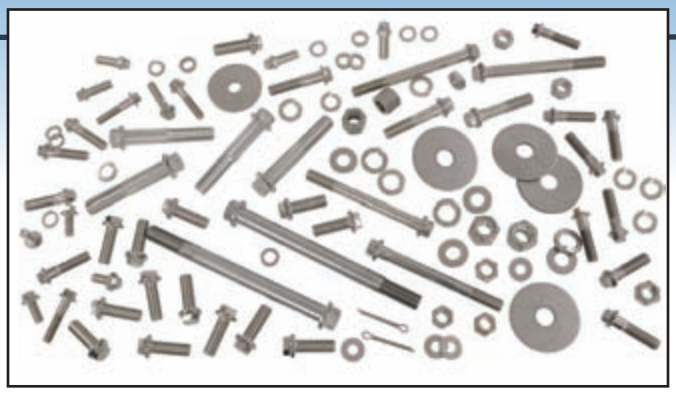
Why Choose Polyurethane?

Polyurethane bushings have many advantages over stock rubber ones. Polyurethane, unlike rubber, is not molded to the steel outer shells. Instead of twisting like rubber, the bushings are free to rotate on the sleeves like a bearing. This means the front suspension cannot bind and becomes full floating, resulting in longer life and improved handling. Polyurethane will not rot or deteriorate from oil, gas, road salt or atmospheric conditions such as smog or other corrosive chemicals. Impregnated with graphite to inhibit wear and squeaks.



Stainless Steel Suspension Hardware Kit

6 point high strength stainless steel bolts. Castle nuts not included. See our WEBSITE for a list of what is included in each kit.

Stock Style Replacement Springs

If your Corvette's spring shows no arch — you need a new spring for safety & handling!

• Springs are shipped with band clamps which will need to be removed prior to installation

Our steel springs are manufactured to exceed OEM specifications and include rubber liners for no-squeak travel Replace that worn out, dangerous spring today. Be sure to order a new mounting kit, too. See below.

582171 63-67 9 Leaf Rear Spring w/582058 Mount Kit ..174.95
582185 63-67 7 Leaf Rear Spring w/582058 Mount Kit ..174.95
582056 63-67 Standard Rear Spring (9 Leaf).....149.95
582055 63-67 Heavy Duty Rear Spring (7 Leaf) 149.95

We do not recommend purchasing Heavy Duty Springs unless your car came equipped with it or you intend to use your car for racing.

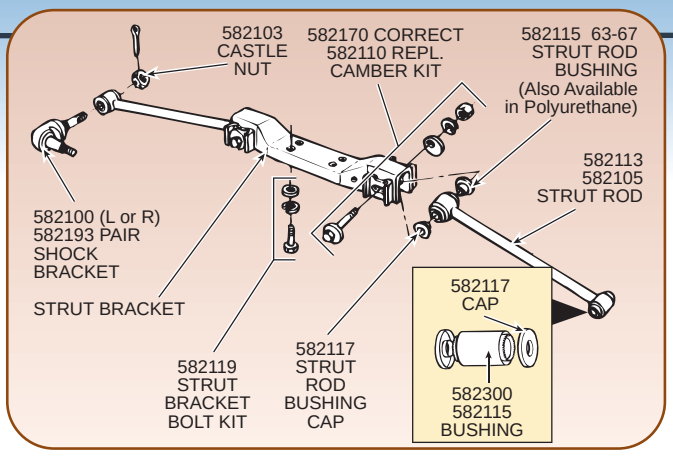
63-74 Rear Springs are 2"-2 1/4" Wide, 78-82 Rear Springs are 2 1/2" Wide. We suggest you measure your spring width before ordering, since Springs and Rear Covers are universal and yours may have been changed.

582112 63-67 Rear Spring Center Bolt w/Nut.....6.00

Eliminate your Corvette's choppy ride, restore lost ride height and eliminate unearthly squeaks and moans, all by replacing your worn-out steel leaf spring with a fiberglass replacement. A fiberglass leaf spring will give you a smooth, comfortable ride and will do so without sacrificing performance. These are TRW design composite/fiberglass rear springs which can be fitted on any Corvette from 1963-1967. They provide a very superior ride while maintaining the excellent handling associated with the Corvette. These springs are state of the art and this technology was standard equipment on all 80-96 Corvettes. This upgrade is one you will be very pleased with! Our springs come with all the mounting hardware, including spring bolts and special heat shield. These springs are absolutely the best available and have been tested over millions of cycles on special test equipment. These springs are available in three rates...a **315# rate for standard suspension, 330# rate for heavy duty suspension needs and our 355# rate for high performance and stiffer handling.**

Complete rear spring kit includes: Fiberglass Monospring, 8" adjustable spring bolt and poly cushions, plate mount kit and instructions.

