More than a clean sheet redesign of the chassis and body, the second generation Corvette made plain the signature ingredients of every “C” to follow: sensational styling, twisty-road engineering and, not least, almighty performance! Despite a short 5-year production run the mid-year cars were (and are) considered a high-water mark in the brand’s storied history. For the first time, America had a sports car truly worthy of taking a podium spot on the world stage – and the recipe was certified blue ribbon. Enthusiast’s zeal for the Sting Ray has never waned, which is precisely why we offer parts of only the highest quality for restoration to plain ‘ole drive-it enjoyment. Zip: Corvettes are all we do.

take Zip for a spin.

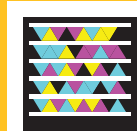

Much has changed in the Corvette marketplace since Zip Products was founded over 35 years ago, but the cornerstone we're built upon was and is customer service. Experts and hobbyists alike face what can be an intimidating choice of options when making a purchase today – to the point that it's worth taking a moment to ask, "Where are my parts coming from?" While price is commonly first consideration, shouldn't quality and "sale support" carry equal weight? Often you'll find the absence of those key practices behind the perfect buying experience turning not so perfect. That's why we here at Zip believe it important for customers to know that the voice at the other end is a true enthusiast. Someone who, in minutes, can hold in their hands any item in stock. Further, someone with knowledge of, experience with, and genuine affection for, the car we hold so dear: Corvette.

 To our customers I say thank you, your continuing business, and trust, is appreciated. For those yet to experience "the Zip way" I invite you to place an order today. Zip is Corvettes. It's all we do!

For over 30 years Zip has been an industry leader and innovator. Not sure which components are best for your application? Ask us. We've got the right parts, right now!

Orders placed by 3:00 p.m. EST ship that same day on in-stock items, and everything is backed by Zip's "No Hassle" guarantee to ensure your complete satisfaction.

order online www.zip-corvette.com

Serving enthusiasts worldwide since 1977.

Easy Ordering

- **phone**
- **fax**
- **mail**
- **web**
- **walk-in**

Call toll-free 1-800-962-9632 during regular business hours: 8:30 a.m. to 8 p.m. EST Monday-Thursday, 8:30 to 5:30 on Friday and 10 to 3 Saturdays. (Toll-free call area includes Alaska, Canada, Hawaii, Puerto Rico and Virgin Islands.) Outside U.S. call 804-746-2290. 24-hour fax orders to 804-730-7043. Download order forms online.

Call first and we'll have your parts pulled and ready. Showroom hours are 8:30 a.m. to 5:30 p.m. EST Monday-Friday and 10 to 3 Saturdays.

Choice of Payment

- **credit card**
- **PayPal**
- **personal check**

Zip accepts VISA, Mastercard, Discover and American Express.

PayPal orders Web only.

Personal checks first party only. Money orders, cashiers checks and certified checks accepted in U.S. funds drawn on U.S. bank.

Gift Cards

Surprise your favorite Corvette enthusiast with a gift card redeemable for merchandise from Zip's catalogs or Web store. Choose \$25, \$50 or \$100 amount.

Online Features

- **live parts inventory**
- **full-color photos**
- **part descriptions**
- **assembly reference**
- **instant updates**

Check item availability before ordering – Web store lists status of every part and accessory.

Guarantee

- **"No Hassle"**
- **low price guarantee**
- **returns for 1 year**

At Zip, we see a happy customer being a repeat customer. If you're not 100% satisfied with any product for any reason, we'll promptly make it right.

We work hard to make sure our prices are competitive. That said, it's possible you may on occasion find "cheaper" merchandise elsewhere. If it is the *same brand part or accessory* offered for a lower price by another supplier, we'll match it. Don't sacrifice quality and customer service for a few dollars – call Zip!

Zip Gift Cards!

Shipping

- **ships today!**
- **UPS Ground & Air**

We're proud that orders placed by 3:00 p.m. EST ship that same day on in-stock items!

Discounts

- **Restorer's Discount**
- **Restoration Club**
- **wholesale accounts**

Retail customers receive 10% savings on a minimum purchase of \$850.00 from this catalog or Zip's Web store. No Discount ("ND") items may be included in total value but are not eligible for discount. Restrictions apply.

If you're planning major repairs or a complete ground-up rebuild, our Restoration Club discount is unbeatable. You'll get 10% savings on an initial purchase of \$2,000.00 or more from this catalog or online, then additional 10% discounts on subsequent orders of \$50.00 or more for the next 12 months!

Zip offers discount programs to qualifying automotive-related businesses. Presently, over 3,000 domestic and international customers enjoy a discount on their orders. Call for how to qualify.

Corvettes are all we do.

Zip's campus in Mechanicsville is the site of seasonal Corvette events for both local clubs and the NCRS. When in the Richmond, Virginia area, stop and say hello – we're just east of downtown Richmond and only a quick drive off interstates I-64, I-95 or I-295.

Zip Installs!

If "turn-key" sounds more appealing than "do-it-yourself", Zip's in-house install facility means you can drive away with clean hands, a big smile – and confidence. It's manned by talented professionals, and all work performed is backed by our customer satisfaction guarantee.

Front Crossmember Repair

Designed by a fellow Corvette enthusiast, repair tool slides up inside front crossmember and gently pulls dented section out to its original shape. Requires no cutting, welding or heating.

TL-146	63-67	Front crossmember repair tool	149.95
--------	-------	-------------------------------	--------

Asphalt-Based Chassis Paint

For the restorer who insists on authenticity, this is the same paint used on the Corvette assembly line for coating frames and other parts that required a blackout finish. From the original supplier. Note asphalt-based paint is susceptible to gasoline spills.

MG-114	Asphalt-based chassis paint, quart	19.95
--------	------------------------------------	-------

Note: Hazardous materials such as paint cannot be shipped outside of the continental USA, or by air freight to any destination.

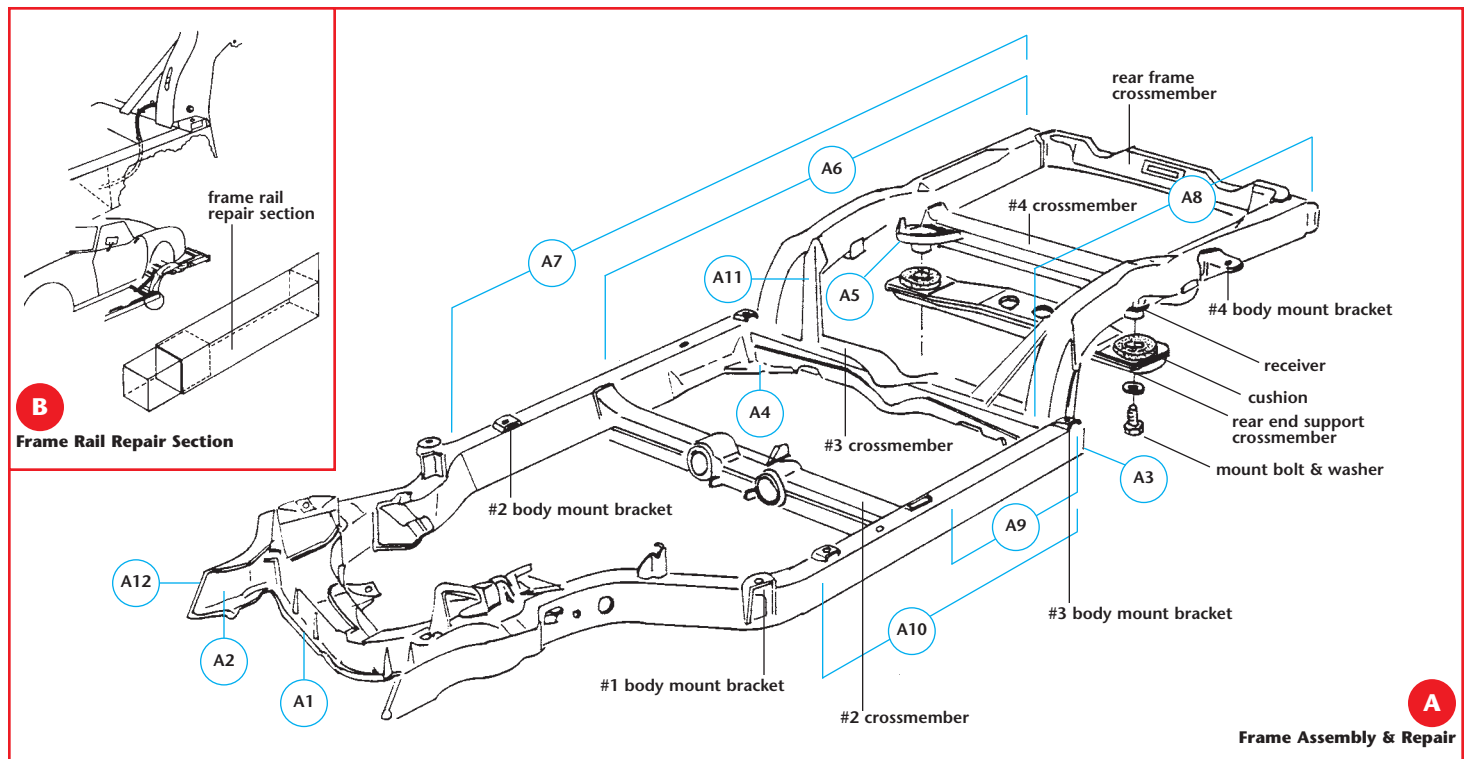

Frame Stencil

MF-399	63	Chassis part number stencil	12.50 each
MF-398	64	Chassis part number stencil	12.50 each
MF-397	65	Chassis part number stencil	12.50 each
MF-396	66	Chassis part number stencil	12.50 each
MF-395	67	Chassis part number stencil	12.50 each
MF-394	67	Chassis date stencil, specify date or serial number	12.50 each
MG-113	63-67	White stencil spray ink	10.95

(sample frame stencil)

Zip has many other frame-related repair components listed in their respective sections within this catalog – including shock mount brackets, brake line brackets, park brake cable brackets and motor mounts. Reference applicable sections for descriptions and availability.

Frame Repair

M-3280	63-67	#1 Crossmember lower repair (A1)	(1)165.00
M-3847	63-67	#2 Crossmember lower repair, 4-speed (LH or RH)	97.50 each
M-3845	63-67	#3 Crossmember lower repair, 7" long (LH or RH)	41.50 each
<i>Note: Repair pieces include underside skin where jacking damage usually occurs.</i>			
M-3286	63-67	Front frame inner horn (LH or RH) (A2)	69.50 each
M-3973	63-67	Front frame outer horn (LH or RH) (A12)	59.50 each
M-3285	63-67	Frame rail end cap (A3)	9.00 each
M-3715	63-67	Frame rail sleeve, 6", used for connecting frame rail repair sections	20.00 each
M-3846	63-67	#3 Crossmember repair sleeve	23.50 each
M-3042	64L	Frame rail lower gusset (LH or RH) (A4)	24.00 each
M-2395	65-67	Frame rail lower gusset (LH or RH) (A4)	22.00 each
M-2626	63-66	Frame rail upper gusset (LH or RH) (A5)	32.50 each
M-3584	67	Frame rail upper gusset (LH or RH) (A5)	41.50 each
M-3635	63-64	Rear frame kick-up assembly w/brackets (LH or RH) (A8)	669.00 each
M-3636	65-67	Rear frame kick-up assembly w/brackets (LH or RH) (A8)	669.00 each
M-3292	63-67	Rear frame kick-up rear reinforcement (LH or RH)	75.00 each

Frame Rail Repair

Corvette frames include factory drain holes, which often become plugged over time – resulting in accelerated rot. Zip's frame rail repair sets include 23" or 48" inner and outer side rail sections, end cap, and 6" sleeve for sectioning frame. For lesser repairs, inner and outer side rail sections are also available individually.

M-297	63-64	Frame rail repair, 23" (LH or RH) (B)(A9)	(1)140.00 set
M-2621	63-64	Frame rail repair, 48" (LH or RH) (B)(A10)	(2)175.00 set
M-298	65-67	Frame rail repair, 23" (LH or RH) (B)(A9)	(1)140.00 set
M-2620	65-67	Frame rail repair, 48" (LH or RH) (B)(A10)	(2)175.00 set
M-3819	63-64	Outer side rail repair, 23" (LH or RH)	41.50 each
M-3816	63-64	Outer side rail repair, 48" (LH or RH)	59.50 each
M-3820	65-67	Outer side rail repair, 23" (LH or RH)	41.50 each
M-3817	65-67	Outer side rail repair, 48" (LH or RH)	59.50 each
M-3812	63-67	Inner side rail repair, 23" (LH or RH)	45.50 each
M-3813	63-67	Inner side rail repair, 48" (LH or RH)	69.50 each

Body Mount Frame Brackets

M-2918	63	#1 Body mount bracket (LH or RH) (A)	49.50 each
M-2920	64-67	#1 Body mount bracket (LH or RH) (A)	42.50 each
M-2514	63	#2 Body mount bracket, Conv. only (A)	46.50 each
M-3637	64-67	#2 Body mount bracket, Conv. only (A)	35.00 each
M-2515	63	#3 Body mount bracket (A)	46.50 each
M-2516	64-67	#3 Body mount bracket (A)	35.00 each

Note: #2 and #3 body mount brackets include cage and nut.

M-3217	63	#4 Body mount bracket (A)	43.50 each
M-2660	64-67	#4 Body mount bracket (A)	42.50 each
M-3638	63-64	Inner body mount bracket w/cage & nut, mounts on #3 crossmember (LH or RH)	27.50 each
ZM-2511	63-67	Body mount square nut	6.50 pair
M-3623	63-67	Body mount nut cage, #2 & #3 mount	7.50 each

Chassis Restoration Kit

Includes custom frame stencil, white spray stencil ink, paint crayons for shim, frame and engine marks, 6-8 inspection paints, shim tape and technical bulletins. No Discount.