582410 63-67 315 lb. 379.00
582411 63-67 330 lb. 379.00
582412 63-67 355 lb. 379.00
Uses the original spring center mounting plate, but must be modified.



63-74 Strut Rod Bushings are 1-1/4" O.D., 75-82 are 1-3/8" O.D.

582170 63-67 Rear Camber Bolt - Correct, ea. 24.95

Has correct timing marks and hole as original, includes nut and lock washer.

Poly-Adjustable Strut Rods

These Strut Rod Kits with Urethane Bushings eliminate the stock adjustment cam bolt system that often allows the rear tires to "lean in" at the top and casue premature tire wear.

582108 ..... 109.95

The ultimate in rear strut rods, our tubular steel, racing quality units are manufactured with nylong fiberglass composite sphreical bearing ends. These strut rods are far stronger than stock and stop handling irregularities due to strut rod flex and bushing compression. Not recommended for street use because of harsh ride.

582181 Heavy Duty Strut Rods 199.95

Feature PRODUCT

Made in America

63-67 Rear Control Arm

Only 219.00 Ea

Black powder coated trailing arm bushings installed.

Spindle Support Studs must be purchased separately

582035 63-64 (L or R)

582028 65-67 w/o Sway Bar Bracket Holes (L or R)

582434 65-67 w/Sway Bar Bracket Holes (L or R)

New Rear Control Arm Or Rear Wheel Bearing Assemblies

- No Core Required
- Save Time And Money
- All Brand New Parts

65-67 New Rear Control Arm Assemblies With Matched Rotor & Wheel Bearing Assembly

- All new factory parts.
- Selectively aligned rotor.
- Bolt-on installation.
- Includes axle flange torqued to specs with french locks.

Save time and money — install our new trailing arm assembly with wheel bearing assembly. This unit contains all-new parts. Installation is easy because the rear wheel bearing and rotor are mounted to a new trailing arm with the stainless steel brake kit installed. The unit comes with a 3-year manufacturer's unlimited mileage guarantee.

582265 65-67 Rear Control Arm Assm. w/Sway Bar Bracket Holes w/Rotor (L or R) 939.00

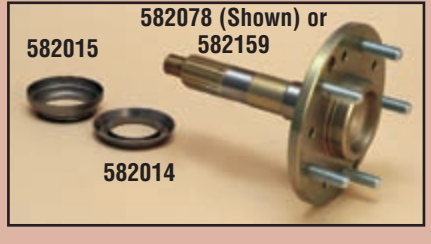
Feature PRODUCT



Rear Wheel Spindle

582078 65-67 Rear Precision Spindle, ea.....299.95
The precision spindle has several features which make it superior to stock spindles. Aircraft quality steel is drop forged for extra strength and heat treated. Bearing journals are concentric within .0001 inch and round within .00005 inch. Flange is square to spindle within .0005 for better performance and reduced tire wear. When you have to replace your spindles, go with the best.

65-67 Rebuilt Differentials

- A Great Way to Upgrade to a Performance Rear End
- Professionally Rebuilt
- Gears Set To Factory Specs
- 1-Year Unlimited Mileage Warranty

Professionally rebuilt differentials. Each unit is rebuilt with new ring gear and pinion, Timken bearings and race, C/R seals, new positraction clutch pack with keepers, center pin, crush sleeve, new shims, ring gear bolts. A $400.00 core deposit will be added to the price of the differential. The $400.00 will be refunded upon receipt and inspection of a rebuildable core. A deduction on the core will apply for cracked cases, egg-shaped pinion shaft holes, broken rings, gear bolts and broken gears.

Note: Cores must be returned within three weeks of invoice date in order to qualify for any refund. Sorry, no exceptions.

To tell if a core is good the vendor must disassemble the core. If the core is not rebuildable you must pay to reassemble and / or have it shipped back. There will be no charge if you do not want the core reassembled, only shipping charges would be billed to you. These rebuilt differentials can be used in 63-64 cars, but 63-64 cores cannot be returned for a refund. Core must be similar gear ratio case.