(sample kit shown)

CR-200	63	Chassis restoration kit	109.95
CR-201	64	Chassis restoration kit	109.95
CR-202	65	Chassis restoration kit	109.95
CR-203	66	Chassis restoration kit	119.95
CR-204	67	Chassis restoration kit	134.95
M-3481	63-67	Chassis crayon marker set (4)	15.00

Note: Frame stencil requires car serial number and other information – call your Zip sales representative for details. Kit cannot be shipped by air.

Zip Resto Tip: Chassis

Everyone knows Corvette bodies are invulnerable to rust – but the same is not true for the chassis. The fully boxed side rails in 1968-82 models impart significant strength to the chassis, but they are particularly susceptible to rust because water can get trapped inside. If the chassis has a rust problem it normally manifests itself in the rear portion of the side rails first. Because the rot progresses from the inside out, a problem may not be apparent from visual inspection alone. Poke along the bottoms of the rear crossmember and side rails with a pick tool, or tap these areas with a ball peen hammer to expose any weaknesses. If you discover rust-through the best solution is to replace the damaged sections with new reproduction pieces. For the side rails this means cutting out the rotted section slightly beyond the damaged area and welding in new sections. For the strongest repair, weld-in an inner sleeve that bridges the seams between the new sections and the original frame.

Whether or not your chassis requires rust repair, you will want to strip and refinish it during a comprehensive restoration. There are various methods for removing paint, undercoating, rust, and other surface contaminants – including abrasive blasting, chemical stripping and electro-chemical immersion. With electro-chemical immersion the chassis is placed in a large vat of liquid and subjected to an electric current. The chemical bath and current together completely strip the chassis inside and out. This is the most thorough method of stripping, but it must be done by a specialty shop with the right equipment and requires that the inside of the chassis be coated as well as the outside to prevent future rust problems. Chemical stripping is effective but not recommended because it is very difficult to prevent the stripper from getting into the areas between overlapping metal. Abrasive blasting is the most popular stripping method because it's relatively inexpensive and very effective. The coarse surface texture it leaves behind provides excellent grip for the new coatings you will apply, but it is important to thoroughly clean out all traces of the blast media to prevent it from clogging the chassis' water drain holes.

For the ultimate in authenticity, refinish your chassis with the original asphalt-based paint; but, for maximum durability and corrosion protection, use a two-part epoxy paint or have it powder coated. For the best of both worlds use epoxy primer and sealer undercoats with old-fashioned asphalt based topcoats.

Left-hand ("LH") = driver's side; right-hand ("RH") = passenger side
See inside back cover for special freight charges "(1)" and "(2)"

Front Suspension

Front Suspension Rebuild Kit

Includes upper and lower ball joints, outer (only) tie rod ends, upper and lower control arm bushings, and a sway bar end links kit. All components include attaching hardware and rubber boots. All parts are American made. Choose rubber or black polyurethane bushings.

SU-73	63-67	Front suspension kit, rubber	179.95 kit
SU-361	63-67	Front suspension kit, polyurethane	219.95 kit

Deluxe Front Suspension Rebuild Kit

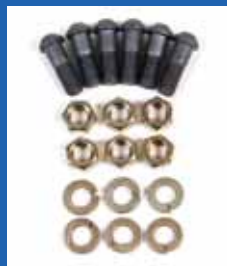

Includes upper and lower ball joints, inner and outer tie rod ends, upper and lower control arm bushings, a sway bar end links kit and an idler arm. All components include attaching hardware and rubber boots. All parts are American made. Choose rubber or black polyurethane bushings.

SU-502	63-67	Deluxe front suspension kit, rubber	239.95 kit
SU-503	63-67	Deluxe front suspension kit, polyurethane	289.95 kit

Ball Joints Hardware Kit

The look of a factory set-up, without the hassle of setting rivets. The secret to Zip's ball joints hardware kit is OE-appearance rivets with threads – for a simple nut and washer installation. Includes rivets, nuts and washers for both sides.

BL-449	63-67	Upper ball joints hardware kit	16.50 kit
BL-462	63-67	Lower ball joints hardware kit	16.50 kit

Ball Joints

SU-314	63-67	Sway bar frame bushings w/brackets, 1".....	23.95 pair

Coil Springs

SU-203	63	Coil springs, STD suspension (C).....	189.95 pair
SU-204	64-67	Coil springs, 327 STD (16 1/2" tall) (C).....	115.95 pair
SU-122	63-67	Coil springs, F-41 (12" tall) (C).....	239.95 pair
SU-417	65-67	Coil springs, 396 & 427 w/o AC (C).....	139.95 pair
SU-431	66-67	Coil springs, 427 w/AC (C).....	145.95 pair
MF-271	64-67	Coil spring "ED" labels, STD (C).....	4.75 pair
MF-273	65-67	Coil spring "EA" labels, F-40/F-41/L88 (C)...	4.75 pair
MF-272	65-67	Coil spring "EB" labels, 396/427 (C).....	4.75 pair
MF-274	66-67	Coil spring "EF" labels, 427 w/AC (C).....	4.75 pair

Note: Coil springs are original GM or reproductions built with same height and spring rate as originals.

Replacement Springs

Fix your Corvette's sagging front end and spongy ride at the same time. Replacement coils deliver ride quality similar to factory F-41 suspension. Shorter but higher spring rate springs are easier to install – no need to use spring compressors – but do not affect correct ride height.

SU-660	63-67	Front springs, 327.....	94.95 pair
SU-661	65-67	Front springs, 396 & 427.....	94.95 pair

Restoration Poly Bushings

Designed for the enthusiast who wants the advantages of polyurethane (will not rot, deform, or wear-out; quicker steering and suspension response), but who also wants an OE appearance. Resto poly bushings feature a "matte" finish and mount using factory brackets when required.

Assembled Trailing Arms

Zip Products Rebuilt Drum Brake Trailing Arms

Return your drum brake rear suspension to as-new condition with Zip's trailing arm rebuild service. Assemblies are disassembled, inspected, cleaned and painted. Rebuild includes all-new bearings, bushings, seals, shims, spacer and dust shield. All other parts are fully reconditioned and reassembled to exact GM specifications. Also available with new wheel cylinders, brake shoes and shoe mounting hardware installed – call your Zip sales representative for details.

SU-717 63-65 Rebuilt trailing arm (LH or RH)..... ⁽²⁾\$39.95 each
SU-1021 63-65 Rebuilt trailing arm, w/brakes ⁽²⁾\$99.95 each

Note: Trailing arms sold on exchange. Add \$300.00 refundable core charge per side if rebuildable cores do not accompany order.

Zip Products Rebuilt Disc Brake Trailing Arms

Return your disc brake rear suspension to as-new condition with Zip's trailing arm rebuild service. Assemblies are disassembled, inspected, cleaned and painted. Rebuild includes all-new bearings, bushings, seals, shims, spacer, dust shield, park brake shoes and stainless hardware, and park brake backplate. *NEW* rotors are installed on all assemblies to eliminate rotor run-out. All other parts are fully reconditioned and reassembled to exact GM specifications.

SU-566 65-67 Rebuilt trailing arm w/*NEW* rotor (LH or RH)..... ⁽⁴⁾\$99.95 each

Note: Trailing arms sold on exchange. Add \$300.00 refundable core charge per side if rebuildable cores do not accompany order.

SU-566

Zip Products ALL-NEW Disc Brake Trailing Arms

If you'd rather bolt all-new assemblies on instead of rebuilding your originals, Zip can fill the order. Our ready-to-install complete assemblies are built to exact GM specifications using all-new parts including new trailing arm, spindle bearing support, caliper mount bracket, wheel bearings, bushings, seals, shims, spacer, rotor, dust shield, park brake shoes and stainless hardware, and park brake backplate. Outright purchase, no core required.

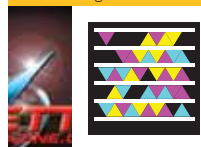

SU-845 65-67 ALL-NEW trailing arm (LH or RH) ⁽¹⁾\$929.95 each

Zip Products ALL-NEW Offset Disc Brake Trailing Arms

Bolt-on assemblies use all-new parts including 2" offset, heavy-duty trailing arm (1/4" jig-welded C-channel steel with gloss black powder coat finish), spindle bearing support, caliper mount bracket, wheel bearings, polyurethane bushings, seals, shims, spacer, rotor, dust shield, park brake shoes and stainless hardware, and park brake backplate. Outright purchase, no core required.

SU-1085 65-67 ALL-NEW offset trailing arm (LH or RH) ⁽¹⁾\$969.95 each

Core Refunds

Customer cores are thoroughly inspected to determine rebuildable condition. Trailing arm or wheel bearing assembly components judged to be non-rebuildable will incur a deduction from core refund. Note when submitting cores, do not include strut rod or shock mount.

Zip Wheel Bearings Set-Up

Tackling rear wheel bearings as part of a trailing arm rebuild is not a recommended "do-it-yourself" project. Special tools and critical tolerances come into play, and a misstep here could prove disastrous down the road. There's a lot riding on the set-up being exact! Zip's skilled technicians have the expertise to do the job correctly and safely. All work is performed in-house and backed by our customer satisfaction guarantee. Let us handle the rebuild – you just enjoy cruising your Corvette. Worry-free.

Zip Products Rebuilt Wheel Bearing Assemblies

Rebuild service for bearing assemblies includes disassembly, inspection and cleaning of entire unit, then installation of all-new bearings, bushings, seals, shims, spacer, dust shield, park brake shoes and stainless hardware, and park brake backplate. *NEW* rotors are used on all assemblies to eliminate rotor run-out. All other parts are fully reconditioned and reassembled to exact GM specifications.

SU-528 65-67 Rebuilt bearing w/*NEW* rotor (LH or RH).... ⁽³⁾\$279.95 each

Note: Wheel bearing assemblies sold on exchange. Add \$225.00 refundable core charge per side if rebuildable cores do not accompany order.

Zip Products ALL-NEW Rear Wheel Bearing Assemblies

If you'd rather bolt all-new assemblies on instead of rebuilding your originals, Zip can fill the order. Our ready-to-install complete assemblies are built to exact GM specifications using all-new parts. Outright purchase, no core required.

Rear Spindle Tools

Spindle Press

Use to press-out the most stubborn spindle easily and without risking damage to threads or end. Solid steel construction.

TL-121	Rear spindle press	209.95
--------	--------------------	--------

Spindle Remover

Use to drive "frozen" spindle from carrier without damaging threads. Threads onto spindle and rests against shoulder.

SU-86	Rear spindle remover	18.95
-------	----------------------	-------

HD Spindle Knocker

Use this heavy-duty knocker with your air hammer for quick removal of "frozen" spindles. Available with .401 or .498 shank.

SU-825	HD spindle knocker, .401 shank	54.95
SU-825A	HD spindle knocker, .498 shank	54.95

TL-121

TL-117

SU-86

TL-119

SU-825A

TL-118

Spindle Bearing Puller

Use to remove rear wheel bearing and race from trailing arm. Works equally well with rotor riveted in place or removed.

TL-117	Rear spindle bearing puller	149.95
--------	-----------------------------	--------

Spindle Installation Tool

Use to pull spindle and bearings into carrier without damaging bearings, threads or seals. No more pounding spindles into place!

TL-119	Rear spindle installation tool	109.95
--------	--------------------------------	--------

Spindle Set-Up Tool

Use to check end play of new bearing assembly – aids in proper shim selection before installing spindle into bearing housing.

SU-96	63-67	Side yoke outer bearing	14.00 each
SU-97	63-67	Side yoke outer bearing seal	8.50 each
SU-510	63-67	Side yoke retainer clip	1.75 each

Reconditioned Side Yokes

If your Corvette suffers from excessive tire wear or posi clutch "chatter", worn side yokes are most often the cause. Zip's reconditioned yokes are made of heat treated "through-hardened" steel to resist wear and eliminate need for frequent rear end alignments.

SU-521	63-67	Side yoke (stub axle), STD	89.95 each
SU-557	63-67	Side yoke (stub axle), HD	89.95 each

Note: Side yokes sold on exchange. Add \$25.00 refundable core charge per side if rebuildable cores do not accompany order.

See inside back cover for special freight charges "(1)" and "(4)"

Restorer's Discount

HOW IT WORKS – Retail customers receive 10% savings on a minimum purchase of \$850.00 of any combination of parts and/or accessories from this catalog or Zip's Web store. Sorry, No Discount ("ND") items may be included in total value but are not eligible for discount. Offer applies to a single order only and some restrictions apply, call your Zip Products sales representative for details.

Zip Products Rebuilt Differential

Zip's rebuild service for '65-67 Corvette differentials works two ways: your original diff can be professionally refurbished, or, if you're in a "can't wait" situation, a \$500.00 core charge can be issued for a unit in stock and available for immediate shipment. Differentials are completely rebuilt and assembled and include a 3-YEAR UNLIMITED MILEAGE WARRANTY. Note warranty does not cover racing applications.

S-133 65-67 Rebuilt rear differential, same ratio..... (4)699.95

Rebuilt Differential with NEW Gear Set

Whether you're looking for low-end grunt or high-speed cruising, Zip has the right differential. Here again we can rebuild your diff, or issue a \$500.00 core charge for an in-stock, already assembled unit. These differentials receive the same attention as all others – except here you can choose to have a NEW gear set installed.

SU-900	65-67	3.08 Rebuilt rear differential.....	(4)899.95
SU-901	65-67	3.36 Rebuilt rear differential.....	(4)899.95

Core Refunds

Customer cores are thoroughly inspected to determine rebuildable condition. Differential components judged to be non-rebuildable will incur a deduction from core refund and include egg-shaped pinion shaft hole, cracked case, broken ring gear bolts and/or broken gears.

Zip Differential Rebuild

Your Corvette's diff is key to getting the power to the pavement. Its complex nature suggests a rebuild is best left to professionals, as a correct set-up will ensure clunks, whines or "bangs" never rear their head. Zip's skilled technicians inspect, clean and magnaflux each core, then reassemble it using all-new parts including bearings, races, seals, shims and a positraction clutch pack. All work is performed in-house and is backed by our customer satisfaction guarantee.

Zip diffs pushed Leighton Reese's Banner Engineering Corvette through three seasons of the SPEED World Challenge GT Series, plus two seasons of Rolex GT including the Rolex 24 At Daytona. We're confident you won't find a better built differential!

GM Gear Lube & Additive

GM's special formula gear lubricants work equally well in positraction and conventional rear ends both. Posi additive stops clutch "chatter" and clunking common to positraction clutch packs. Car requires 46 ounces of gear lube plus a single bottle of additive.

MG-59	GM/Delco gear lubricant, 23 oz.....	17.95 each
MG-232	GM/Delco synthetic gear lubricant, 32 oz.....	24.95 each
POSI	GM/Delco positraction additive, 4 oz.....	12.95 each

BG Lubricant & Additive

BG Ultra-Guard provides thermal stability, protection against wear, pitting and corrosion, improved seal performance and quieter operation. Available in 75w/90 for stock applications and HD 75w/140 for racing applications. LSII friction modifier ensures smooth and quiet operation of differential gears and posi clutch pack. Fortifies all GL-5 level gear lubricant additives while providing optimum surface protection. Corvette differentials require 46 ounces of gear lube plus 4 ounces of limited slip additive.

MG-212	BG 75w/90 synthetic gear lubricant, 32 oz.....	19.95 each
MG-211	BG HD 75w/140 synthetic gear lubricant, 32 oz.....	29.95 each
MG-213	BG LSII limited slip additive, 6 oz.....	14.95 each

M-3861	65-67	Half shaft outer flange bolt french locks (4), steel	8.50 car

Zip Resto Tip: U-Joints Replacement

Installing new U-joints in your Corvette can turn into a costly job. A simple \$30.00 repair could grow into the replacement of your entire driveshaft. For a no-hassle removal, you'll need a tool similar to Zip's U-Joint Removal Tool (part number TL-129), or a standard shop press. Begin by removing the retaining clips on the U-joint bearing caps. Support the underside of the yoke with a large socket (1 1/4") on the bed of the press, and then begin pressing the U-joint with a smaller socket or rod. Make sure the U-joint is square and all pressure is placed onto the bearing cap – this will help keep the yoke from absorbing the pressure and possibly damaging the driveshaft. Continue pressing the U-joint until it can go no further. Remove the cap you pressed out with a pair of pliers, then reverse the driveshaft and press the opposite cap in the same manner. Once out, you'll be able to remove the U-joint from the driveshaft.

To install the new U-joint, lightly sand the inside of the yoke to clean out any corrosion or burrs, then spray with WD-40 to make installation smoother. Begin installation of the new U-joint by removing one cap and pressing it halfway into the driveshaft yoke. Now place the U-joint inside the yoke and press the cap all the way in. Press the second cap into the yoke, being careful to align it with the U-joint. Then reinstall the spring clips and make sure they are fully seated into the groove. You're done!

See inside back cover for special freight charge "(2)"

Performance Suspension

Performance Suspension Upgrade

Zip has assembled a selection of suspension pieces designed to elevate your Corvette's handling to better-than-stock specs. Upgrade includes new 1" front and 3/4" rear sway bars, KYB Gas-a-Just® gas-charged shocks, upper and lower control arm bushings, tie rod ends, ball joints, an idler arm, trailing arm bushings, differential snubber cushion, adjustable strut rods, front coil springs and a 360 lb. fiberglass rear spring. Bushings are polyurethane. Also available without front and rear springs.

Steering Box Rebuild Kit

Complete with all pitman shaft and worm gear components (bushings, seals, recirculating balls, etc.) needed to rebuild your Corvette's original box.

SC-638	63-67	Steering box rebuild kit	79.95 kit
--------	-------	--------------------------------	-----------

Steering Box Rebuild

Your original steering box can be returned to as-new condition, or, if you're in a hurry Zip has rebuilt boxes in stock. All are disassembled, cleaned and painted. Rebuild includes all-new bearings, races, seals and adjustment to OE specs. Additional costs apply if worm gear or pitman shaft gear is damaged. Add \$125.00 refundable core charge if rebuildable core does not accompany order.

SC-532	63-67	Steering box, rebuilt	189.95
--------	-------	-----------------------------	--------

Steering Box Lubricant

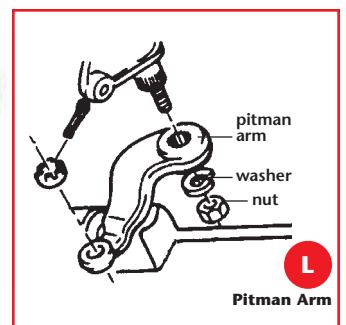

Probably the most commonly overlooked "fluid" to replace when servicing your Corvette is the steering box lubricant. GM-issue chassis grease is correct for use in all steering boxes. 10 oz. cartridge. Screw-in fitting makes frequent greasings – to ensure longevity of box – quick and easy.

SC-601	63-67	GM steering box lubricant	17.95
SC-765	63-67	Steering box greasing tool	18.50

Steeroids™ Conversion

Replace your Corvette's out of date recirculating ball steering with a Steeroids rack & pinion kit for improved feel, greater control and faster turns. Bolt-on install uses basic hand tools and requires no modifications. Kit includes brackets, tie rod ends and hardware. Available for manual or power steering. Zip recommends upgrading to power while everything is apart – add-on kit includes factory pump and brackets. Call for details. No Discount.

Power Steering Renew Kit

Corvette's are notorious for leaky power steering systems. Zip's kit replaces all pieces commonly responsible for fluid loss. 1-year warranty.

NEW Power Steering Renew Kit

Includes new valve, new ram (cylinder), and new USA-made hoses.

SC-594	63-67	327 NEW power steering renew kit	449.95 kit
SC-597	65-67	396 & 427 NEW power steering renew kit ..	449.95 kit

Rebuilt Power Steering Renew Kit

Includes rebuilt valve, rebuilt ram (cylinder), and new USA-made hoses.

SC-595	63-67	327 Rebuilt power steering renew kit	249.95 kit
SC-596	65-67	396 & 427 Rebuilt power steering renew kit	249.95 kit

Note: Rebuilt kits include a \$180.00 core charge refundable upon receipt of rebuildable valve and cylinder cores.

Alternator Brackets & Mount Kit

Adding power steering to your big-block and need all the associated alternator brackets for a "factory" installation? Complete kit includes all (5) brackets plus mount hardware and exhaust manifold stud.

M-3618	65-67	396 & 427 w/PS alternator brackets	209.95 kit

Valve Rebuild Kits

ZSC-323 includes everything needed to rebuild leaking valve: seals, washers, O-rings, nut, strap and ball stud boot. If excessive wear is found, SC-522 ball stud kit includes seats and hardware for reassembly.

ZSC-323	63-67	Valve seal rebuild kit	22.95 kit
SC-522	63-67	Valve ball stud & seat rebuild kit	45.95 kit

Ram & Ball Stud Rebuild Kits

Ram (cylinder) kit includes all parts needed to rebuild/mount steering ram: seals, clips, grommets, dust cover, spacers and washer. SC-819 includes ball stud, retainer plates, springs, clips, O-rings and castle nut.

ZSC-324	63-67	Ram rebuild kit	14.95 kit
SC-819	63-67	Ram ball stud rebuild kit	29.95 kit

See inside back cover for special freight charge "(3)"

Drum Brake Hardware Package

All available hardware needed to rebuild your Corvette's drum brake system. Includes all premium quality components: front and rear brake shoes, front and rear rubber hoses, new front and rear wheel cylinders, shoe hold down hardware, shoe adjustment hardware and (1) quart DOT 3 brake fluid.

EB-214 63-65 Drum brake hardware package 299.95 kit

EB-214

Deluxe Drum Brake Hardware Package

If you're planning to go beyond the basic rebuild and replace all worn brake components, this is the package to choose. Includes everything in EB-214 plus a new replacement master cylinder and (4) brake drums.

EB-250	63	Deluxe drum brake hardware package, w/power brakes.....	⁽⁴⁾ 599.95 kit
EB-251	63	Deluxe drum brake hardware package, w/o power brakes	⁽⁴⁾ 599.95 kit

DB-460	All	Brake fluid, DOT 3, quart	8.95

Disc Brake Conversion Kit

Have confidence in your brakes! Front brakes provide 70% of your Corvette's stopping power – convert your '63-64 front drums to later-style discs with Zip's conversion kit. Includes all required parts: (2) new stainless steel sleeved calipers, reconditioned front spindles and spindle arms, reconditioned caliper mount brackets, new rotors and bearings, and new caliper rubber hoses and dust shields. Zip recommends replacing ball joints at same time. No Discount.

DB-491 63-64 Disc brake conversion kit ⁽²⁾989.95 kit

DB-491

GM installed a dual master cylinder in all '67 Corvettes as a safety feature. Get that same security in your older mid-year by installing a Zip conversion kit. '63-66 kit converts stock single reservoir to '67-style dual cylinder and includes new master cylinder, proportioning valve with bracket, brake lines and brake line blocks. Also available is a rear brakes adjustable proportioning valve.

Disc Brake

Rebuilt Brake Calipers

Original Delco Moraine housings. Calipers are cleaned, inspected and rebuilt with stainless sleeves, then reassembled using all-new components including pistons (choose original-style or O-ring seal), springs, seals, bleeder screws and pad pins. O-ring design is best for Corvettes stored for long periods between use. Calipers are pressure tested for a leak-free installation. Limited lifetime warranty.

DB-323	65-67	Rebuilt caliper w/original-style seal.....	89.95 each
DB-580	65-67	Rebuilt caliper w/O-ring seal	109.95 each

Note: Rebuilt calipers sold on exchange. Add \$60.00 per wheel refundable core charge if rebuildable cores do not accompany order.

NEW Brake Calipers

New castings from original Delco Moraine tooling for factory look. Calipers are sleeved with stainless steel, assembled using all-new parts (choose original-style or O-ring seal), and pressure tested for a leak-free installation. Limited lifetime warranty. No core required.

DB-556	65-67	<i>NEW</i> caliper w/original-style seal.....	159.95 each
DB-741	65-67	<i>NEW</i> caliper w/O-ring seal	172.95 each

Original-Style vs. O-Ring Seal

Lip seal piston seals were factory installed in Shark-era calipers, and if you're wanting to keep your Corvette 100% correct they are the way to go. However, be aware that prolonged inactivity and/or worn brake components are the enemy of the lip seal design. If you enjoy exercising your Corvette heartily, or, conversely, your pride and joy often sits for extended periods, O-ring seals are the better choice. Superior in design all-around, O-rings offer the best sealing possible.

Brake Fluid

DB-21	All	Brake fluid, silicone, quart	19.95
DB-460	All	Brake fluid, DOT 3, quart	8.95

Caliper Clipper

Makes disc pad installation simple. Clipper holds pistons in compressed position to allow easy pad insertion. Single caliper requires pair of clippers.

DB-38	65-67	Caliper clipper	7.50 each
-------	-------	-----------------------	-----------

Pad Anti-Squeak Shims

Tough plastic "insulators" mount along the trailing edge of pad to stabilize the pad in the caliper – and thereby put a stop to annoying squeaks, squeals and vibration.

DB-542	65-67	Pad anti-squeak shims, set of 8	14.95 car
--------	-------	---------------------------------------	-----------

Speed Bleeder®

Allows one-person brake bleeding. Replaces OE bleeder screw with one-way check valve that allows fluid and air to pass then closes so air isn't sucked back into system between pedal pumps. Two sets required per car.

DB-512	65-67	Speed Bleeder	14.95 pair
--------	-------	---------------------	------------

Wilwood Brake Kits

Update your Corvette with legendary Wilwood stopping power. Direct bolt-on replacement for OE calipers. D8-4 forged billet aluminum calipers feature stainless steel pistons and high-temp seals. Kits include Wilwood braided stainless hoses and BP-10 pads. Available "raw" cast or powder coated black or red. May require 3/16" spacer. No Discount.

Wheels & Hubcaps

63-66 Aluminum Knock-Off Wheels

Replica Aluminum Knock-Off Wheels Set

The result of meticulous research supporting all-new tooling, these "original" design castings are the closest wheels available to true factory option knock-offs. Set includes (4) wheels with adapters, lug nuts, correct cones, spinners and lead hammer.

H-795	63-64	Knock-off wheels set.....	(4)2,299.95 set
H-796	65	Knock-off wheels set.....	(4)2,299.95 set
H-797	66	Knock-off wheels set.....	(4)2,299.95 set

'63-64 replica aluminum knock-offs have "raw cast" finish; '65-style have dark gray painted recesses with polished chrome cones; '66 have dark gray recesses with brushed chrome cones.

Direct Bolt-On Knock-Offs

Love the look of knock-offs, but want the security of a bolt-on wheel? Zip's direct bolt-on replica knock-offs are dead ringers for the real thing – but attach with a special lug nut instead of the spinner. Set includes (4) wheels, adapters, cones and spinners.

H-798	63-64	Direct bolt-on knock-off wheel set	(4)2,299.95 set
H-799	65	Direct bolt-on knock-off wheel set	(4)2,299.95 set

Harmonic Balancer Repair

Sleeve repairs groove worn in balancer by the timing cover oil seal. M-3570 rebuild kit includes specially molded rubber cushions and rivets for rebuilding GM #3760584. Requires use of a shop press capable of 8,000 lbs. pressure, and an air chisel for staking rivets.