63-67 Heavy Duty Rear End Cover

A chronic problem with 63-67 Corvettes is fracturing of the rear spring mounting pad that is part of the rear end cover. If you have this problem or want to prevent it from occurring, add one of our Heavy Duty Rear End Covers. This unit is made of high quality cast iron and has extra strength in the spring pad area. No modifications to the existing rear end case or rear spring are required, and our Heavy Duty Rear End Cover is guaranteed.

Note: Spring mount pad width on rear end cover is 2-1/4" for 582250.

Differential Drain Plug Kit

The Corvette Clinic differential drain plug kit saves time and headache when you need to service your differential. Normally you would have to remove the differential cover, or use a suction gun, which won't completely drain the differential gear oil. This kit comes with a special drill bit, pipe plug tap, drain plug, and template to ensure accurate drain placement. This procedure does not affect the integrity of the differential in any way.

582267 ..... 77.00

When ordering "rebuilt" or "reconditioned" original parts, don't forget you are buying original parts, not brand new. They are professionally rebuilt and inspected, and fall under Corvette Central's satisfaction guarantee.

Differential Cross Member Reinforcing Kit

If you are upgrading your rear suspension, add this kit to your list – created to reinforce the rubber isolators that secure and retain the cross member in place. Kit includes: two aluminum discs, two 7/16" studs, four; nuts, lockwashers, flat washers and instructions.

582408 ..... 44.95

SMART STRUTS®

Smart Struts eliminate unwanted change in rear wheel camber. At 2-1/2 inches of wheel travel the Corvette rear camber setting changes over 2º. The same car equipped with Smart Struts has a measured camber change of less then one tenth of a degree at over 5-1/2 inches of wheel travel! Smart Struts are guaranteed to improve handling and reduce uneven tire wear. They also reduce hub bearing wear by reducing side loading. All PolyAdjustable Smart Struts have a limited lifetime warranty.

- All Hardware and Instructions

582237 63-67 ..... 269.95

ADDCO Performance Rear Anti-Sway Bar

You can feel it and you can see it, and now you can correct it with ADDCO anti-sway bars. Body roll, that uncomfortable leaning of your Corvette as you turn corners, can now be corrected with adjustable anti- sway bars. Easily bolted on to your chassis, the sway bars start out in the base line position and can be adjusted to suit your specifications. You decide just how fast or how much reaction you want out of the bars. The sway bars are adjusted by simply tightening or loosening the links on the bars. All necessary hardware and instructions are included.

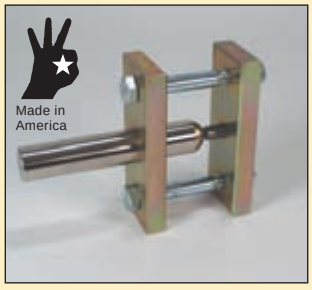
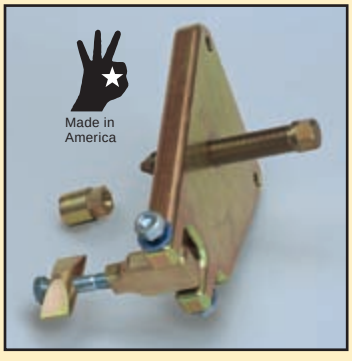
PRECISION REAR SUSPENSION TOOLS
(NO RETURNS ON TOOLS)



Rear Control Arm Bushing Installation Tool
The only way to correctly install the forward bushings in trailing arms! This heavy duty tool correctly compresses the bushings and allows you to crimp the bushing retainer. Incorrectly installed bushings can cause accelerated tire wear and poor handling. This tool will pay for itself by eliminating a trip to a machine shop.
582423..... 89.95

Spindle Removal Press
Use to press out the most stubborn spindle with ease. Replace or inspect your Corvette's spindle quickly and without the high cost of hiring a professional. Solid steel construction guarantees a lifetime of service.
582427..... 209.95



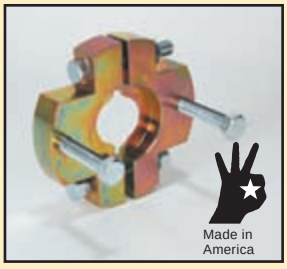
Rear Shock Mount Removal Tool
Use to drive rear shock mount stud out of support arm without damage.
582414..... 17.95

Front And Rear Suspension Tap & Die Set
Includes six hard to find rethreader taps and dies most needed in Corvette suspension work. Includes (1) 9/16 x 12 Tap, (1) 7/16 x 20 Tap, (1) 3/4 x 20 Die - Spindles, (1) 5/8 Fine Die, (1) 7/16 Die, (1) 1/2 Die
582417 (6 pcs.).....25.95