M-2335	63-67	Harmonic balancer sleeve, 327	10.50 each
M-2334	65-67	Harmonic balancer sleeve, 396 & 427	10.50 each
M-3570	63-65	Harmonic balancer rebuild kit, includes 2 rubber cushions & 6 rivets, to rebuild GM #3760584	44.00 kit

ATI Super Damper® Harmonic Balancer

OE dampers are optimally tuned to fit a narrow band of "perceived" normal driving conditions and generally do not perform well outside of those limits. ATI's Super Damper can handle any performance scenario to better protect your engine. Black zinc chromate finish with laser engraved timing marks. Tunable and rebuildable. Direct replacement for factory unit. **See individual specs online: www.zip-corvette.com.**

PM-745	63-67	Super Damper, 327 w/hydraulic lifters	279.95

ZDDPlus™ Oil Additive

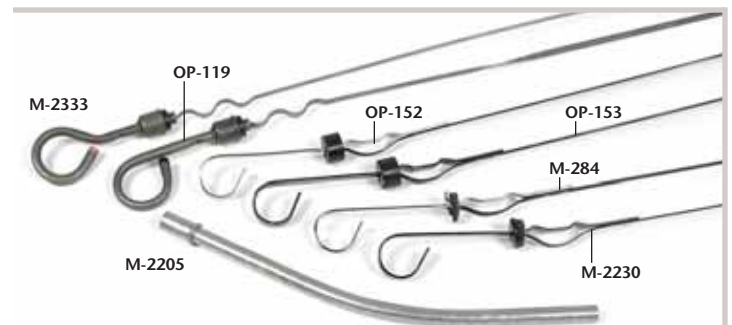

Today's oils are largely missing the key ingredient critical to a flat tappet engine's survival: zinc dialkyl dithiophosphate (ZDDP). ZDDPlus additive creates a protective film on cam and lifter contact points to prevent premature – and often catastrophic – wear. One bottle per 5 quarts at every oil change ensures your Corvette has the right amounts of protective zinc and phosphorus in the oil.

M-3835	ZDDPlus oil additive, 4 oz.	9.50

Zip Resto Tip: Aluminum Valve Covers

With the valve covers removed from the engine, rinse them with water and spray with a degreasing solution such as Simple Green. Let the solution set for about 5 minutes and then scrub the covers with a firm-bristled brush to remove all traces of oil and grime. Thoroughly rinse and allow to dry completely before continuing. Once dry, lightly mist dull aluminum paint onto the covers with one or two passes. After applying the light coating, pour half a pint of lacquer thinner into a steel or glass container and spray the thinner with the aluminum paint. With a small brush (1/2" recommended) in hand, wet the brush in the thinner/paint solution and brush the covers. Work the surface until the desired look is reached. The thinner will evaporate and the paint will be left in the pores of the aluminum, making your valve covers look new again. If the covers look as if they have been painted, then too much paint was applied and you will need to brush-on more lacquer thinner. If oily stains can be seen, reapply a heavier coating of aluminum paint and continue with the application steps.

Distributor Internal Rebuild

Tach Drive Distributor

S

*** included in M-2350 small parts kit

Distributor Rebuild

Over time, the mainshaft wears the soft brass bushings in the distributor housing and begins to "wobble" – the likely culprit behind persistent drive gear problems. Fresh upper and lower bushings will have your distributor performing like new.

M-3444	63-67	Mainshaft lower bushing	12.50
M-3443	63-67	Mainshaft upper bushing.....	12.50
M-253	63-67	Mainshaft bushing installation tool.....	8.50

Ignition Rebuild Kit

Includes all-new distributor cap, single points, rotor, condenser and spark plug wires. Note kit does not fit fuel injection Corvettes.

M-3019	63-67	Ignition rebuild kit, standard ignition	89.95 kit
--------	-------	---	-----------

Identification

M-3183	63-67	Identification band, specify year, engine & date needed	35.00
MG-186	63-67	Identification band dye	8.95

Ignitor Electronic Ignition

Enjoy the benefits of High Energy ignition while keeping your Corvette "all-original" under the hood. Components fit inside the distributor cap for a truly stealth install. **Ignitor** replaces points and condenser with an electronic module for quick starts, better fuel economy, longer plug life and more power. **Ignitor II** senses coil current and adjusts dwell using a micro controller. The result? Constant peak energy over the entire rpm range. **Ignitor III** delivers "box ignition" performance – without the box! Five times more spark energy than points, plus a user-set rev limiter. Kits are compatible with stock coil, or for more juice add a **Flame-Thrower™** coil and plug wires. Epoxy filled coil generates 40,000 volts. Silicone-jacketed wires feature EPMD rubber inner insulation for superior heat resistance and prevention of arcing and voltage leaks. Black only. See individual specs online: www.zip-corvette.com.

T.I. Amplifier Module

Upgraded circuit board delivers instant hot or cold starts and over 25,000 volts up to 9,000 rpm. Simple to install – requires no changes to wiring and module is hidden inside amp housing to keep your Corvette looking all-original. Solid-state circuitry generates double the coil primary voltage of the factory unit for up to 10% more secondary available voltage with the stock coil.

E-499	64-67	Solid-state transistor ignition module	139.95

Spark Plugs & Wires

AC-Delco Spark Plugs

Insist on the best – genuine AC-Delco. Current production plugs are designed expressly for Corvettes to minimize radio interference. Order by application or check owner's manual for correct number.

M-3001	63-67	Spark plug, 327 base motor (R45S).....	2.75 each
M-2999	63-67	Spark plug, 327 Hi-Perf (R43)	2.75 each
M-3003	65-67	Spark plug, 396 & 427 (R43XLS)	2.75 each

Reproduction AC-Delco Spark Plugs

New reproduction AC-Delco "small-block" plugs with correct green stripes and dimples as original. Set of 8 in reproduction Fire Ring boxes.

M-4003	63-67	Spark plugs, #43 reproduction	59.95 set
M-4004	63-67	Spark plugs, #44 reproduction	59.95 set
M-4002	63-67	Spark plugs, #45 reproduction	59.95 set

Packard Spark Plug Wires

Built from original Packard Industries tooling, correct-length replacement wires feature correct Delcore II composition, authentic boots and stainless steel terminals. Made in the USA.

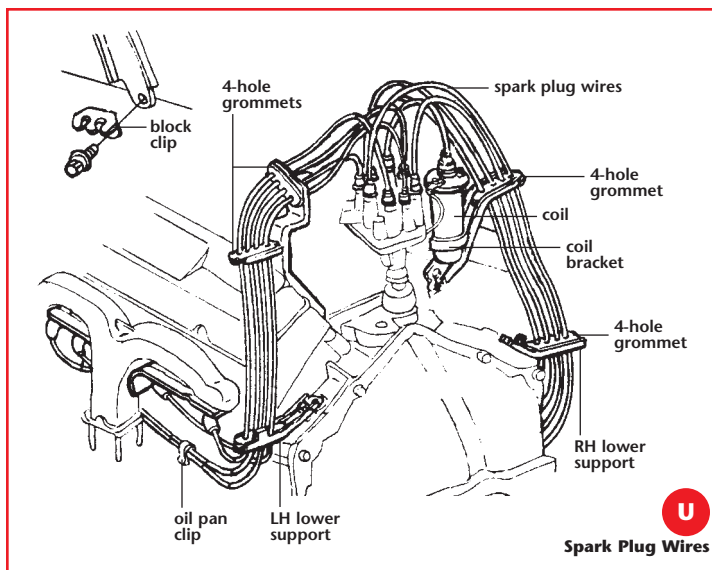

M-3907	63-67	Spark plug wires, 327 (U)	44.95
--------	-------	---------------------------------	-------

Performance Wires

Reduced resistance = increased performance. Packard wires feature 250 ohms resistance compared to 4000-5000 ohms standard. Built from original tooling using Delcore II Kevlar composition, authentic boots and stainless terminals. Correct length. Made in the USA.

M-3962	63-67	Spark plug wires, 327, low ohm	59.95 set
--------	-------	--------------------------------------	-----------

Reproduction Spark Plug Wires

OE-style wires include correct script, date code and spark plug end boots. Wires are dated 1st or 3rd quarter; specify year of car and VIN number. 396 and 427 with factory radio had braided wires; big-block cars built radio delete used wires without braided covering.

E-554	63-67	Spark plug wires, 327 (dated) (U)	74.95 set
E-555	63-65	Spark plug wires, F.I. (dated)	89.95 set
IS-209	65-66	Spark plug wires, 396 & 427, braided (undated), w/valve cover clips	139.95 set
IS-218	67	Spark plug wires, 427, braided (undated), w/valve cover bolt attachment	144.95 set
E-556	65-67	Spark plug wires, 396 & 427, braided (dated)	159.95 set
E-557	65-67	Spark plug wires, 396 & 427, w/o radio, unbraided (dated)	74.95 set

Note: Refer to chart below for recommended dating for '63-67. Serial numbers shown are the last five digits of the serial/VIN number – which corresponds to the assembly line build sequence.

Year	Serial#	Date
1963	00001 thru 09814	3-Q-62
	09815 thru 21513	1-Q-63
1964	00001 thru 12322	3-Q-63
	12323 thru 22229	1-Q-64
1965	00001 thru 11059	3-Q-64
	11060 thru 23564	1-Q-65
1966	00001 thru 15283	3-Q-65
	15284 thru 27720	1-Q-66
1967	00001 thru 12264	3-Q-66
	12265 thru 22940	1-Q-67

IS-228	64-65	Plug shield, right front (V)	41.50
IS-326	66-67	Plug shield, right front (V)	41.50
IS-217	64-65	Plug shield, right rear (V)	41.50
IS-327	66-67	Plug shield, right rear (V)	41.50
IS-106	63	Plug shield RH "L" bracket (2 per car)	4.50 each
IS-377	63	Plug shield brackets, LH, correct (4)	14.50 set
IS-372	64-67	Plug shield outer bracket (V)	4.75 each
IS-373	64-67	Plug shield inner rear bracket (V)	4.75 each
IS-374	64-67	Plug shield inner front bracket (V)	4.75 each
IS-371	64-67	Plug shield bracket set (8)	29.50 car

Plug Wire Clips, Grommets & Wing Bolts

IS-231	63-67	Plug wire clip on block (V)	3.00 each
IS-232	63-67	Plug wire clip on oil pan (V)	3.75 each
IS-109	63-67	Plug wire 4-hole inline grommet (V)	2.00 each
IS-108	63-67	Wing bolts, chrome (V)	1.00 each

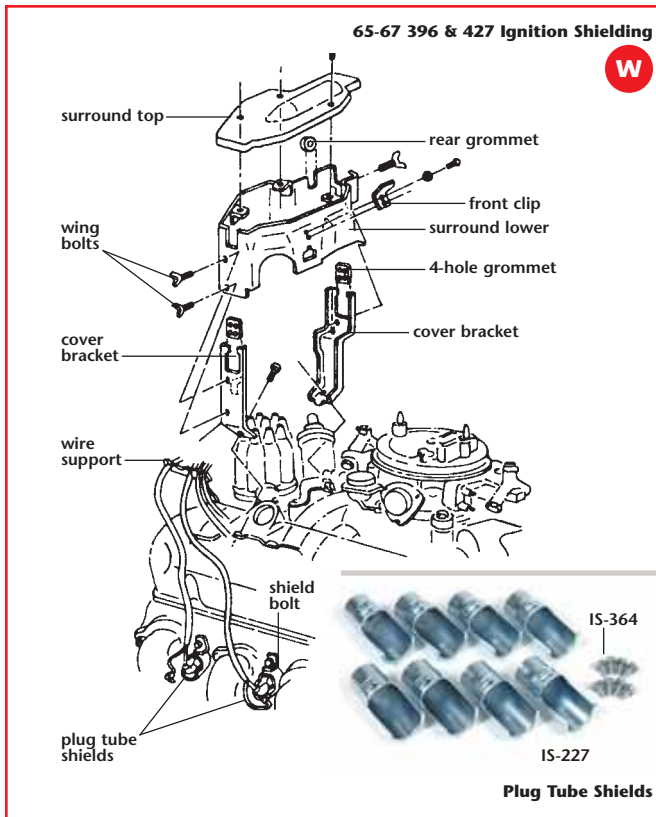

Left-hand ("LH") = driver's side; right-hand ("RH") = passenger side

Distributor Top Shield

IS-208A	65	Distributor surround lower w/clip (W)	95.00
IS-208B	66	Distributor surround lower w/clip (W)	95.00
IS-208C	67	Distributor surround lower w/clip, 1x4	95.00
IS-208D	67	Distributor surround lower w/clip, 3x2	95.00
IS-233	65-67	Distributor surround lower rear grommet (W).....	1.50
IS-219	65-67	Distributor surround top (W)	79.50
IS-395	65-67	Distributor cover LH bracket (W)	18.50
IS-393	65	Distributor cover RH bracket (W)	19.50
IS-394	66-67	Distributor cover RH bracket (W)	19.50
SF-573	65-67	Distributor cover bracket spark plug wire grounding nuts.....	1.50 pair

Note: If your top shield is in otherwise good condition but the insulator needs replacing, Zip has replacement insulators and correct rivets.

IS-360	65-67	Top shield insulator, 427	6.00
IS-361	65-67	Top shield insulator rivets (2)	3.50 pair

Grounding Clip

Attaches to distributor shield – includes correct rivets for attaching to shield.

IS-403	65-66	Front clip w/rivets (W)	10.50
IS-404	67	Front clip w/rivets, 1x4	10.50
IS-405	67	Front clip w/rivets, 3x2	15.75

Plug Tube Shields

IS-383	65-66	Plug tube shield (W)	11.50 each
IS-227	65-66	Plug tube shields	79.95 set
IS-364	65-66	Plug tube shield "L" bolts (W).....	7.00 set

Plug Wire Grommets, Supports & Wing Bolts

IS-207B	65-67	Plug wire 4-hole square grommet (W).....	2.50 each
IS-355	65-66	Plastic wire supports (4)	10.50 car
IS-356	67	Plastic wire supports (4)	10.00 car
IS-226A	65-67	Plastic wire support, 4-wire w/stand	3.50 each
IS-226B	65-67	Plastic wire support, 4-wire w/o stand.....	3.50 each
IS-226C	65-67	Plastic wire support, 2-wire w/stand	3.50 each
IS-226D	65-66	Plastic wire support, 3+1 w/stand (W).....	3.50 each
IS-108	65-67	Wing bolts, chrome (W)	1.00 each

Small-Block Shielding Kit

Includes all outer plug shields, brackets, grommets and wing bolts to fasten shields to engine block. Deluxe add-on kit includes inner plug heat shields and lower "V" wire shields.