Heavy Duty Spindle Knocker Tool
Use to "knock out" the most stubborn spindle from the carrier with no damage to the spindle threads. Fully guaranteed for one year of normal use.
582415.....18.95

ND = No Discount

Rivet Setting Tools – See Page 25



Rear Spindle Bearing Puller
Use to remove the rear wheel bearing and race from the spindle without damage. The spindle must be removed from the trailing arm to use this tool. Machine hardened steel. You can count on this tool for years of hard use.
582419.....149.00

Rear Spindle Installation Tool
No more pounding spindles and bearings into place! Use this installation tool to pull the spindle and bearings into the carrier without damage to the bearings, threads, or seals. This is essential to long bearing life. Top quality tool is made to last for many restorations.
582413..... 59.95

Rear Spindle Bearing Greaser
Don't let rear bearing failure strand you in the middle of nowhere! Our rear wheel bearing greaser will enable any 68-82 Corvette owner to lubricate wheel bearings without the cost of hiring a professional to remove the spindle. Instructions are included. Use also shown in GM Shop Service Manual.
582416..... 13.95

Rear Wheel Bearing Set-Up Tool
Use this set-up tool to check the end play of new rear bearing assemblies BEFORE you press them onto the spindle. Proper end play is critical to your wheel bearing's life — a few thousandths of an inch over or under can result in premature bearing failure, more expensive repairs and down time. With this tool, proper shim selection is simple and does not require repeated pressing on and off of the bearings. Bearings and shims sold separately.
582418..... 99.95

Weatherstrip Lubricant

Dramatically extend the life of your weatherstrip and save hundreds of dollars on future weatherstrip replacement with this weatherstrip treatment. Simply apply the compound during regular detailing. Rub into rubber seals, boots, wiper blades, and weatherstripping for continued protection against cracking and discoloration.

1967 Original Style Correct Bolt on Wheels

- **Extensively Researched**
- **Correct Mounting Hardware**
- **All Inclusive Sets - Wheels & Hardware**
- **Completely Retooled Wheels**
- **Affordably Priced**

Widely recognized as the most beautiful wheels ever produced for Corvettes, we now offer you 1967 Replica Bolt-On Wheels that capture the true essence of the Kelsey Hayes manufactured originals. With the help of numerous Corvette Restoration experts and NCRS judges these wheels have been completely retooled. In addition to the wheels themselves all mounting hardware is made like their original counterparts and install just like they did too. Best of all, we bring them to you at a fraction of the cost you would pay for a set of used original 1967 wheels in good condition. Our complete set features 4 Replica Bolt-On Wheels and all of the original style hardware, including lug nuts, needed to install the wheels. Complete installation instructions also included. 1967 bolt on Wheels Hardware is interchangeable with the hardware originally supplied from the factory.

111550 23 oz. Spray 9.95

California Micro Fiber Wheel Duster

Micro Fibers effectively trap dust and dirt

- The "fork" easily spreads when pushed on an object for true one-handed convenience
- It "clamps" around the object to clean both sides at the same time
- Can also be used as a conventional duster on any surface
- Easily cleaned to allow repeated use time after time

Use to remove annoying brake dust and much more! Also great for roof racks and automotive grilles and can be washed and re-used hundreds of times.

101948..... 11.95

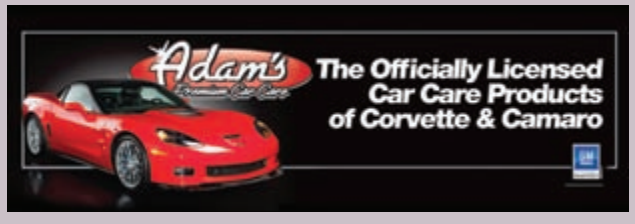
Adam's Green Wheel Cleaner

- Eco-Friendly Wheel Cleaner
- Tough on Dirt, Gentle on Wheels
- Safely Cleans Wheels and Tires Too
- No Harmful Acids Butyl,Butyl Ethers or Petroleum Distillates

You can safely use it on most types of wheels including clear coated, painted, coated and anodized aluminum. This is not a spray-on, hose-off cleaner. Adam's Green Wheel Cleaner requires agitation with a brush, sponge, or wah mitt to break the initial bond between the dirt and the wheel. Spray-on, hose-off type cleaners are harsh, acid based cleaners that damage wheels over time.