IS-337	63E	Ignition shield set, 327	459.95 kit
IS-338	63L	Ignition shield set, 327	459.95 kit

65-67 Side Exhaust Mount

Carbon Steel vs. Aluminized vs. Stainless

Zip offers side exhaust mufflers authentic in appearance, and proudly made in the USA. **Carbon Steel** The closest-to-OE reproductions available. Jig-welded carbon steel header pipes with an aluminized steel 2.75" chambered section as original, and correct 2.75" chrome plated tips. **Aluminized** An excellent choice for those wanting a "factory" muffler – but much longer life than carbon steel. Jig-welded aluminized steel header pipes with an aluminized chambered section and 2.75" polished stainless tips for lasting looks. **Stainless** Delivers near-forever performance. Jig-welded 304 stainless steel header pipes with a stainless steel (inside and out) chambered section and 2.75" polished tips.

For true "original" sound, carbon steel and aluminized mufflers are now available with redesigned (have correct perforations) inner baffle tubes that are exact replicas of factory pipes. Rumble never sounded so sweet!

Side Exhaust Covers Package

Zip's all-in-one package includes new reproduction covers, upper trim strips, front and rear cover brackets, cover mount screws and U-nuts, and trim strip screws and flat nuts.

EX-685	65-67	Side exhaust cover & trim set (ND).....	(4)1,279.95 car
--------	-------	---	-----------------

Exhaust Protectors

Polycarbonate plastic shields protect front-most area of side exhaust covers from road rash. Clip-on installation.

EX-686	63-67	Side exhaust covers protectors.....	69.95 pair
--------	-------	-------------------------------------	------------

Side Exhaust Package

Completely replaces poor-condition original components – or add the coveted looks and sound of factory side exhaust to any mid-year Corvette. Includes aluminized or stainless mufflers, trim moldings, new reproduction covers, and all mounting hardware. No Discount.

EX-373	63	Rear exhaust panel/bezel heat shields	69.95 pair

Zip Resto Tip: Exhaust Manifolds

Cast iron exhaust manifolds will begin to rust at the first sign of moisture, leaving your engine compartment looking decidedly less than Best of Show. Begin removing the manifolds by first liberally spraying all bolts with penetrating oil. Repeat this step at least three or four times over the next hour. The last thing you want is studs twisted off into the base of your manifold – have patience and take your time with the following steps. Once all bolts are well soaked, loosen the three manifold to pipe stud nuts. With a wire brush, clean the stud under the nut and apply more penetrating oil. Now you can slowly remove the nuts. Next unbolt the manifolds from the head (these bolts are grade 8 and rarely cause problems). Bead blast or wire brush the manifolds to clean off all traces of rust, then wipe them down using a small amount of lacquer thinner. Do not wash the manifolds as cast iron absorbs water.

After cleaning, apply Calyx manifold dressing. The secret to applying this cream is to slowly rub it into the manifold, working it down into the pores of the cast iron. Don't use too much, as you only want to change the color of the piece. Reinstall the freshly restored manifolds, step back and admire the results!

Note: Exhaust manifolds with original part number are new correct reproductions featuring cast GM logo and part number. GM licensed.

EX-702

(casting detail)

Replacement Exhaust Manifolds

A good alternative to more costly reproductions. Replacement manifolds are functionally correct but not cosmetically identical to OE or reproduction manifolds. May include A.I.R. holes w/plugs.

Manual Transmission Rebuild Service

If the thought of tackling your Corvette's "stick" gearbox is a bit too intimidating – have Zip do it! Transmission is completely disassembled, cleaned, and thoroughly inspected. Case is restored to factory finish. Rebuild includes all-new bearings, syncros, bushings and seals. Additional costs may be incurred depending on condition of gears and cluster assembly (parts not replaced during standard service). 1-year unlimited mileage warranty. Sold on exchange only. No Discount.

Zip Resto Tip: Fuel System – Leaded vs. Unleaded Gas

About 80 years ago, while evaluating the effects on gasoline of various heavy metals, scientists discovered that the addition of tetra-ethyl-lead reduced knocking in automobile engines. Lead also had the added benefit of providing lubrication inside the combustion chambers, which was particularly helpful for the exhaust valves and their seats. Because of these beneficial properties, a minimum number of adverse side effects, and its low cost, lead became a staple in gas for nearly 50 years.

All of that changed in the early 1970s, when oil companies began phasing lead out because it was incompatible with the catalytic converters that automakers were required to install. By the late 1970s leaded fuel was becoming quite rare and a few years after that it essentially vanished. This is not a problem for newer cars – which have been engineered to run on unleaded fuel – but can be troublesome for many of the older cars that are still on the road. While the increased anti-knock properties that lead imparted to gasoline have been addressed with various other additives, the same is not true for lead's lubricating benefit. Newer engines have been designed to operate without the combustion chamber lubrication that lead provided, but older engines are susceptible to certain damage without this lubrication. In particular, the exhaust valves and their seats are vulnerable to accelerated deterioration when an older engine is run on unleaded fuel.

There are two ways to address this problem. The first is with the addition of lead or lead substitute to the fuel in your tank. This creates an ongoing expense and is a little bit of a nuisance but is probably the best solution for cars that are driven infrequently. The second way to deal with the absence of lead is to modify your engine so that it does not require upper cylinder lubrication. This is done with the installation of stainless steel valves and hardened valve seat inserts.

Pre-Assembled Press Molded Front End

Press Molded vs. Hand Laid

Press molded panels "(pm)" are pressure-formed in matched molds as original, creating an exceptionally strong part smooth on both sides. Hand laid panels "(hl)" are built by layering fiberglass mat and resin into a single mold. The result is a high-strength part of uniform thickness with a smooth surface on the outside only. To help keep your Corvette as original as possible, Zip offers as many press molded pieces as are available. Before starting any repair or restoration, consider using press molded panels – the extra money spent now for "correctness" will make your Corvette more valuable in the long run.

Complete 1-Piece Front End

Hand laid, 1-piece front ends reduce restoration time and ensure seamless body lines. High-quality construction results in a ripple free finish. Includes installed headlamp reinforcement bars as original. Predrilled and precut for grills, moldings and emblems. Prepaid only. Ships truck freight collect (\$20.00 crate fee). No Discount.

HFG-032	63-64	1-piece stock front end, door-to-door.....	1,629.95
HFG-041	65-66	1-piece stock front end, door-to-door.....	1,629.95
HFG-051	67	1-piece stock front end, door-to-door.....	1,629.95

As a cost savings option, Zip offers 1-piece front ends for "driver" cars. Be aware there is a drawback to this approach: the resale value of your Corvette is likely to be lower than had you installed correct press molded panels. While cost and labor will be more expensive than going with a 1-piece, it will still be less than the probable loss suffered at the day of sale. For the highest quality product with the greatest resale potential, Zip recommends installing press molded panels or a pre-assembled press molded front end.

Press Molded vs. Hand Laid

Press molded panels "(pm)" are pressure-formed in matched molds as original, creating an exceptionally strong part smooth on both sides. Hand laid panels "(hl)" are built by layering fiberglass mat and resin into a single mold. The result is a high-strength part of uniform thickness with a smooth surface on the outside only. To help keep your Corvette as original as possible, Zip offers as many press molded pieces as are available. Before starting any repair or restoration, consider using press molded panels – the extra money spent now for "correctness" will make your Corvette more valuable in the long run.

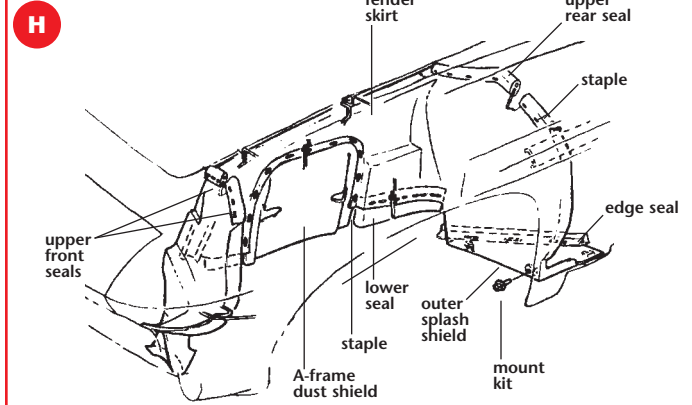

Underbody Insulation

OE-style "blanket" fits under shifter tunnel to effectively shield interior compartment from excess heat generated by transmission.

ZM-255	63-67	Underbody tunnel insulation	45.00 each

Fiberglass Repair Materials

Most fiberglass repair materials have a recommended shelf life of approximately three (3) months. Note hazardous and/or aerosol products such as paint and fiberglass cannot be shipped outside of the continental USA, or by air freight to any destination.

Resin

Specifically formulated to provide excellent adhesion to fiberglass panels. Fast curing, high strength and predictable performance make this resin the choice of professionals. Use Zip's R-933 "SMC" resin for sheet molded composite panels. Hardener included.

R-915	Resin, quart	29.95
R-933	Resin, formulated for SMC panels, quart.....	39.95

Spray Gelcoat

Seals loose or exposed fiberglass strands in non-SMC panels – plus Spray Gelcoat's unmatched sealing qualities prevent body filler from bleeding through to ruin your perfect paint! Hardener included.

R-918	Spray Gelcoat, gallon.....	109.95
R-917	Spray Gelcoat, quart.....	29.95

Bonding Adhesive

Unbeatable adhesion securing fiberglass to bonding strips – "grips" even in instances of expansion, contraction and vibration. Use Zip's R-932 "SMC" adhesive for bonding sheet molded composite panels. Hardener included. *Not intended for use as a surface filler.*

R-912	Bonding adhesive, gallon	89.95
R-911	Bonding adhesive, quart.....	29.95
R-932	Bonding adhesive, formulated for SMC panels, 2-quart kit.....	134.95 kit

Body Filler

The best results are achievable only by using the best quality filler. Virtually eliminates dreaded shrinkage, pinholing and bleed-through when prepping fiberglass panels. Use Zip's R-934 "SMC" filler for sheet molded composite panels. Hardener included.

R-913	Body filler, quart	29.95
R-934	Body filler, formulated for SMC panels, quart.....	29.95

Body Repair Guides

Be it poor panel fit, seams showing or past collision damage, the fact

is most Corvettes exhibit body issues of some sort. Ray J. Shiro shares his 30+ years experience in fiberglass repair in step-by-step CD guides for do-it-yourself enthusiasts and pros alike. Packed with repair/replace photos and illustrations. Volume 1 includes

front body, headlight assembly, body seam repair, bonding strips and panel splicing techniques. Volume 2 covers panel and bonding strip removal, reinforcement splicing and body restoration.

B-657	Body Repair CD, 1963-67, Vol. 1: Front-to-Cowl.....	52.95
B-658	Body Repair CD, 1963-67, Vol. 2: Rear Body.....	52.95

Locks

Zip's lock sets are the most-correct available for '63-67 Corvettes. Door sets feature concours-correct notched face and dimpled shutter as original. Locks include "knock out" NOS or reproduction keys.

Ignition Lock Cylinder

LK-353	63-64	Ignition lock cylinder w/keys	32.95
LK-354	65	Ignition lock cylinder w/keys	32.95
LK-355	66	Ignition lock cylinder w/keys	17.95
LK-356	67	Ignition lock cylinder w/keys	32.95

Door Locks

Include installed pawls. '63-66 hex keys have Briggs & Stratton markings and "®" GM logo as original; '67 hex keys are "A" groove with GM logo.

LK-360	63-66	Door lock cylinders w/pawl and key	49.95
LK-361	67	Door lock cylinders w/pawl and key	49.95

Glove Box

LK-202	63	Glove box lock cylinder	32.95
LK-205	64-66	Glove box lock cylinder	32.95
LK-205A	67	Glove box lock cylinder	36.95

Spare Tire Lock

OE-style reproduction lock has correct size key cap and diameter drain hole. '63-66 include hex keys with Briggs & Stratton markings and "®" GM logo; '67 round keys are "B" groove with GM logo.

LK-211	63-64	Spare tire lock (small cap, small hole)	64.95
LK-372	65-66	Spare tire lock (small cap, large hole)	69.95
LK-373	67	Spare tire lock (large cap, large hole)	69.95

Glove Box & Spare Tire Set

Includes glove box case/bezel and reproduction spare tire lock. Perfect if ignition and door locks have already been replaced and you now want to add correct glove box and spare tire locks. Note '65-67 glove box and spare tire locks were the only locks GM keyed alike with round key.

LK-369	65-66	Glove box & spare tire lock (round key)	84.95 set
LK-370	67	Glove box & spare tire lock (round key)	84.95 set

Ignition & Door Lock Set

Keyed-alike sets include original-style ignition lock cylinder and door locks with installed pawls. Correct hex keys - '63-66 have Briggs & Stratton markings and "®" GM logo as original; '67 keys are "A" groove with GM logo.

LK-204A	63-64	Ignition & door locks set	72.95 set
LK-204B	65	Ignition & door locks set	72.95 set
LK-338	66	Ignition & door locks set	69.95 set
LK-339	67	Ignition & door locks set	72.95 set

Complete Matched Set

Keyed-alike matched sets include ignition lock cylinder, door locks with installed pawls, and glove box case/bezel. Correct hex and round keys feature Briggs & Stratton markings, "®" GM logo and "A" and "B" grooves as applicable.

LK-203A	63	Complete lock set (hex keys only)	89.95 set
LK-341	64	Complete lock set (hex keys only)	89.95 set
LK-203B	65	Complete lock set (hex keys only)	89.95 set
LK-343	65	Complete lock set (hex & round keys)	99.95 set
LK-342	66	Complete lock set (hex & round keys)	89.95 set
LK-203C	67	Complete lock set (hex & round keys)	99.95 set

Deluxe Matched Set

Deluxe sets add reproduction spare tire lock to ignition, door and glove box locks. Keyed-alike hex and round "knock out" keys feature Briggs & Stratton markings, "®" GM logo, and "A" and "B" grooves as applicable.

LK-363	63	Deluxe lock set (hex keys only)	149.95 set
LK-364	64	Deluxe lock set (hex keys only)	149.95 set
LK-365	65	Deluxe lock set (hex keys only)	149.95 set
LK-366	65	Deluxe lock set (hex & round keys)	149.95 set
LK-367	66	Deluxe lock set (hex & round keys)	149.95 set
LK-368	67	Deluxe lock set (hex & round keys)	149.95 set

Keys

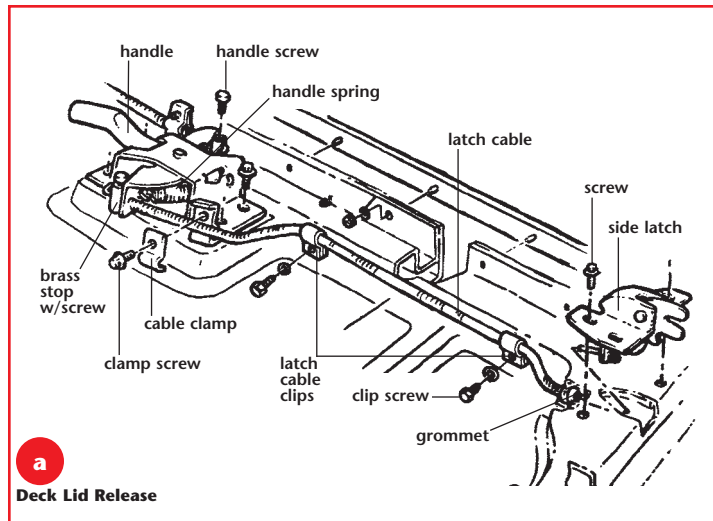

All '63-64 Corvettes use hex keys for all locks (ignition, doors, glove box and spare tire). Mid-production '65 through '67 glove box and spare tire locks use round keys. Blanks are available in correct "knock out" style with Briggs & Stratton markings and "®" GM logo as original, or as replacement with GM logo only.

LK-345	63-66	Hex key, Briggs & Stratton & GM logo w/"®" trademark	6.95 each
LK-108S	63-66	Hex key, replacement w/GM logo only	2.95 each
LK-346	65-66	Round key, Briggs & Stratton & GM logo w/"®" trademark	6.95 each
LK-108R	65-66	Round key, replacement w/GM logo only	2.95 each
LK-347	67	Hex key, Briggs & Stratton & GM logo w/"A" groove	6.95 each
LK-348	67	Round key, Briggs & Stratton & GM logo w/"B" groove	6.95 each

Wiper Motor Restoration

Don't settle for just a "make it work right" rebuild when your wiper motor can be restored to factory condition. Aluminum surfaces look new again, and all parts so plated receive a fresh cadmium finish. Reassembly includes new hardware. Note price shown is an average restoration cost – once motor has been evaluated, an actual cost will be provided before any work begins. Sold on exchange only. No Discount.

Replacement Aluminum Radiator

Better cooling, yet "same" cost as copper/brass? Zip's USA-made replacement aluminum radiators prove that yes, you can indeed have it all! From the shop of one of the industry's premier suppliers comes a replacement radiator that offers the performance you expect – without the price tag usually attached to custom built aluminum. Twin tube core design more than doubles cooling capacity by increasing the tube-to-fin contact area. Furnace brazed and epoxy free. To maintain originality, Zip recommends painting radiator black for OE-style look.

MF-248

On the subject of Corvette replacement radiators, the term “direct fit” often gets used rather loosely. By definition, one would expect it to drop right in and hook right up – unfortunately, that’s not necessarily reality in a lot of cases. However, that’s exactly the case with Zip’s Direct Fit® radiators!

Direct Fit® Aluminum Radiator

Like the name says, our radiators are designed to bolt right in – no ifs, ands or buts. Every Direct Fit radiator is made in the USA and begins life as a double-row core furnace brazed for strength and accuracy. Press formed end tanks are meticulously TIG welded by real craftsmen to ensure leak-free performance and knockout looks. Epoxy free. Have a work of art under your hood!

RA-155	63-67	Direct Fit radiator, 327	(1)529.95
RA-193	65	Direct Fit radiator, 396 20" core	(1)529.95
RA-157	66-67	Direct Fit radiator, 427 4-speed	(1)499.95
RA-175	66-67	Direct Fit radiator, 427 w/integrated transmission cooler.....	(1)499.95
RA-193	67	Direct Fit aluminum radiator, L88	(1)529.95

RA-157

RA-203

Direct Fit® Radiator & SPAL Fan Combo

It’s simple science: less engine heat = more power. Satisfy the most severe cooling demands by “bulletproofing” your Direct Fit radiator with pre-mounted, single or dual SPAL electric fans. Trick combo replaces factory shroud and engine fan while increasing cooling an additional 10-15%. Includes required fuses, relays and wiring.

RA-202	63-67	Direct Fit & fan, 327.....	(1)779.95
RA-203	66-67	Direct Fit & dual fans, 427 4-speed.....	(1)929.95
RA-204	66-67	Direct Fit & dual fans, 427 Automatic	(1)929.95

Upgrade your ‘66-67 small-block, no-AC 18” aluminum radiator to a 427-style 24” core design for maximum capacity and efficiency. Radiator and dual fans combo includes mounting pins on bottom to eliminate need to replace radiator support.

RA-206	63-65	Direct Fit & fan, 427-style, 4-speed	(1)929.95
RA-205	63-65	Direct Fit & fan, 427-style, Automatic.....	(1)929.95
RA-208	66-67	Direct Fit & fan, 427-style, 4-speed	(1)929.95
RA-207	66-67	Direct Fit & fan, 427-style, Automatic.....	(1)929.95

Coat your radiator with “Black Ice”! OE-style epoxy finish turns your Direct Fit aluminum radiator into a factory look-alike. Does not affect cooling performance. Must order with radiator.

RA-192	“Black Ice” finish	60.00
--------	--------------------------	-------

“Radiator Relief”

Get as much as a 30° drop in operating temperature while cutting your warm-up time in half. Perfect for small-blocks, big-blocks, daily drivers and full-on racers. No mixing, simply pour a bottle in and you’re done!

RA-147	Radiator Relief, 32 oz. bottle	18.95
--------	--------------------------------------	-------

See inside back cover for special freight charge “(1)”

Vintage Air For Classic Corvettes!

No debate, "cool cruising" in a classic Corvette is one of life's more fun events – except when it's a sweltering summer day. Achieve true coolness with Zip's complete Vintage Air Gen IV SureFit™ air condition system. At its heart is fully electronic operation, meaning no balky cables or vacuum controls. Fly-by-wire servos piggyback off original thumb wheels to provide variable blower fan speed and just-right air temperature blending. Factory-look install requires no fabrication or new holes drilled in dash or firewall. Best of all, even if your '63-67 Corvette was optioned with AC, a SureFit retrofit outperforms the old technology OE design in every way. A chill in the air never felt so good!

Includes evaporator kit plus condenser and drier package. Evaporator kit comes complete with all mounting brackets, hardware, louvers, duct hose, wiring harness and installation instructions. No Discount.

D-671	66-67	Heater/AC knob bezels, bright finish.....	21.50 pair

HURRICANE® For Classic Corvettes!

If your mid-year rolled off the assembly line without factory AC, here's the way to cruise cool. Old Air's cold air kit replaces the heater/defroster with a compact new unit that mounts behind the glove box to keep your car's interior looking stock. Custom switches piggyback off original heater controls so no new holes need to be drilled in dash or console. OE-style reproduction ductwork completes an installation that truly has a "factory finished" appearance. Cruise in cool comfort!

Kit includes rebuilt A6 compressor with mount brackets, drier/receiver, condenser with factory brackets, air condition and heater hoses, new battery tray, replica AC air vents, install hardware and instructions. Some applications may require additional-cost purchase of driver side exhaust manifold, alternator brackets, and/or double-groove crank and water pump pulleys. Specify R-12 or R-134a refrigerant. No Discount.

E-869	65E	Fuel tank sender harness, 36-gallon.....	41.00
E-870	65L-67	Fuel tank sender harness, 36-gallon.....	41.00

Note: Sender harness is included with rear harness on standard tank Corvettes.

Left-hand ("LH") = driver's side; right-hand ("RH") = passenger side

Plug-In Conversion Harness

E-797 allows you to use '69-85 SI series internally regulated alternator in place of OE externally regulated unit. E-1165 harness allows '84-99 CS series external fan/internal regulated alternator to be used as replacement for OE externally regulated unit.

E-797

E-797	63-67	Alternator conversion harness (SI series)....	21.00
E-1165	63-67	Alternator conversion harness (CS series)...	21.00
E-1185	63-65	Alternator relocation harness, relocates alternator to LH side.....	48.00

Wiring Harness Packages

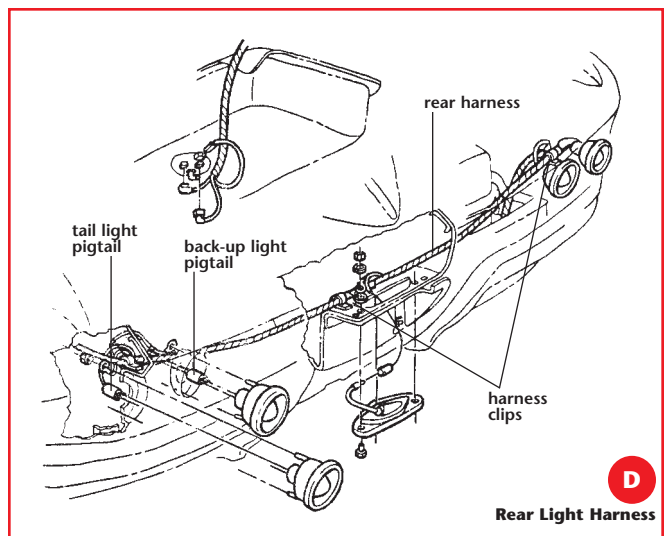

Zip's "one box" harness packages eliminate electrical gremlins that often plague Corvettes due to faulty or missing wiring. Includes dash harness, engine harness, headlight and rear harnesses, and a laminated wiring diagram.

E-775

'63-65 packages do not fit F.I. or air condition. '66-67 are applicable for both 327 and 427 engine, and will work for AC-equipped cars with purchase of additional harnesses.

LED Taillight Sets

Super-bright LED assemblies offer quicker "light-up" and heightened visibility over OE bulbs. Plug-in install requires no modifications. LEDs draw less current than standard incandescent bulbs, resulting in fast-flashing signals. Zip recommends L-546 flasher to restore correct operation of turn signal indicators.

The best paint and shiniest chrome quickly lose luster when masking a worn interior. The cure? **Build your own interior package and save 10%!** A same-order purchase of carpet, door panels and seat covers triggers our Restorer's Discount – and once there the more dollars spent mean the more dollars saved. From molded to cast to painted to polished, Zip stocks all manner of correct components to return your Corvette's interior to assembly line new!

Add to your interior package and continue to save! Door pulls and armrests • Sill plates • Kick panels • Carpet underlayment

10% off Restorer's Discount

HOW IT WORKS – Retail customers receive 10% savings on a minimum purchase of \$850.00 of any combination of parts and/or accessories from this catalog or Zip's Web store. Sorry, No Discount ("ND") items may be included in total value but are not eligible for discount. Offer applies to a single order only and some restrictions apply, call for details.

Reproduction floor mats • Jack cover board • Firewall insulation • Seat foam • Seat backs and seat tracks • Quarter panels • Center armrest • Headrests • Park brake console • Seat belts • Headliner • Dome light • Mirror • Sunvisors • Glove box • Ash tray • Lower shifter console • Clock • Dash pad • Dash indicators • Radio knobs and speaker • Radio side panels • Small gauges • Speedometer • Tachometer • Switches.

Interior Dye

Restore or change the color of your Corvette's interior. Vinyl dye flexes with the surface its applied to and will not crack, peel or rub off. Permanently adheres to carpet, door panels, seat covers, dash pads, fiberglass, plastic, metal and hard rubber with proper prep. Specify year and factory interior color.

DYE63	Interior dye, 12 oz. aerosol.....	18.95 each

Adhesion Promoter

The "secret weapon" pros use to make interior dye really stick. Spray dye on top of a fresh coat of adhesion promoter to chemically bond dye to panel. Proper prep makes the difference! 11 oz. aerosol.

I-537

I-2639

Embroidered Floor Mats

Original-style mats with added flair! Heavyweight nylon threads plus skilled workmanship ensure these embroidered mats will deliver lasting color and durability. All original carpet colors available.

I-1656	63-67	Floor mats, CORVETTE	89.95 pair
I-1727	63-67	Floor mats, Corvette Sting Ray	94.95 pair

Heat Barrier Kit

Ceramic cloth-like material with reinforced reflective foil backing installs under carpet to reduce interior temps up to 50%. 1/8"-thick pre-cut pieces will not affect carpet fit and can be used with original carpet underlayment. 6-piece kit fits front only; 7-piece covers front and rear both. Fits coupe or convertible.

I-1315	63-67	Heat barrier kit, front	109.95 kit
I-1316	63-67	Heat barrier kit, front & rear	159.95 kit

See inside back cover for special freight charge "(1)"

Carpet Underlayment

Protect your investment in new carpet by replacing your Corvette's carpet underlayment at the same time. Zip's pre-cut pieces are an exact match to OE materials: layered insulation for heat resistance bonded to a flexible rubber compound for durability.

I-1632	63-67	Front only carpet underlayment, Coupe	89.95
I-2010	63-67	Front only carpet underlayment, Conv.	89.95

Seat Belts

63 Seat Belts

Similar in appearance to original Irving Air Chute belts. Aluminum lift-latch buckle with satin face and metal-to-metal contact. Feature correct color webbing in original 3-panel design. Attachment to floor is handled through sewn, OE-style anchor plates. Specify color.

I-2567	63	Reproduction seat belts	109.95 car
MF-459	63E	Seat belt label "Chevrolet"	6.50 each

63 Replacement Belts

Not "OE" in appearance or mounting, but a cost saving alternative to reproduction belts. Close resemblance to Air Chute but with non-original webbing and chrome buckle. Specify black, red, saddle or silver. Includes mount hardware.

ZI-146	63	Replacement seat belts	59.95 car
--------	----	------------------------------	-----------

64 Seat Belts

Feature factory-style, cast lift-latch buckle with "Bow Tie" Chevrolet emblem. "Irving Air Chute" and model information stamped on back of buckle as original. Correct 3-panel webbing available in black, red, silver, saddle and dark blue. Note '64 belts do not utilize seat belt pockets and retractors as in later mid-year Corvettes.