111598 16 oz. 12.95

See Our WEBSITE For More Adam's Products



Adam's Deep Wheel Cleaner

- Changes Colors As It Works!
- pH Neutral and Safe for All Wheel Finishes
- Dissolves Stubborn Metallic Contamination
- Great for Cleaning Brake Dust from Modern Sport Brakes

Deep Wheel Cleaner is safe for all wheel finishes. So whether you have factory clear coated wheels, aluminum, powder coat, or paint the highly effective cleaning solution will remove the stubborn brake dust, but will never harm your wheels.

111628 16 oz. Bottle 14.95

Wheel Detail Brush

Conforms to any wheel including wire wheels. Gets dirt out of tight spaces.

101228.....5.95

Forever Black™ Tire Gel

- Black pigmented color
- Water based
- Silicone & oil free
- Environmentally safe
- Does not attract dust
- Fast drying
- Does not sling off tires
- Protects against UV damage

Unlike all other tire dressings on the market, Forever Black is a black pigmented polymer. This environmentally friendly product will restore the faded bronze look of your tires to their original appearance. The hand held applicator eliminates the mess of oversprays. One easy application will protect and restore your tires.

101816 8 oz..... 13.95

Mothers® Chrome Polish

Designed to provide extra sparkle and protection to wheels, bumpers, and all chrome accessories. Both mild and effective, it cleans, polishes, and protects in one easy application – It's great on mirrors and glass too!

101568 12 oz. 6.95

Meguiar's® Hot Shine Tire Foam

New foam technology breaks clear on the tire (with no milky mess) leaving a deep black, rich shine. In one easy step, the thick, luxurious foam coats the tire, quickly penetrates, lifts and releases dirt and road grime leaving behind an even, rich shine.

102556 19 oz..... 6.95

Turbo Stick Wheel Cleaning Tool

The Adam's Turbo Stick Wheel Cleaning Tool is the most innovative wheel cleaning tool ever invented. Plus, it's every guys dream...it works with one of your power tools! Connect the Adam's Turbo Stick Wheel Cleaning Tool to your cordless drill and let it do all the hard work. It does an amazing job, and it can't harm your wheels!

Wiper Arm Adjustment

How many times have you put your mid-year wipers on and found out they hit each other while running or they are seated too high or too low on the windshield? The screw in the center of the wiper arm, facing upward, is put there for adjustment of the arm. It gives you one half of an inch up or down adjustment. Many owners are not aware of the purpose of this screw.

Selecta Speed Electric Wiper Conversion

This kit provides you with the performance and convenience of a late model wiper system in a package that easily and cleanly mounts in your 1963-1967 Corvette.

This kit features a seven speed wiper system with five delays, low speed and high speed. A CNC aluminum adapter plate mounts the new wiper motor to the stock firewall bolt pattern. The new pitman arm included in the kit connects directly to your existing wiper linkage. A rotary switch is also included along with a complete wiring harness.

Important

Electrical components such as wire harness, bulbs and fuses are NON-RETURNABLE PARTS

Always refer to a factory service manual when diagnosing engine service problems. You can damage electrical components if the proper procedures are not followed. Be sure you are replacing the correct part.

Fuse/Flasher Kits
These kits are a must for anyone installing a new dash harness in their car or those who might run into trouble on the road. Kits include all the fuses and the flasher(s) required for an initial installation.

Discounts

As a Corvette Central customer, you will automatically receive a 5% discount on a $750.00 order, except for items marked (ND) — No Discount

Our primary product is your satisfaction

**Customer satisfaction has always been one of our main objectives.
We aren't talking about a no hassle return policy here – everyone offers that.
We are talking about remedies for products that don't seem to fit or work right.
At our end, we have over 40 years
experience in the manufacturing and sales of Corvette parts.
This unparalleled background assures Corvette Central customers
that the products they purchase are the best available, and if a problem
should arise, we know how to help.
Product assistance hours: Monday thru Friday, 8:00 to 5:30.**

**When looking for product assistance, there are a couple of things to keep in mind.
First of all, it is very difficult to help customers with indepth technical problems
if they aren't well informed. Please review your service and assembly manuals
before you call --- this will make solving the problem much easier.**

**Last but not least, whether you are doing the work or having it done . . .
be sure to call us at the first sign of trouble. It's very hard to resolve a problem
after the part in question has been damaged, no matter who's at fault.
Let's be fair, everyone makes mistakes. The important thing is working together
to resolve them.**

**Owning your Corvette can be a very rewarding experience.
We also understand how frustrating it can be when things aren't going smoothly
and there's no one to assist you. We are here to help.**