I-2690	64	Reproduction seat belts	249.95
--------	----	-------------------------------	--------

All seat belts offered by Zip are sewn, assembled and tested in the USA under stringent Federal Motor Vehicle Safety Standards (FMVSS) guidelines to ensure you cruise safe – and secure.

www.zip-corvette.com **Zip**

65-66E Seat Belts

Feature factory-style, cast lift-latch buckle with "Bow Tie" Chevrolet emblem. "Irving Air Chute" and model information stamped on back of buckle as original. Correct 3-panel webbing available in black, red, silver, bright blue, green, maroon, saddle and dark blue. Note '65-66-Early belts utilize seat belt pockets and retractors.

I-2692	65-66E	Reproduction seat belts, w/pockets & retractors.....	329.95 car
--------	--------	--	------------

I-2692

64-66 Seat Belts

I-136	65-66E	Belt retractor, correct	24.50 each
I-2049	65-66E	Belt retractors, replacement wire	25.00 pair
I-624	64-66	Belt buckle Bow Tie disk decal	9.50 pair
I-2050	65-66	Belt retractor installation instruction tag, orange tag w/wire.....	2.50 each

64-66E Replacement Belts

Similar in appearance to original belts, including correct color 7-panel webbing and matched buckle with "Bow Tie" disk decal. I-2691 are replacement for '64 but can be used in '65-66-Early Corvettes if pockets and retractors (I-2430) are not desired. All applications require I-2434 replacement bracket – belts will not mount to factory console storage bracket. Specify black, red, green, bright blue, saddle or silver.

I-2691

I-2691	64	Replacement seat belts	109.95 car
I-2430	65-66E	Replacement seat belts, w/pockets & retractors.....	229.95 car
I-2434	64-66E	Storage bracket, replacement-style belts	22.50

66L-67 Seat Belts

OE-style '66-Late-67 belt set. Features replacement buckles with GM logo and lap belts with retractor. Designed to fit same as factory belts, using new technology retractors. 3-panel webbing as original. Most Corvette colors available. Specify color.

I-2564 66L-67 Seat belts w/retractors, replacement 229.95

Seat Belts Hardware

Correct reproduction belt mounting hardware. '63-64 use two pair of I-2503 bolts. '65-67 Corvettes use one pair of bolts and two I-2504 nuts for lap belts. '66-67 with shoulder harnesses require single pair of bolts for harness installation.

I-2503 63-67 Seat belt bolts 12.50 pair
I-2504 65-69 Seat belt inner mount nut 1.50 each

65-67 Belt Boots & Storage Pockets

Left-hand ("LH") = driver's side; right-hand ("RH") = passenger side
See page 94 for press molded "(pm)" vs. hand laid "(hl)" panels

Stereo System Components

Don't hack, file or otherwise ruin your dash bezel just to get good tunes! Zip has "perfect fit" KHE in-dash units that install with no modifications to dash or related components.

KHE-300 Series

The perfect mix of "old school" looks and "new school" technology.

Forget loose cassettes or CDs – just plug your MP3 or iPod right into the face. USB drop cable on back connects flash drive. Chrome surround with raised buttons and faux red station indicator for period-perfect look. Digital AM/FM tuner with 16 presets (12 FM) plus seek/scan, auto stereo/mono mode and power antenna lead. Separate bass and treble controls, fader, dual AUX inputs, clock and green-backlit LCD illumination. 200 watts (50 x 4) of power.

XR-178	63-67	KHE-300 series.....	269.95
--------	-------	---------------------	--------

KHE-100 Series

A virtual twin to the KHE-300 in appearance and features, the 100 series is for enthusiasts who want the MP3/iPod and USB plug-in capability but don't need as much power – and prefer to keep a few bucks in their pocket. 100 watts (20 x 4) of power.

XR-191	63-67	KHE-100 series.....	239.95
--------	-------	---------------------	--------

Stereo Speakers

Put some kick in your Corvette! Dual 4" speakers fit factory dash location with no modifications. Go full-stealth by adding a KHE-300 or 100 series radio with hidden USB port. 30 watts.

XR-110	63-67	Stereo speaker assembly, w/o AC.....	39.95
XR-122	63-67	Stereo speaker assembly, w/AC.....	39.95

Kick Panels & Speakers

ABS black plastic panels with integrated 4" Kenwood 2-way speakers.

Looks like a factory option!
Paint to match interior color.
Handle 100 watts.

XR-156	63-67	Kick panels w/mounted speakers.....	149.95
--------	-------	-------------------------------------	--------

Noise Suppression Kit

If your stereo buzzes or whines when the engine is running, the culprit could be the alternator. Zip's kit suppresses sound distortion due to engine interference.

XR-123	63-67	Noise suppression kit.....	19.95

Rechromed Bumpers

If your Corvette's bumpers are in otherwise good condition but have lost their luster, consider rechroming instead of replacement. For a wallet-friendly \$229.00 per bumper, Zip can return your originals to a "Wow!" shine. Call your Zip Products sales representative for details.

Bumper-Body "Paint Savers"

Rubber gaskets fit between bumpers and car body. Not originally used on Corvettes – but a great way to protect costly paint jobs!

63 Convertible Windshield Moldings Clips

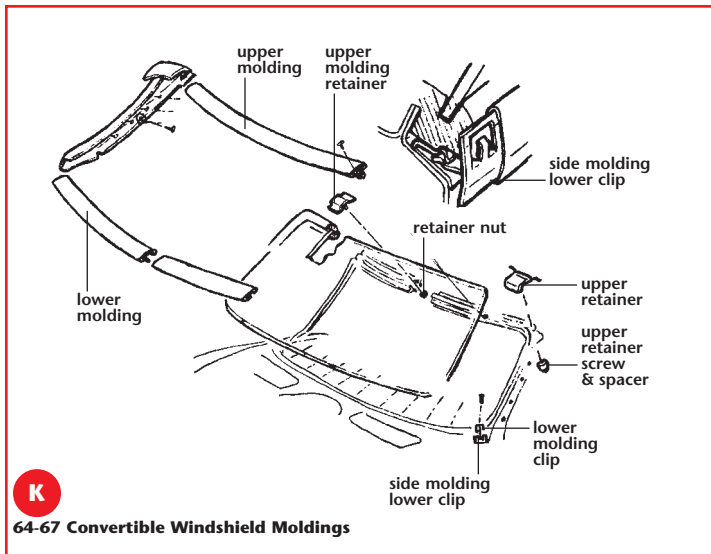

Windshield Date Codes

Original '63-67 Corvette glass was manufactured by LOF and features an etched Safety "LOF" Plate logo. Each logo includes a specifications rating (AS-1 or AS-2 depending on glass placement) and the production date in a 2-letter designation. The first letter designates the month of production and the second letter designates the year of production. Glass was produced approximately four (4) months in advance of the car's final build date. Example: LA = March 1966

Month (1st letter)		Year (2nd letter)	
January = N	May = J	September = A	1963 = C
February = X	June = I	October = Y	1964 = G
March = L	July = U	November = C	1965 = J
April = G	August = T	December = V	1966 = A
			1967 = Z

In addition to the Safety "LOF" Plate logo, other etched designations exist depending on whether the glass was of clear, shaded or tinted (Soft-Ray) construction. Glass was either laminated or solid tempered depending upon location and featured an "M" code, which is the manufacturer's code.

Left-hand ("LH") = driver's side; right-hand ("RH") = passenger side

Adhesives & Cleaners

3M adhesive cleaner quickly dissolves weatherstrip adhesive, wax, grease, tar and more. Black or yellow adhesive (GM used yellow originally) bonds all types of weatherstrip to painted and unpainted metal. Silicone conditioner restores weatherstrip to "new black" look – and protects fresh weatherstrip against dry rot and cracking.

Corvette Reference

Chassis Restoration Guide, 1953-72

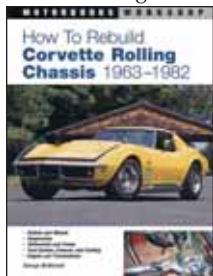

An absolute necessity for anyone wanting to correctly restore a Corvette rolling chassis. Covers body removal, shims, suspension, brakes, finishes, fasteners, markings and much more. Hundreds of photos, illustrations and helpful tips make this an easy to understand – and follow – guide.

B-419 Chassis Restoration Guide, 1953-72 23.95

How to Rebuild Corvette Rolling Chassis, 1963-82

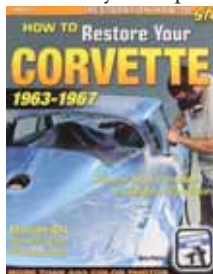

Author George McNicholl illustrates through step-by-step notes and photographs the rebuilding of C2/C3 chassis for daily use. Topics include all the central components: engine, transmission, differential, frame, suspension, brakes, wheels/tires, fuel, exhaust and cooling. A must-read for any enthusiast who wants to enjoy their Corvette from behind the wheel – on the open road!

B-646 Rebuild Corvette Rolling Chassis, 1963-82..... 34.95

How to Restore Your Corvette: 1963-1967

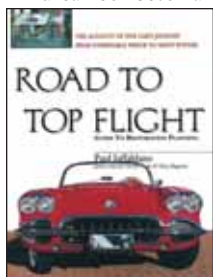

Whether you're planning a home garage resto of your mid-year, or simply want to see how a pro would tackle the job, noted Corvette expert and author Chris Petris has penned the definitive blueprint. This literal guide takes a real-world look at all facets of the restoration process, including engine and driveline, body/paint, interior, suspension, brakes, chassis and steering.

B-710 How to Restore Your Corvette: 1963-1967 29.95

Road to Top Flight

Avid car collector and historian Paul Iaffaldano has written the definitive guide to planning a restoration. This book coaches the reader through the major decisions that culminate in creating a show winner – while chronicling the transformation of a vintage Corvette from undriveable wreck to Top Flight. A must read for anyone thinking of restoring a classic car!

Corvette Sixty Years

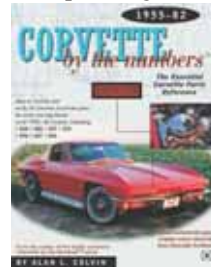

Author Randy Leffingwell looks at six decades of Corvette evolution through a pop culture lens – placing it "in the times" up to and including the milestone 60th Anniversary edition. Using unprecedented access to GM's 30,000+ images to great effect, this in-depth history lesson of America's Sports Car is a visual treasure trove of rare archival photos. Nostalgia never felt so good!

B-686	Corvette Sixty Years	49.95
-------	----------------------------	-------

Corvette by the Numbers™

Incorporating materials from GM archives, author Alan Colvin has

compiled the most authoritative reference available for finding, decoding and verifying the correct part and casting numbers of every engine and drivetrain component for '55-82 Corvettes. Loaded with photographs, blueprints, technical bulletins and build sheets. Also includes information on Delco radios, glass codes and yearly model changes.

B-517	Corvette by the Numbers	59.95

Corvette Black Book Deluxe Edition

A pocket-size fact book brimming with valuable production figures, year-specific facts, RPO descriptions, exterior paint codes, interior choices and more. An absolute must to have along when checking out that "dream" Corvette for purchase! NEW EDITION.

B-400	Corvette Black Book Deluxe Edition	16.95
-------	--	-------

Corvette Paint Color Chips 1963-72

By NCRS member Charles Cotropia, this fold-out pamphlet is the definitive guide to factory exterior paint choices for mid-year Corvettes. Chips are made of actual paint to replicate true color – perfect for evaluating under different types of light. Includes trim tag codes, color production numbers, manufacturer's (refinishing) paint codes and interior trim codes.

B-431	Corvette Paint Color Chips 1963-72	11.95

Corvette 427 – Practical Restoration of a '67 Roadster

Automotive writer and amateur restorer Don Sherman's engaging tale of his two-year journey down the sometimes bumpy road to returning an abused Corvette to showroom condition. Follow along as Sherman chronicles what worked, what didn't work – and what almost worked. Covers every aspect of a ground-up resto, from finding the perfect project car to knowing when to consult the pros.

B-516 Practical Restoration of a '67 Roadster 34.95

Weekend Projects for Your Classic Corvette – 1953-82

This one's for the garage not the library! Geared to do-it-yourself enthusiasts of all skill levels, author Tom Benford offers a year's worth of weekend projects clearly illustrated in "how-to" color photos. Topics include power and handling upgrades, general wear and tear, custom audio, and more. All tasks can be accomplished in a single weekend – with most requiring only basic tools.

B-675 Weekend Projects for Your Classic Corvette 29.95

Body Repair Guides

Be it poor panel fit, seams showing or past collision damage, the fact is most Corvettes exhibit body issues of some sort. Ray J. Shiro shares his 30+ years experience in fiberglass repair in step-by-step CD guides for do-it-yourself enthusiasts and pros alike. Packed with repair/replace photos and illustrations. Volume 1 includes front body, headlight assembly, body seam repair, bonding strips and panel splicing techniques. Volume 2 covers panel and bonding strip removal, reinforcement splicing and body restoration.

B-657 Body Repair CD, 1963-67, Vol. 1: Front-to-Cowl 52.95

B-658 Body Repair CD, 1963-67, Vol. 2: Rear Body 52.95

Corvette Anthology

Tour the illustrious history of the Corvette on your PC! Packed with more content than any book could possibly hold – model year descriptions, option lists, specifications, color choices and more. Includes specialty cars, period literature, print articles and sound effects. GM licensed. Requires Windows 7-newer, XP or Vista. NEW EDITION.

Legendary Corvettes

You don't have to believe that "no Corvette is ordinary" to enjoy this assemblage of eighteen examples that have attained mythic status. Author and enthusiast Randy Leffingwell profiles the earliest surviving production Corvette, the cars that carried Tod and Buz on their *Route 66* adventures, the Grand Sports, the C5-R raced by the Earnhardts, the *Corvette Summer Shark* and more.

B-677 Legendary Corvettes 34.95

The Corvette in the Barn

A "fantasy" collection of true, often amazing, stories and essays about what every enthusiast dreams to find: the lost Corvette. Relive the discovery of unusual and desirable cars of all makes and models, long-forgotten in all manner of locations from barns, to junkyards, to farmer's fields. These are the stories that fuel the imagination!

B-676 The Corvette in the Barn 25.95

The Corvette Factories: Building America's Sports Car

Hard to believe but true: Despite nearly 60 years of production through six distinct generations, the Corvette has been built in just three factories. Author Mike Mueller combines archival photography with current images to present a unique behind-the-scenes look at an icon as it comes to life – one car at a time!

B-644 The Corvette Factories 39.95

Zora Arkus-Duntov – the Legend Behind Corvette

The story of how a gifted engineer bucked bureaucratic backwardness to turn the Corvette into a real sports car – and himself into a legend in the process. Author Jerry Burton takes the reader inside the mind of this remarkable man many call the godfather of the Corvette. Illustrated with never before seen photos, blueprints and archival documents.

B-519 Zora Arkus-Duntov – the Legend 39.95

Corvette From the Inside

The 50-year development history of the Corvette as told by former Chief Engineer Dave McLellan. From his unique inside-GM vantage point, the author was witness to what it took to surmount internal politics, secure corporate resources – and build the best Corvette possible. Includes original sketches from McLellan's personal collection.

Waxes & Sprays

Detail Spray

Perfect for between washes to remove light dust and smudges. Excellent clay bar lubricant.

MG-123	Detail, 16 oz.	12.95
MG-124	Gallon refill.....	44.95

Brilliant Spray Glaze

Takes light reflection to a whole new level! Adds an ultra-high gloss to any surface. Not a wax.

MG-134 Glaze, 16 oz..... 24.95

Buttery Wax

A blend of polymers, resins and natural Carnauba. Delivers knock-out reflection, gloss and depth. Contains no abrasives.

MG-131 Buttery, 16 oz. 19.95

Machine SuperWax

Shiniest shine imaginable! Seals paint and leaves durable gloss. Machine application only. Use clay bar and/or Adam's Fine Machine Polish before applying.

MG-177 SuperWax, 16 oz... 24.95

Polishes

Swirl & Haze Remover

Micro-compounds remove swirls and haze from clearcoat and painted surfaces.

MG-129 Swirl, 16 oz..... 24.95

Revive Fine Hand Polish

Non-abrasive cleaner and shine enhancer restores depth and clarity to paint. Contains no wax or polymer sealants.

MG-127 Revive, 16 oz. 19.95

Fine Machine Polish

Removes minor imperfections and leaves paint with jewel-like finish. Follow with Machine SuperWax for maximum effect.

MG-178 Machine, 16 oz..... 24.95

Metal Polish

One-step "liquid magic" polish is safe for brass, chrome, billet aluminum, stainless and nickel.

MG-209 Metal, 16 oz. 29.95

Clay Bar

Removes stubborn contaminants like paint overspray, tree sap, bugs, brake dust, etc. 200 gram bar will leave the surface of 8-10 vehicles slick and glossy. Use Detail Spray for lubricant.

MG-141 Clay bar 26.95

Towels

Microfiber Drying Towel

Ultra-absorbent waffle weave is a whopping 24"x 36". Dye-free white for softness.

MG-142 Drying towel 14.95

Microfiber Polishing Towel

Ideal for removing polishes and Detail Spray. 16"x 24".

MG-144	Polishing towel.....	7.95
MG-180	Towels, 3-pack.....	19.95

Cleaners

Car Shampoo

Big suds rinse streak-free even in direct sun.

MG-121	Shampoo, 16 oz. ..	9.95
MG-122	Gallon refill.....	34.95

All-Purpose Cleaner

Cuts engine grease, brake dust, tar, bug juice and similar. Use to clean machine buffing pads and microfiber applicator pads.

MG-176 Cleaner, 16 oz. 10.95

Glass Cleaner

No-ammonia formula leaves glass streak free. Safe for tinted windows.

MG-164	Glass, 16 oz.	12.95
MG-165	Gallon refill.....	39.95

Leather/Interior Cleaner

Gentle – but powerful. Deep cleans leather, vinyl and plastic without damaging color.

MG-179 Leather, 16 oz. 14.95

Carpet/Upholstery Cleaner

Non-foaming, yet amazingly makes dirt and stains disappear! Just spray then wipe dry.

MG-138 Carpet, 16 oz..... 10.95

Dressings

Leather Conditioner

UV-blocking. Leaves leather soft and nourished. Rich cream.

MG-133 Leather, 16 oz. 24.95

Vinyl, Rubber & Tire

Preserves and protects vinyl, plastic and rubber. Leaves "dry" satin finish. Rich cream.

MG-125 V.R.T., 16 oz..... 24.95

Undercarriage Spray

Leaves a satin gloss finish that turns chassis parts and wheelwells virtually invisible.

MG-166	Spray, 16 oz.....	12.95
MG-167	Gallon refill.....	39.95

policies & shipping

Zip Products

Policies

"No Hassle" Guarantee

Since 1977, Zip Products has supplied parts and accessories to Corvette enthusiasts the world over. Then as now, packed into every shipment is our unparalleled commitment to customer service. Here at Zip, we believe a happy customer is a repeat customer. If you're not completely satisfied with any product for any reason, we'll promptly refund or exchange any purchase within 30 days. Call during regular business hours and speak to your Zip sales representative for details.

Low Price Guarantee

Zip works hard to make certain our prices are competitive. That said, it's possible you may on occasion find "cheaper" merchandise elsewhere. If it is the *same brand* part or accessory offered for a lower price by another supplier, we'll match their published price. Note price must appear in a current magazine advertisement, Web site or catalog to qualify. Don't sacrifice quality and customer service for the sake of a few dollars – call Zip!

"No Discount"

An (ND) designation beside a part, group of parts or price indicates that "No Discount" is available on that part or group of parts.

Backorders

Over 96% of orders ship complete; however, backorders do occasionally occur. Most ship within 10 business days. For longer delays, our policy is to ship orders up to 30 days old. Past 30 days we'll call for authorization first. If you wish to cancel a backorder, please notify Zip as soon as possible.

Receipt of Order – Shortages

Inspect merchandise immediately upon receipt of order. Notify Zip of any shortages or discrepancies in your order within seven (7) days from shipment date. *No claims allowed after seven (7) days.*

Damaged Parts

All parts shipped are insured for the amount of purchase. Delivery of the products in good condition is the responsibility of the carrier. Should your order arrive damaged or missing merchandise, immediately notify the carrier (UPS, truck freight company, etc.) and Zip. Keep all shipping materials (box, packing, etc.) intact until an inspection can be made by the carrier.

Zip has over 25,000 parts and accessories in stock and ready to ship!
www.zip-corvette.com

Core Refunds

Customers who have purchased a product sold on an exchange basis and had a core deposit applied must return the required rebuildable core within 30 days from the date of shipment. A copy of the original invoice must accompany the return. *Failure to return cores within 30 days may result in a reduction or loss of the core deposit.* Return freight for cores is the responsibility of the customer.

Returns & Exchanges

Zip includes a return form on the back of each invoice for your convenience. If you have questions or concerns regarding a return or exchange, call during regular business hours and speak to your Zip sales representative. *Returns are eligible for one (1) year without a restocking fee.* Return shipping is the responsibility of the customer. *C.O.D. return packages are not accepted.* The customer is responsible for returning parts *in the same condition they were received*, with proper packaging and *insurance* to cover the value of parts being returned. *Canadian and international customers, call for authorization to return parts.*

Sales Tax

Any order being shipped to an address in the state of Virginia must have 5.3% added to the total parts order for sales tax.

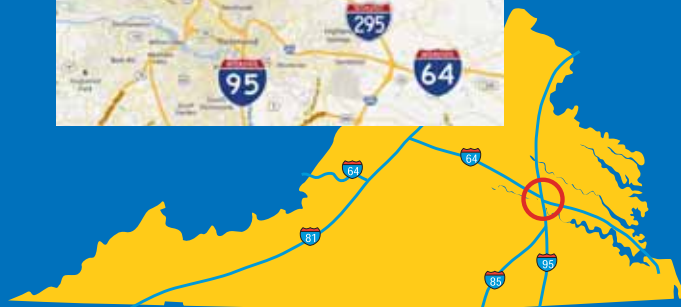

Liability Disclaimer

Zip Products is not responsible for any damage, injury, loss or any other charges, caused by delays or incurred in the replacement of any defective items. Zip's liability is limited to the replacement and the shipping cost of defective items only. Improper installation, damage or injury resulting from the use of items sold by Zip Products are the purchaser's responsibility. Due to changes in the Corvette industry, part numbers, specifications, prices and availability of parts can change. Consequently, there may be times when parts are discontinued or prices increased. Changes may also occasionally occur in our policies and terms. Call Zip during regular business hours for up-to-date information.

In-Store Shopping

Zip strives to have all our parts and accessories available for immediate pick-up at our showroom counter. Call before you come and we'll have your order waiting. Showroom hours are 8:30 a.m. to 5:30 p.m. EST Monday-Friday and 10 to 3 Saturdays.

When traveling in the Richmond, Virginia area, visit Zip Products in Mechanicsville. We're just east of downtown Richmond, and only a quick drive off interstates I-64, I-95 or I-295.

Shipping Information

Zip Delivers!

We're proud that orders placed by 3:00 p.m. EST ship that same day on in-stock items! Packages ship UPS Ground unless otherwise requested or unavailable due to location or size and weight of parts. Expected delivery is 1-6 business days within the continental USA. Please provide complete street address to ensure delivery. Saturdays, Sundays and holidays are not included in UPS delivery times.

UPS Air Services

UPS provides all Air services for Zip Products unless specified by the customer. Available services include Next Day Air, 2nd Day Air, and 3 Day Select. All charges are based on weight or dimensional weight (whichever is greater) and shipment destination. Saturday service is available on Next Day Air shipments only; an additional \$15.00 per box charge will be added to the Next Day Air shipping charge. Saturday service is only available in the continental USA, and some destination restrictions apply. Actual UPS shipping charges are charged for each shipment.

Truck Services

Some parts in our catalog are too large to be shipped by UPS. These parts are noted in the catalog as "truck". Truck shipments are required to be prepaid for the total parts cost plus freight charges by check, money order or credit card. The customer is responsible for being at provided shipping address to accept parts.

Other Shipping Services

Zip Products also uses the services of FedEx and the U.S. Postal Service. Orders must be paid by credit card or prepaid check. Charges vary due to weight and location. All FedEx continental USA services are available. Packages sent through the Post Office are sent First Class Priority.

Handling & Insurance Fees

For protection against loss or damage of your purchase, all shipments are insured. Insurance costs are included in the shipping charge. There is no additional charge for Rush or Express Services to guarantee same day shipment of a package.

Zip International

From single parts to everything needed for a complete restoration, Zip ships Corvette parts the world over. International orders are processed within 24 hours of receipt and delivered via UPS, DB Schenker, the U.S. Postal Service or your own freight forwarder. Please specify shipping method preferred. If not specified, orders will be shipped by the best method as determined by Zip Products. For all international shipping methods except U.S. Postal Service, charges are based on actual weight or dimensional weight according to the size of the entire shipment, whichever is greater. Payment is accepted by credit card, approved check or bank draft. Separate invoices for parts and shipping are created to save on customs fees and duties. Shipping charges do not include any customs or duty fees and may not include brokerage fees. Quotes can be provided for total cost of order, if required due to payment method.

Canada: Orders must include full address with city and province. All orders are shipped UPS Ground or Air unless otherwise specified or UPS is unable to deliver to your location. To better serve our customers, Zip is recognized as being in effect an agent of the Canadian government, a status that allows us to collect all duties, taxes and brokerage fees at the time your order is processed. This arrangement means you know the exact cost to have parts delivered to your door – no hidden costs for your shipments!

Puerto Rico, Hawaii & Alaska: All Puerto Rico and Hawaii orders can be sent UPS Ground, Next Day Air, 2nd Day Air, or through the Post Office. Please specify shipping method preferred. Alaska is divided into two UPS zones: Rural and Metropolitan. Orders to both areas may be sent UPS Ground, 2nd Day Air, or through the Post Office. UPS Next Day Air is available only in Metropolitan areas.

A.P.O., F.P.O.: All orders going to these addresses must be sent by the Post Office.

Virgin Islands, Guam: All orders going to these locations can be shipped via UPS Express or the Post Office. Please specify shipping method preferred.

UPS Mail Orders

Customers within the continental USA placing orders by mail can use the Shipping Chart below to determine shipping amount to add to order. Download order forms at www.zip-corvette.com. Use shipping chart for orders paid by credit card, check or money order being shipped by *UPS Ground*. Total the RETAIL price of parts and add appropriate shipping charge to order total. Shipping Chart does not apply to some parts – please refer to part listing in catalog. Some items are extremely large or heavy and require additional Special Freight Charges (see below).

Special Freight Charges

Items requiring additional Special Freight Charges are marked in the catalog with the designations shown below. When orders include parts with one of these designations, include additional freight amount indicated for the extra shipping expense. Add this amount to applicable shipping amount shown on Shipping Chart.

Catalog items requiring additional Special Freight Charges are noted as follows, call your Zip Products sales representative for details.

Symbol	Special Freight Charge
"(1)"	Add \$ 7.75
"(2)"	Add \$ 12.00
"(3)"	Add \$ 18.00
"(4)"	Add \$ 24.00
"(5)"	Add \$ 30.00
"(6)"	Add \$ 50.00

Shipping & Handling Chart

UPS Ground only. Applicable to orders paid by credit card, check or money order. Includes insurance and handling fees. For orders exceeding \$5,000.00 contact Zip Products for shipping charges.

Meet Zip Products!

It has been said a company's true value is in its people – and never have those words been better illustrated than here at Zip. You'll find under our roof a staff boasting over a hundred years of collective Corvette knowledge, with many having been with us for a decade or longer. Impressive, yes, but the real beneficiary is you: our customer. We're committed to providing the best customer service, best parts and best Corvette experience possible. Every day. See for yourself what "Corvettes are all we do" really means!
